

Full Course Catalogue

Public course-page information in one printable document

234 public courses . Generated 2026-08-12

This PDF gathers the information shown on the public MCAST course catalogue pages, grouped by course and sectioned for easy offline reference.

Included for each course

- Programme title, course code, institute and department.
- MQF/EQF level, duration, attendance mode, credits and work-based learning summary.
- Course description, career opportunities, entry requirements and other public notes.
- Additional public custom sections where these are present on the course page.

Courses included

Applied Research and Innovation Centre

RI7-O02-25 - Master by Research

RI7-O02-25p - Master by Research

RI7-O05-21p - Master in Research Methods

RI7-O08-21p - Postgraduate Certificate in Research Methods

RI7-O08-25p - Postgraduate Certificate in Research Methods

RI8-O01-21p - Professional Research Doctorate (DRes) on the Competitive Behaviour of Small Organizations

Centre for Learning and Employability

LEA-O01-25 - Award in Vocational Skills (Introductory Level A)

LEB-O01-26 - Award in Vocational Skills (Introductory Level B)

LE1-O02-26 - Award in Basic Office Skills

LE1-W03-26 - Award in Basic Retail and Hospitality

LE1-W01-26 - Award in Preparatory Vocational Skills: Learning and Employability

Gozo Campus

LEB-O01-23G - Award in Vocational and Employability Skills (Introductory Level B)

CS2-O01-23G - Foundation Certificate in Community Care Services

GZ2-O01-25G - Foundation Certificate in Engineering Skills

CS2-O02-25G - Foundation Certificate in Hairdressing, Beauty and Well-Being

IT2-O01-23G - Foundation Certificate in ICT

BC3-O01-25G - Diploma in Business

EE3-A01-25G - Diploma in Electrical Installations

CS3-A02-25G - Diploma in Hairdressing

IT3-O01-25G - Diploma in ICT

ME3-A03-25G - Diploma in Mechanical Engineering

CS3-W03-25G - Diploma in Social Care

BC4-A03-23G - Advanced Diploma in Accounting

CS4-W04-26G - Advanced Diploma in Early Years

EE4-A02-23G - Advanced Diploma in Electrical Systems

BC4-A02-24G - Advanced Diploma in Finance and Insurance

AS4-W04-23G - Advanced Diploma in Health Sciences

IT4-A01-23G - Advanced Diploma in IT (Computer Systems and Networks)

IT4-O03-23G - Advanced Diploma in IT (Multimedia Software Development)

IT4-O04-23G - Advanced Diploma in IT (Software Development)

CS4-W02-23G - Advanced Diploma in Social Care

BC7-O01-21G - ACCA Qualification

CS6-W05-23G - Bachelor of Arts (Honours) in Early Years

CS6-W03-23G - Bachelor of Arts (Honours) in Inclusive Education

LEA-O01-25G - Award in Vocational Skills (Introductory Level A)

Institute for the Creative Arts

CA1-O01-23 - Introductory Certificate in the Creative Arts

CA2-O01-25 - Foundation Certificate in the Creative Arts

CA3-O10-25alp+ - ALP+ Extended Diploma in Art and Design

CA3-O09-25alp+ - ALP+ Extended Diploma in Media

CA3-O08-25alp+ - ALP+ Extended Diploma in Performing Arts

CA3-O04-25 - Diploma in Art and Design

CA3-O03-25 - Diploma in Media

CA3-O02-25 - Diploma in Performing Arts

CA4-W05-24 - Advanced Diploma in Art and Design

CA4-A02-23 - Advanced Diploma in Cultural Heritage Skills

CA4-W02-23 - Advanced Diploma in Digital Design

CA4-A01-23 - Advanced Diploma in Fashion and Retail

CA4-W03-23 - Advanced Diploma in Performing Arts

CA4-W04-24 - Advanced Diploma in Photography

CA4-W06-23 - Advanced Diploma in Video Production

CA6-A12-23 - Bachelor in Conservation (Honours)

CA6-O13-24 - Bachelor of Arts (Honours) in Animation

CA6-O01-25 - Bachelor of Arts (Honours) in Creative Media Production

CA6-A01-23 - Bachelor of Arts (Honours) in Fashion

CA6-O02-23 - Bachelor of Arts (Honours) in Fine Art

CA6-O03-23 - Bachelor of Arts (Honours) in Game Art

CA6-O04-23 - Bachelor of Arts (Honours) in Graphic Design

CA6-O05-23 - Bachelor of Arts (Honours) in Interactive Digital Media

CA6-W09-23 - Bachelor of Arts (Honours) in Journalism

CA6-W10-23 - Bachelor of Arts (Honours) in Performing Arts

CA6-O06-23 - Bachelor of Arts (Honours) in Photography

CA6-O07-24 - Bachelor of Arts (Honours) in Product Design

CA6-O08-24 - Bachelor of Arts (Honours) in Spatial Design

CA7-O13-23 - Master in Creative Media and Enterprise

CA7-O14-25 - Master of Arts in Creative Expression

CA7-O11-24 - Master of Arts in Product Design

Institute for the Trades

TR1-O03-25 - Certificate in Precious Metalwork

TR1-O04-25 - Certificate in Textile Techniques

TR1-O05-23 - Introductory Certificate in Trade Skills

TR2-O04-26 - Certificate in Metalworks and Fabrication

TR2-O03-26 - Certificate in Precious Metalworks, Modelling and Design

TR2-O02-26 - Certificate in Textile Techniques and Design

TR2-O01-25 - Certificate in Trowel Trades

TR3-O01-26 - Diploma in Trowel Trades and Masonry Skills

Institute of Applied Sciences

AG1-O01-23 - Introductory Certificate in Animal Husbandry and Horticultural Skills

AS1-O01-23 - Introductory Certificate in Applied Science

AS2-O01-23 - Foundation Certificate in Applied Science

AG2-O01-23 - Foundation Certificate in Horticulture and Animal Care

AG3-O09-25alp+ - ALP+ Extended Diploma in Animal Care

AG3-O08-25alp+ - ALP+ Extended Diploma in Fish Husbandry

AG3-O07-25alp+ - ALP+ Extended Diploma in Horticulture

AG3-O01-25 - Diploma in Animal Care

AS3-O01-25 - Diploma in Applied Science

AG3-O02-25 - Diploma in Fish Husbandry

AG3-O03-25 - Diploma in Horticulture

AS4-W06-23 - Advanced Diploma for Dental Surgery Assistants

AS4-A04-25 - Advanced Diploma for Emergency Ambulance Responders

AS4-W05-23 - Advanced Diploma for Pharmacy Technician

AG4-W01-23 - Advanced Diploma in Animal Management and Veterinary Nursing

AS4-A02-23 - Advanced Diploma in Applied Science

AS4-W07-23 - Advanced Diploma in Decontamination Science

AS4-W03-23 - Advanced Diploma in Environmental Sustainability

AG4-W04-26 - Advanced Diploma in Farriery and Animal Care

AG4-W02-23 - Advanced Diploma in Fish Management

AS4-A01-23 - Advanced Diploma in Food Technology

AS4-W04-23 - Advanced Diploma in Health Sciences

AG4-W03-23 - Advanced Diploma in Horticulture

AS4-W08-23 - Advanced Diploma in Phlebotomy

AG6-W01-25 - Bachelor of Science (Honours) in Animal management and Veterinary Nursing

AS6-W01-23 - Bachelor of Science (Honours) in Chemical Technology

AS6-W05-23 - Bachelor of Science (Honours) in Environmental Health

AS6-W02-23 - Bachelor of Science (Honours) in Environmental Science and Sustainable Technologies

AG6-W03-23 - Bachelor of Science (Honours) in Fisheries and Aquaculture

AS6-W03-23 - Bachelor of Science (Honours) in Health Sciences (Physiological Measurements)

AG6-W02-23 - Bachelor of Science (Honours) in Horticulture

AS6-W04-23 - Bachelor of Science (Honours) in Nursing

AS7-O11-23 - Master of Science in Applied Environmental Science (General)

AS7-O12-23 - Master of Science in Environmental and Water Resource Management

AS7-O13-23 - Master of Science in Environmental Resource Management

AS7-O14-23 - Master of Science in Urban Environmental Science Management

AG7-W01-26 - Master of Science in Veterinary Medicine

Institute of Business Management and Commerce

BC1-O01-24 - Introductory Certificate in Business

BC2-O01-24 - Foundation Certificate in Business

BC3-O04-25alp+ - ALP+ Extended Diploma in Business

BC3-O01-25 - Diploma in Business

BC4-A03-23 - Advanced Diploma in Accounting

BC4-A01-24 - Advanced Diploma in Business and Administration

BC4-A02-24 - Advanced Diploma in Finance and Insurance

BC4-A05-23 - Advanced Diploma in Marketing

BC7-O01-21 - ACCA Qualification

BC6-W01-24 - Bachelor of Arts (honours) in Business Enterprise

BC6-W03-23 - Bachelor of Arts (honours) in Procurement and Finance

BC6-W02-24 - Bachelor of Science (Honours) in Financial Services

BC7-O14-24 - Master in Business Administration (MBA)

Institute of Community Services

CS1-O01-23 - Introductory Certificate in Community Care Services

CS1-O02-23 - Introductory Certificate in Hairdressing

CS2-O01-23 - Foundation Certificate in Community Care Services

CS2-O02-25 - Foundation Certificate in Hairdressing, Beauty and Well-Being

CS2-O03-25 - Foundation Certificate in Sport

CS3-W09-25alp+ - ALP+ Extended Diploma in Beauty Specialists

CS3-A11-25alp+ - ALP+ Extended Diploma in Hairdressing

CS3-W08-25alp+ - ALP+ Extended Diploma in Social Care

CS3-W07-25alp+ - ALP+ Extended Diploma in Sport

CS3-W01-25 - Diploma for Beauty Specialists

CS3-O16-25 - Diploma in Disciplinary Forces, Safety and Protection

CS3-W06-25 - Diploma in Early Years

CS3-A02-25 - Diploma in Hairdressing

CS3-W03-25 - Diploma in Social Care

CS3-W04-25 - Diploma in Sport

CS4-W01-23 - Advanced Diploma in Beauty and Complementary Therapies

CS4-W04-26 - Advanced Diploma in Early Years

CS4-A05-23 - Advanced Diploma in Hairdressing

CS4-W02-23 - Advanced Diploma in Social Care

CS4-W03-23 - Advanced Diploma in Sport (Development, Coaching and Fitness)

CS4-O22-25 - Certificate in Disciplinary Forces, Safety and Protection

CS6-W05-23 - Bachelor of Arts (Honours) in Early Years

CS6-W03-23 - Bachelor of Arts (Honours) in Inclusive Education

CS6-W01-25 - Bachelor of Arts (Honours) in Social Care Management

CS6-A06-24 - Bachelor of Arts (Honours) in Social Work

CS6-W02-23 - Bachelor of Science (Honours) in Sport, Exercise and Health

CS7-W12-23 - Master in Applied Inclusive Practices

CS7-O11-22 - Master in Social Care Practice

CS7-O10-25 - Master of Science in Exercise and Sports Science

Institute of Engineering and Transport

AE2-W21-24 - Award in Basic Aviation Maintenance

ET2-O03-26 - Foundation Certificate in Aviation and Maritime Skills

ET2-O02-23 - Foundation Certificate in Construction Engineering

ET2-O01-23 - Foundation Certificate in Engineering

MV3-A07-25alp+ - ALP+ Extended Diploma in Automotive Repair (Body and Paint)

CE3-A09-25alp+ - ALP+ Extended Diploma in Construction Engineering

EE3-A09-25alp+ - ALP+ Extended Diploma in Electrical Installations

EE3-A08-25alp+ - ALP+ Extended Diploma in Engineering (Electronics)

BL3-A07-25alp+ - ALP+ Extended Diploma in Heating, Ventilation and Air Conditioning

BL3-A09-25alp+ - ALP+ Extended Diploma in Joinery and Furniture Making

MV3-A09-25alp+ - ALP+ Extended Diploma in Light Vehicle Servicing

CE3-A08-25alp+ - ALP+ Extended Diploma in Masonry Heritage Skills (Sewwej)

ME3-A09-25alp+ - ALP+ Extended Diploma in Mechanical Engineering

BL3-A08-25alp+ - ALP+ Extended Diploma in Welding and Fabrication

AE3-A26-26 - Diploma in Aerospace Maintenance

AE3-W24-24 - Diploma in Aircraft Systems Maintenance

MV3-A01-25 - Diploma in Automotive Repair (Body and Paint)

AE3-A25-25 - Diploma in Aviation, Flight and Cabin Operations

CE3-A02-25 - Diploma in Construction Engineering

MS3-O01-25 - Diploma in Deck Operations

EE3-A01-25 - Diploma in Electrical Installations

EE3-A02-25 - Diploma in Engineering (Electronics)

BL3-A03-25 - Diploma in Heating, Ventilation and Air-Conditioning

BL3-A04-25 - Diploma in Joinery and Furniture Making

MV3-A02-25 - Diploma in Light Vehicle Servicing

ME3-A03-25 - Diploma in Mechanical Engineering

BL3-A08-25 - Diploma in Welding and Fabrication

AE4-A24-26 - Advanced Diploma in Aerospace Structures and Composite Repairs

AE4-A03-24 - Advanced Diploma in Aircraft Maintenance (Aeroplanes - Turbine Engines)

AE4-A04-24 - Advanced Diploma in Aircraft Maintenance (Avionics)

AE4-A06-24 - Advanced Diploma in Aviation, Flight and Cabin Operations

MS4-O01-23 - Advanced Diploma in Deck Operations (also leading to OIC Navigational Watch)

CE4-A20-26 - Advanced Diploma in Draughtsmanship

EE4-A02-23 - Advanced Diploma in Electrical Systems

BL4-A01-23 - Advanced Diploma in Heating, Ventilation and Air Conditioning

EE4-A20-23 - Advanced Diploma in Industrial Electronics with specialisation options in: - Computer Technology - Biomedical Technology - Telecommunications Technology - Control Technology - Electrical Power Technology or - Electronic Circuit Manufacturing

CE4-A22-26 - Advanced Diploma in Land Surveying

MV4-A07-23 - Advanced Diploma in Light Vehicle Maintenance

ME4-A08-23 - Advanced Diploma in Manufacturing

MS4-A04-23 - Advanced Diploma in Marine Engineering

CE4-A03-25 - Advanced Diploma in Masonry Heritage Skills (Mastru)

ME4-A05-23 - Advanced Diploma in Operations and Maintenance

CE4-A23-26 - Advanced Diploma in Quantity Surveying

EE4-A09-23 - Advanced Diploma in Robotics, Drone Technology, Automation and Artificial Intelligence

AE4-A22-24 - Advanced Diploma in Transportation, Logistics and Supply Chain Management

BL4-A05-23 - Advanced Diploma in Welding and Fabrication

CE5-O01-26 - Higher Diploma in Masonry Heritage Skills (Kapumastru)

AE5-O14-25 - Higher Diploma in Transportation, Logistics and Supply Chain Management

MV5-O01-25 - Undergraduate Diploma in Auto Electronics and Electrical Technology

EE5-O01-21 - Undergraduate Diploma in Foundations of Engineering

CE5-O03-23 - Undergraduate Diploma in Foundations of Engineering (Construction)

CE5-O02-23 - Undergraduate Diploma in Occupational Health and Safety

AE6-O01-26 - Bachelor of Arts (Honours) in Aviation and Airport Management

EE6-O07-23 - Bachelor of Engineering (Honours) in Electronics Engineering

ME6-W02-25 - Bachelor of Engineering (Honours) in Mechanical Engineering (Manufacturing)

ME6-W03-25 - Bachelor of Engineering (Honours) in Mechanical Engineering (Plant)

CE6-O03-25 - Bachelor of Science (Honours) Civil & Structural Engineering

MS6-W01-23 - Bachelor of Science (Honours) in Marine Engineering

CE6-O04-23 - Bachelor of Science (Honours) in Quantity Surveying

AE7-O01-21 - Master of Science in Aerospace Engineering

CE7-O13-21 - Master of Science in High Performance Buildings

ME7-O01-21 - Master of Science in Mechanical Engineering and Sustainable Technology

EE7-O01-21 - Master of Science in Mechatronics

MS-O02-21 - Chief Mate

Institute of Information and Communication Technology

IT1-O01-23 - Introductory Certificate in IT

IT2-O01-23 - Foundation Certificate in ICT

IT3-O09-25alp+ - ALP+ Extended Diploma in ICT

IT3-O01-25 - Diploma in ICT

IT3-O02-25 - Diploma in iGaming

IT4-A01-23 - Advanced Diploma in IT (Computer Systems and Networks)

IT4-A05-23 - Advanced diploma in IT (IGaming)

IT4-O03-23 - Advanced Diploma in IT (Multimedia Software Development)

IT4-O04-23 - Advanced Diploma in IT (Software Development)

IT6-A08-23 - Bachelor of Science (Honours) in Applied Data Sciences

IT6-A01-23 - Bachelor of Science (Honours) in Computer Systems and Networks

IT6-A03-23 - Bachelor of Science (Honours) in Creative Computing

IT6-A07-23 - Bachelor of Science (Honours) in Cybersecurity

IT6-A04-23 - Bachelor of Science (Honours) in Digital Games Development

IT6-A02-23 - Bachelor of Science (Honours) in Software Development

IT7-O06-24 - Master of Science in Artificial Intelligence Technologies and Applications

IT7-O14-24 - Master of Science in Computing and Emerging Technologies

Award in Vocational Skills (Introductory Level A)

LEA-O01-25 . Centre for Learning and Employability

At a glance

MQF / EQF Level:	Introductory Level A
Duration:	1 Year . Full-Time
ECTS Credits:	30 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The Award in Vocational Skills (Introductory Level A) supports students with learning disabilities / learning difficulties to acquire the skills required to gain and maintain employment or to further their education. Students are trained in one of the following vocational areas: Hospitality and Retail, Office and Digital Skills. They are also assessed in Key Skills which include Maltese, English, Mathematics, PSHE, IT, Creative Self-Expression, and Daily Living and Community Skills and Customer Care and Employability skills. A work placement experience within the College is also provided according to the vocational area being studied. Before enrolling in the programme, students are required to attend an induction session to assess the suitability of the course and identify the vocational area according to their abilities.

Career Opportunities

-

Entry Requirements

Finished Compulsory Education.... as evidence through documents including a complete School Leaving Certificate / SSC&P / SSQ&P. A recent psychological report (issued no more than 3 years before the date of application) and school reports including the last Individual Education Plan (IEP). Adapt to both class-based and community-based learning - to be ascertained through an induction session at MCAST, attendance for which is compulsory.

Other notes related to this programme

Applicants will be asked to sit for an Interview, following the outcome of which, eligibility for the course will be ascertained or otherwise

Award in Vocational and Employability Skills (Introductory Level B)

LEB-O01-23G . Gozo Campus

At a glance

MQF / EQF Level:	Introductory Level B
Duration:	1 Year . Full-Time
ECTS Credits:	30 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The Award in Vocational and Employability Skills (Introductory Level B) is a programme of study following the MCAST Award in Vocational and Employability Skills (Introductory Level A) that helps students with learning disabilities / learning difficulties consolidate the skills necessary to gain and maintain employment or to further their education. Students will have the opportunity to further their studies in a number of vocational areas, namely Hospitality, Office and Digital Skills. They will also focus on Key Skills which include Maltese, English, Mathematics, PSHE, IT, and Daily Living and Community Skills. A work placement experience in industry is also provided.

Career Opportunities

- Housekeeping Assistant,
- Kitchen Hand,
- Factory Hand,
- Laundry Worker
- Clerical - Office Assistant,
- Library Assistant

Entry Requirements

MCAST Award in Vocational Skills (Introductory Level A). Adapt to both class-based and community based learning
- to be ascertained through the previous year.

Other notes related to this programme

-

Award in Vocational Skills (Introductory Level B)

LEB-001-26 . Centre for Learning and Employability

At a glance

MQF / EQF Level:	Introductory Level B
Duration:	1 Year . Full-Time
ECTS Credits:	30 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The Award in Vocational Skills (Introductory Level B) is designed to support students with learning disabilities or difficulties in developing the skills needed to become more independent members of society. It also introduces them to the world of work by providing essential employability skills. Students explore the area of office work in industry together with choosing between Retail or Hospitality vocational area. In addition, they develop fundamental transversal skills, such as numeracy, digital literacy, social and communication abilities, daily living skills, and more. The programme also includes job exposure and work placement experience within industry.

Career Opportunities

- Housekeeping Assistant,
- Kitchen Hand,
- Factory Hand,
- Laundry Worker
- Clerical - Office Assistant,
- Library Assistant

Entry Requirements

ONLY via Internal Progression Route....

- MCAST Award in Vocational Skills (Introductory Level A).

Adapt to both class-based and community based learning - to be ascertained through the trajectory of the Into A course.

Other notes related to this programme

Not Applicable

Award in Basic Office Skills

LE1-O02-26 . Centre for Learning and Employability

At a glance

MQF / EQF Level:	Level 1
Duration:	1 Year . Full-Time
ECTS Credits:	30 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This programme provides the learners with a hands-on experience to gain the basic skills required to work in an office environment. Learners need to have a genuine interest to work in posts related to basic customer care and office work. The course tackles both the use of basic office equipment as well as the soft skills required to be able to behave in an appropriate manner in an office environment.

Career Opportunities

- Assistant in Office environment

Entry Requirements

Finished Compulsory Education, documented by the SSC&P (Secondary School Certificate and Profile). Applicants are required to present a recent psychological report (issued no more than 3 years before date of application) and school reports including most recent Individual Education Plan (IEP). Adapt to both class-based and community-based learning - to be ascertained through an induction session at MCAST, attendance for which is compulsory

Other notes related to this programme

Applicants will be asked to sit for an interview, following the outcome of which eligibility for the course, will be ascertained or otherwise

Award in Basic Retail and Hospitality

LE1-W03-26 . Centre for Learning and Employability

At a glance

MQF / EQF Level:	Level 1
Duration:	1 Year . Full-Time
ECTS Credits:	38 ECTS Credits
Work Based Learning:	Placement / Internship

Course Description

Through this award programme, learners will start to become familiar with the hospitality industry, as well as have the opportunity to identify such industries, locally and abroad. Different roles and duties found within the hospitality industry will be explored, as will be the understanding of the hierarchy and responsibility one would have to deal with in such roles. Learners will also discuss and understand the importance of hygiene at work, including personal hygiene, as well as the importance of keeping safe and working in a safe and healthy environment. This would also include being ethical and using adequate etiquette.

Career Opportunities

- Assistant in Kitchen,
- Assistant in Restaurant,
- Assistant in Housekeeping

Entry Requirements

Finished Compulsory Education, documented by the SSC&P (Secondary School Certificate and Profile). Applicants are required to present a recent psychological report (issued no more than 3 years before date of application) and school reports including most recent Individual Education Plan (IEP). Adapt to both class-based and community-based learning - to be ascertained through an induction session at MCAST, attendance for which is compulsory

Other notes related to this programme

Applicants will be asked to sit for an interview, following the outcome of which, eligibility for the course will be ascertained or otherwise

Award in Preparatory Vocational Skills: Learning and Employability

LE1-W01-26 . Centre for Learning and Employability

At a glance

MQF / EQF Level:	Level 1
Duration:	1 Year . Full-Time
ECTS Credits:	39 ECTS Credits
Work Based Learning:	Placement / Internship

Course Description

The Award in Preparatory Vocational Skills: Learning and Employability has been designed as a vocational, entry-level qualification aimed at learners who require structured preparation before progressing to further vocational education, training, or supported employment. The programme responds to the needs of individuals who may have had limited engagement with formal education or who require the development of foundational learning, social, and employability skills within a practical and supportive learning environment. The programme is aimed at students with learning and intellectual difficulties who need support and more transition before proceeding into mainstream education and/or employment. At MQF Level 1, learners are expected to develop basic knowledge and skills, perform simple tasks under direct supervision, and begin to take responsibility for their own learning and actions. This programme has been specifically structured to align with these descriptors by emphasising hands-on learning, routine-based tasks, and supported practice.

Career Opportunities

- Office work in companies and/or public entities
- Retail work in shops or companies
- Basic work in the hospitality industry

Entry Requirements

Finished Compulsory Education, documented by the SSC&P (Secondary School Certificate and Profile). Applicants are required to present a recent psychological report (issued no more than 3 years before date of application) and school reports including most recent Individual Education Plan (IEP). Adapt to both class-based and community-based learning - to be ascertained through an induction session at MCAST, attendance for which is compulsory

Other notes related to this programme

Applicants will be asked to sit for an interview, following the outcome of which, eligibility for the course will be ascertained or otherwise

Certificate in Precious Metalwork

TR1-O03-25 . Institute for the Trades

At a glance

MQF / EQF Level:	Level 1
Duration:	1 Year . Full-time
ECTS Credits:	40 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This programme of study aims to provide the learner with basic skills and practice in the trades of precious metals such as silver and gold smithing, gilding and filigree. The programme will be taught through a hands-on approach in a workshop and industrial setting with the aim of providing the student with both practice and applied theory. Students will have the opportunity to practice their skills through project-based learning related to the area of trade.

Career Opportunities

-

Entry Requirements

Finished Compulsory Education AND Complete a Pre-Training Proficiency Review, which will be administered by MCAST and for which applicant must attend at the scheduled appointment.

Other notes related to this programme

Not Applicable

Certificate in Textile Techniques

TR1-O04-25 . Institute for the Trades

At a glance

MQF / EQF Level:	Level 1
Duration:	1 Year . Full-time
ECTS Credits:	40 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This programme of study aims to provide the learner with basic skills and practice in the trades of textiles and needle techniques such as weaving, embroidery, sewing and lace-making. The programme will be taught through a hands-on approach in a workshop and industrial setting with the aim of providing the student with both practice and applied theory. Students will have the opportunity to practice their skills through project-based learning related to the area of trade.

Career Opportunities

-

Entry Requirements

Finished Compulsory Education AND Complete a Pre-Training Proficiency Review, which will be administered by MCAST and for which applicant must attend at the scheduled appointment.

Introductory Certificate in Animal Husbandry and Horticultural Skills

AG1-O01-23 . Institute of Applied Sciences . Centre for Agriculture, Aquatics, and Animal Sciences

At a glance

MQF / EQF Level:	Level 1
Duration:	1 Year . Full-Time
ECTS Credits:	40 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This basic programme of study equips learners with a range of skills, enabling them to begin to understand what various land-based animal and crop activities involve. The learner will have the opportunity to handle a variety of farm animals as well as work on crop fields and fruit trees. This course of study includes topics about soil management, establishing crops, animal management, livestock nutrition and farm maintenance. Learners will have the opportunity to feed various animals such as rabbits and poultry, incubate eggs and hatch chicks whilst gaining the required hands-on experience in the horticulture and animal husbandry sector.

Career Opportunities

-

Entry Requirements

Finished Compulsory Education (as will be documented by a full, official School Leaving Certificate / SSCP / SSQP) Initial Assessment Tests (depending on eligibility and applicability) (further / updated information regarding IATs can be found amongst the FAQs in <https://mcast.edu.mt/important-information/>)

Other notes related to this programme

Not Applicable

Introductory Certificate in Applied Science

AS1-O01-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 1
Duration:	1 Year . Full-Time
ECTS Credits:	40 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This programme of study aims to provide the learner with the basic knowledge of science and technology and how these apply to everyday life. The study units deal with the different disciplines of science, hence giving the learner an overview of all the main scientific concepts necessary as a basis for further vocational studies within the science sector.

Career Opportunities

-

Entry Requirements

Finished Compulsory Education (as will be documented by a full, official School Leaving Certificate / SSCP / SSQP) Initial Assessment Tests (as may be applicable) (further / updated information regarding IATs can be found amongst the FAQs in <https://mcast.edu.mt/important-information/>)

Introductory Certificate in Community Care Services

CS1-O01-23 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 1
Duration:	1 Year . Full-Time
ECTS Credits:	40 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This programme of studies is an ideal start to a career in Social Care or Early Years or Sports Security Enforcement and Protection for those learners who have just finished their compulsory education with minimum certification. This one-year full-time programme does not qualify the learner to work in the sector. However, the vocational and key skills modules which make up the course specifications will help the learner to progress to higher levels of study. The course includes both practical and theoretical lectures which cover the basics of social care including basic nutrition, interpersonal communication with different service-users, integrity, dignity, and anti-discrimination.

At a glance

MQF / EQF Level:	Level 1
Duration:	1 Year . Full-Time
ECTS Credits:	40 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This programme of studies is an ideal start for learners who have concluded their compulsory education with minimum certification and wish to embark on a career in the hairdressing industry. This programme of studies introduces the learner to hairdressing modules. This programme will cover the different types of equipment and products typically found in hairdressing salons, customer care services, communication skills, professional attitudes, window-dressing, personal appearance and care. The study units incorporate basic theoretical aspects of hairdressing as well as practical sessions. Learners are also given the opportunity to strengthen their key skills subjects which are delivered in a way that helps render the vocational units more relevant to the learners. Learners are required to purchase the necessary hairdressing and beauty accessories at the beginning of the academic year.

Introductory Certificate in IT

IT1-O01-23 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 1
Duration:	1 Year . Full-Time
ECTS Credits:	40 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The ICT industry is a dynamic sector which requires a number of technical people to cope with the constantly evolving computing technologies. IT persons offer support in these technologies and help other IT specialists in their daily job. The Introductory Certificate in ICT offers knowledge in basic skills as well as knowledge in the fundamentals of computer systems and programming skills. The programme offers learners the necessary knowledge about the basic components that make up a computer system by being able to distinguish the different parts of a computer system, as well as learn about the software design phases and how to install hardware. Skills will be developed in how to design simple algorithms and simple computer programmes.

Course Description

The Foundation Certificate in Aviation and Maritime Skills is a one-year MQF Level 2 programme designed to provide learners with a broad introduction to the aviation and maritime sectors. The course combines practical, hands-on learning with essential theoretical knowledge to help students develop basic skills, safety awareness, and an understanding of industry practices within these fields. Throughout the programme, learners will explore key areas such as navigation, routine maintenance, safety procedures, teamwork, and professional conduct. The course also supports the development of key competences in communication, numeracy, digital literacy, and personal development through a set of core key skills units. This programme is ideal for learners who have completed compulsory education and wish to gain foundational knowledge and skills before progressing to further vocational studies or entry-level roles within the aviation and maritime industries. It provides a solid platform for informed career choices while fostering responsibility, discipline, and awareness of real-world working environments.

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-Time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to working with and handling farm animals and pets. This course focuses on the knowledge and skills required for eventual employment at assistant technician level in the animal care sector. The combination of practical experience and theoretical knowledge gained by successfully completing the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. This programme of study offers an introduction to working with and handling farm animals and pets, and provides the necessary related hands-on experience. It provides the practical skills and background knowledge required to form a solid foundation in animal care. The learner will have the opportunity to acquire knowledge on various habitat designs that can be used as accommodation for farm and pet animals, and study feeding procedures and how to identify and solve animal health problems. A learner who opts for this programme of study will be expected to attend scheduled husbandry duties which form part of this course. This practical experience, coupled with motivation and responsibility, will back up the theoretical knowledge gained during lectures.

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics and an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme

Other notes related to this programme

No other entry routes are considered for this specific programme of studies (Maturity Clause application is not applicable for this programme). An applicant who does not have the ALP School Leaving Certificate, may wish to have a look at a Level 3 programme in the same thematic area within the same Institute.

ALP+ Extended Diploma in Art and Design

CA3-O10-25alp+ . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to art and design. The combination of practical experience and theory provided in the course, will equip learners with the knowledge and skills to access the labour market, or continue their studies at MQF level 4 at MCAST. This programme gives learners the opportunity to explore two different areas, those of Art and Design. Learners are encouraged to experiment with different media, resistant and non-resistant materials used in the generic disciplines of art, 3D design (product and spatial) and fashion. Learners learn skills using different workshops and related tools and technology, as well as learn the theoretical aspects of various specialist areas, with awareness of health and safety. Another important aspect of the course is the development of the learners' communication skills.

Career Opportunities

- Assistant in an Art Studio,
- Assistant in the Crafts Sectors of Stone Works,
- Woodworking Production,
- Ceramics,
- Jewellery,
- Textiles or Fashion

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics and an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme

Other notes related to this programme

Applicants may be asked to sit for an Interview and/or present a Portfolio. Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics and an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme - as clearly documented on the ALP School Leaving Certificate.

ALP+ Extended Diploma in Automotive Repair (Body and Paint)

MV3-A07-25alp+ . Institute of Engineering and Transport . Land Transport Department

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Apprenticeship

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to automotive repair. This course focuses on the knowledge and skills required for eventual employment at assistant technician level in the automotive sector. The combination of practical experience and theoretical knowledge gained by successfully completing the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. This programme is intended for learners with or without knowledge and experience of the automotive industry. Learners will learn how to work on vehicle accident repair tasks on body work under minimal supervision. The course will also provide the learners with the skills required to carry out paint repairs to the manufacturers' specifications. They will thus gain a combination of theoretical knowledge and practical skills in automotive accident repair (panel beating) together with body paint principles. Learners will be expected to carry out effective housekeeping practices to work effectively within the automotive industry. They will also learn how to work safely when carrying out removal and replacement of exterior vehicle panels and paint jobs. Learners will also be expected to improve their knowledge of key skills subjects such as Mathematics, English, Maltese, and Information Technology.

Career Opportunities

-

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics and an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme. Applicants must present an official document, showing a positive clearance following a Colour Vision Assessment / Test.

Other notes related to this programme

When submitting online application for this course, a scan of the original and official Colour Vision Test result needs to be uploaded together with all other documentation required.

ALP+ Extended Diploma in Beauty Specialists

CS3-W09-25alp+ . Institute of Community Services

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-Time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Placement / Internship

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to beauty and complementary therapies. This course focuses on the knowledge and skills required for eventual employment at beauty specialist level in the beauty sector. The combination of practical experience and theoretical knowledge gained by successfully completing the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. This programme of studies offers learners the possibility to seek employment in salons as Beauty Specialists. Alternatively, learners who complete successfully this full-time course may wish to consider furthering their studies by progressing to the Level 4 Advanced Diploma programme in Beauty and Complementary Therapies. Learners are taught how to develop and carry out individual treatment plans based on the specific requirements of each client. The programme of studies offers instruction on several treatments that include skin care, manicure and pedicure, depilation, nails, make-up services, eyebrow and eyelash treatments. Other modules relate to health and safety practices in the salon and business aspects including business plans, effective communication skills and proper conduct with clients. Learners are required to purchase the necessary hairdressing and beauty accessories at the beginning of the academic year.

Career Opportunities

Beauty Specialist, Sales Representative for Beauty Products

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics TOGETHER WITH an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme - as clearly documented by the official ALP School Leaving Certificate / SSQP

Other notes related to this programme

No other entry routes are considered for this specific programme of studies (Maturity Clause application is not applicable for this programme). An applicant who does not have the ALP School Leaving Certificate, may wish to have a look at a Level 3 programme in the same thematic area within the same Institute.

ALP+ Extended Diploma in Business

BC3-O04-25alp+ . Institute of Business Management and Commerce

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-time
ECTS Credits:	36 ECTS credits at MQF level 2 and 60 ECTS credits at MQF level 3
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to different areas of business. This course focuses on the knowledge and skills required for eventual employment at assistant technician level in the business sector. The combination of practical experience and theoretical knowledge gained by successfully completing the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. This programme is aimed at preparing learners to further their studies in different areas of business. The course aims to allow learners to improve in the areas of written and spoken English and Maltese as well as in their Mathematical and IT skills. The course however also goes into more detail, while starting from the very basics of different business areas and functions such as Accounts, Human Resources, Marketing, Purchasing, and others. This generic background allows the students to bring their academic level up to scratch, while acquiring enough knowledge about the different business areas to be able to progress onto further studies.

Career Opportunities

- Clerical Assistant,
- Shop Cashier

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics and an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme - as clearly documented on the ALP School Leaving Certificate.

Other notes related to this programme

No other entry routes are considered for this specific programme of studies (Maturity Clause application is not applicable for this programme). An applicant who does not have the ALP School Leaving Certificate, may wish to have a look at a Level 3 programme in the same thematic area within the same Institute.

ALP+ Extended Diploma in Construction Engineering

CE3-A09-25alp+ . Institute of Engineering and Transport . Construction Engineering Department

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Apprenticeship

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to construction. This course focuses on the knowledge and skills required for eventual employment at assistant technician level in the construction engineering sector. The combination of practical experience and theoretical knowledge gained by successfully completing the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. This course consists of College-based training on various skills related to the building and construction industry. It enables the learners to work in the sector or to continue their studies in related vocational areas, including Construction, Civil Engineering or Building Services. During this course of study learners will be introduced to different types of technical drawings used in the construction industry. They learn how to apply construction drawing standards and conventions to produce sketches and professional working drawings. This course also provides learners with the opportunity to further develop their knowledge of key skills subjects such as Mathematics, Science, English, Maltese, and Information Technology.

Career Opportunities

- Assistant Draughtsperson,
- Assistant Land Surveyor

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics and an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme

Other notes related to this programme

No other entry routes are considered for this specific programme of studies (Maturity Clause application is not applicable for this programme). An applicant who does not have the ALP School Leaving Certificate, may wish to have a look at a Level 3 programme in the same thematic area within the same Institute.

ALP+ Extended Diploma in Electrical Installations

EE3-A09-25alp+ . Institute of Engineering and Transport . Electrical and Electronics Department

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Apprenticeship

Course Description

This course with its various strands is particularly aimed at students who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education. The ALP+ programme is designed in a way that enables students to focus on a vocational area at MQF Level 3. It will provide the knowledge and skills required by the students for eventual employment at assistant technician level in various labour market sectors related to engineering, agribusiness, community services, creative arts, ICT and business. The programme combines basic skills training at both MQF Level 2 and MQF Level 3 with vocational studies at MQF Level 3, providing theoretical and practical education and training with a combination of classroom based lectures, laboratory and workshop sessions, onsite practices and possibly work based learning opportunities. On successful completion of the two-year course students will be able to access the labour market or else to continue with their studies at MCAST by following an Advanced Diploma at MQF Level 4 in their preferred area of study.

Career Opportunities

- Assistant Electrician,
- Assistant Technician,
- Machine Operator

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics and an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme. Applicants must present an official document, showing a positive clearance following a Colour Vision Assessment / Test, as approved by REWS as the Regulatory Authority in this area.

Other notes related to this programme

When submitting online application for this course, a scan of the original and official Colour Vision Test result needs to be uploaded together with all other documentation required. No other entry routes are considered for this specific programme of studies (Maturity Clause application is not applicable for this programme). An applicant who does not have the ALP School Leaving Certificate, may wish to have a look at a Level 3 programme in the same thematic area within the same Institute.

ALP+ Extended Diploma in Fish Husbandry

AG3-O08-25alp+ . Institute of Applied Sciences . Centre for Agriculture, Aquatics, and Animal Sciences

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-Time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to fish farming and aquatics industries. This course focuses on the knowledge and skills required for eventual employment at assistant technician level in the fish husbandry sector. The combination of practical experience and theoretical knowledge gained by successfully completing the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. This programme of study introduces the learner to the basics of fish husbandry and provides the knowledge and skills required by the learner for eventual employment in related industries such as the fish farming and aquatics industries. Being the only course in Malta that is solely dedicated to fish husbandry, this programme offers an excellent opportunity for employment in this industry, which has now become an important economic sector in the Maltese Islands. The learner will develop the knowledge and practical skills needed, provided that one attends all the practical sessions which are vital to enhance the theoretical knowledge gained during lectures.

ALP+ Extended Diploma in Light Vehicle Servicing

MV3-A09-25alp+ . Institute of Engineering and Transport . Land Transport Department

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Apprenticeship

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to motor vehicle engineering and maintenance. This course focuses on the knowledge and skills required for eventual employment at assistant technician level in the light vehicle servicing sector. The combination of practical experience and theoretical knowledge gained by successfully completing the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. This programme is intended for learners who would like to start developing a strong grounding in the field of motor vehicle engineering and maintenance. Through the various aspects of training that this course provides, learners should be able to gain a good understanding of the basic systems found in light vehicles and how to handle tools safely. Learners will also develop the essential skills of the trade, including the carrying out of basic routine checks, the replacement of parts as required in the periodic servicing of vehicles, and the maintenance of appropriate service records. In this programme, learners will also follow studies in key skills subjects, such as English, Maltese, Mathematics, and Information Technology.

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Apprenticeship

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to stone restoration. This course focuses on the knowledge and skills required for eventual employment at assistant technician level in the stone restoration sector. The combination of practical experience and theoretical knowledge gained by successfully completing the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. This vocational course enables learners to take up a career in stone restoration. It provides both practical and theoretical skills that lead learners to participate in a limited scope in stone restoration interventions. Successful learners can progress to the higher level course in restoration. Throughout the programme learners will have the opportunity to obtain the necessary maintenance, protection and preservation skills, understand preparation and recording techniques and apply cleaning and testing procedures. The programme is complemented with other essential units such as Safety at Work, Technical Reporting, Information Technology and Mathematics.

Career Opportunities

- Masonry Heritage Skilled Worker (Sewwej)

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics and an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme

Other notes related to this programme

No other entry routes are considered for this specific programme of studies (Maturity Clause application is not applicable for this programme). ALP+ Extended Diploma in Mechanical Engineering

ME3-A09-25alp+ . Institute of Engineering and Transport . Mechanical Engineering Department

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Apprenticeship

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to mechanical engineering. This course focuses on the knowledge and skills required for eventual employment at assistant technician level in the mechanical sector. The combination of practical experience and theoretical knowledge gained by successfully completing the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. If learners intend to embark on an engineering career specialising particularly in the mechanical sector, then this course is recommended. This MCAST programme is designed to provide basic theory and practice that can be further enhanced through work experience. Learning takes place by attending lectures in the classroom, workshops and laboratories, and by completing projects and assignments that are often based on realistic workplace situations. The course covers the basic knowledge and practical skills, providing a good foundation for future career opportunities in engineering. Learners are exposed to a deeper knowledge in related subjects such as Mathematics, Physics, Engineering Drawing and Information Technology.

Career Opportunities

- Machine Operator,
- Technical Operator,
- Assistant Technician

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics and an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme

Other notes related to this programme

No other entry routes are considered for this specific programme of studies (Maturity Clause application is not applicable for this programme). An applicant who does not have the ALP School Leaving Certificate, may wish to have a look at a Level 3 programme in the same thematic area within the same Institute.

ALP+ Extended Diploma in Media

CA3-O09-25alp+ . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education and are interested in pursuing further vocational studies at MQF Level 3 related to creative media. This course focuses on the knowledge and skills required for eventual employment at assistant technician level in the creative media sector. The combination of practical experience and theory provided by the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. The creative media sector is versatile and encompasses many job opportunities for young learners who are ready to take on this adventure. This programme aims to give learners an introduction to the various disciplines and elements that make up the creative media sector. It also allows learners to experience working on media-related projects first hand. This course provides learners with the ideal foundations upon which they can further specialise as media professionals.

Career Opportunities

- Production Office Assistant,
- Studio Assistant,
- Photography Assistant,
- Graphic Design Assistant

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics and an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme

Other notes related to this programme

No other entry routes are considered for this specific programme of studies (Maturity Clause application is not applicable for this programme). An applicant who does not have the ALP School Leaving Certificate, may wish to have a look at a Level 3 programme in the same thematic area within the same Institute.

ALP+ Extended Diploma in Performing Arts

CA3-O08-25alp+ . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education and are interested in pursuing further vocational studies at MQF Level 3 related to performing. The combination of practical experience and theory provided in the course, will equip learners with the knowledge and skills to access the labour market, or continue their studies at MQF level 4 at MCAST. This course provides learners with an opportunity to familiarise themselves with the breadth of the performing arts industry. The course will provide a general introduction to the various aspects of this industry, the stakeholders and structures involved. At the same time, it will introduce learners to the industry's diverse disciplines and respective roles hands-on. The course provides an ideal foundation upon which to base further studies in the process of becoming a performing arts professional.

Career Opportunities

- Stage Hand,
- Front of House Officer,
- Relationship Officer,
- Ticketing Officer

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics and an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme

Other notes related to this programme

As part of the eligibility process, applicants in possession of above requirements will be required to sit for an interview and audition, which will determine eligibility for the course

ALP+ Extended Diploma in Social Care

CS3-W08-25alp+ . Institute of Community Services

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-Time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Placement / Internship

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to social care. This course focuses on the knowledge and skills required for eventual employment at assistant technician level in the social care sector. The combination of practical experience and theoretical knowledge gained by successfully completing the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. Prospective candidates who enrol in this course should have an interest in working with adolescents in supported accommodation, elderly persons and persons with disabilities. Lectures include a number of varied topics such as effective communication, creativity, human development, safe practices, rights and dignity for different service users and delivering personal care. The programme offers an opportunity for learners to carry out work-based learning in two different host organisations in the sector. Here they will be expected to carry out a range of assigned tasks under supervision.

Career Opportunities

-

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics TOGETHER WITH an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme - as clearly documented by the official ALP School Leaving Certificate / SSQP

Other notes related to this programme

No other entry routes are considered for this specific programme of studies (Maturity Clause application is not applicable for this programme). An applicant who does not have the ALP School Leaving Certificate, may wish to have a look at a Level 3 programme in the same thematic area within the same Institute.

ALP+ Extended Diploma in Sport

CS3-W07-25alp+ . Institute of Community Services

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-Time
ECTS Credits:	36 ECTS credits at MQF Level 2 and 60 ECTS credits at MQF Level 3
Work Based Learning:	Placement / Internship

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to sport. This course focuses on the knowledge and skills required for eventual employment at assistant technician level in the sport sector. The combination of practical experience and theoretical knowledge gained by successfully completing the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. This course has practical sessions included in the course but further emphasis is given to theoretical knowledge. The course covers the basics of Anatomy and Physiology in Sport, Fitness Testing, Fitness Instruction, Fundamental Methodology of Physical Activity and Sport, as well as the theory and practice of the mainstream sports. The syllabus incorporates a work-based learning component thus facilitating the transition into employment for those learners who do not wish to further their studies. By the end of the course, the learner will be able to assist a Fitness Instructor in the preparation and delivery of basic fitness training programmes. The learner will be encouraged to take part in various sports-related events that are organised on campus.

Career Opportunities

-

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics TOGETHER WITH an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme - as clearly documented by the official ALP School Leaving Certificate / SSQP

Other notes related to this programme

No other entry routes are considered for this specific programme of studies (Maturity Clause application is not applicable for this programme). An applicant who does not have the ALP School Leaving Certificate, may wish to have a look at a Level 3 programme in the same thematic area within the same Institute. A "Pre-Entry / Eligibility Fitness Medical Clearance Form" will be made available on the course's web page on MCAST website ('MCAST Full Time courses' Section). This will need to be filled in and signed by a Medical Professional Practitioner / GP as well as endorsed by parents in instances of applicants who are under 18 years of age. When

submitting an application for this programme of studies, this filled-in and signed document, needs to be part of the uploads submitted, in order for the application to be processed. Without that upload, the application will not be processed during the Admissions period (Summer 2026)

ALP+ Extended Diploma in Welding and Fabrication

BL3-A08-25alp+ . Institute of Engineering and Transport . Building Services
Department

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Years . Full-time
ECTS Credits:	36 ECTS credits at MQF level 2 and 60 ECTS credits at MQF level 3
Work Based Learning:	Apprenticeship

Course Description

This course is aimed at learners who have successfully completed their studies at the Alternative Learning Programme of the Ministry for Education, and are interested in pursuing further vocational studies at MQF Level 3, related to welding and fabrication. This course focuses on the knowledge and skills required for eventual employment at assistant technician level in the welding and fabrication sector. The combination of practical experience and theoretical knowledge gained by successfully completing the course, will equip learners with the knowledge and skills with which they will be able to access the labour market, or alternatively, they will be eligible to continue their studies at MQF level 4 at MCAST, by selecting one of the various Advanced Diplomas offered by the College, in their preferred area of study. This Apprenticeship course combines theoretical knowledge with practical training, both in College-based industrial workshops and in industry-based apprenticeships. Learners will be expected to participate individually and in teams to fabricate welded products. Learners will have the opportunity to use hand and power tools as well as welding sets, giving particular attention to health and safety considerations. This course also provides learners with the opportunity to further develop their knowledge of key skills subjects such as Mathematics, Science, English, Maltese, and Information Technology.

Career Opportunities

- Welding and Fabrication Tradesperson

Entry Requirements

Applicants are expected to have completed the one-year ALP programme and obtained at least an MQF Level 1 in Maltese, English and Mathematics and an MQF Level 2 in TWO vocational subjects forming part of the ALP Programme

Diploma for Beauty Specialists

CS3-W01-25 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-Time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Placement

Course Description

This programme of studies offers learners the possibility to seek employment in salons as Beauty Specialists. Alternatively, learners who complete successfully this one-year full-time course may wish to consider furthering their studies by progressing to the Level 4 Advanced Diploma programme in Beauty and Complementary Therapies. Learners are taught how to develop and carry out individual treatment plans based on the specific requirements of each client. The programme of studies offers instruction on several treatments that include skin care, manicure and pedicure, depilation, nails, make-up services, eyebrow and eyelash treatments. Other modules relate to health and safety practices in the salon and business aspects including business plans, effective communication skills and proper conduct with clients. Learners are required to purchase the necessary beauty accessories at the beginning of the academic year. Once students complete the Level 3 Diploma for Beauty Specialists they can progress to Level 4 Advanced Diploma in Beauty and Complementary Therapies.

Career Opportunities

- Beauty Specialist,
- Sales Representative for Beauty Products

Entry Requirements

Internal Progression Route....

- Any MCAST MQF Level 2 Foundation Certificate

OR Any 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

An Applicant aged 19 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Diploma in Aerospace Maintenance

AE3-A26-26 . Institute of Engineering and Transport . Aviation, Transportation and Logistics Department incl. Aircraft Maintenance Training Centre

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

The Diploma in Aerospace Maintenance is a comprehensive program designed to equip students with the technical knowledge and practical skills required to maintain, repair and overhaul aircraft mechanical and structural components. The course emphasizes hands-on training in aircraft systems, materials and maintenance procedures in compliance with international aviation standards. Key learning areas:

- Aircraft Mechanical Systems: Study of powerplant systems, fuel, hydraulic, pneumatic and environmental control systems.
- Aircraft Structures: Principles of airframe design, materials, corrosion control, non-destructive testing (NDT) and structural repair techniques
- Maintenance Practices: Application of standard aviation maintenance procedures, documentation and regulatory compliance (EASA, FAA or local CAA)
- Systems Integration: Understanding of how mechanical and structural systems interact within modern aircraft
- Safety and Human Factors: Training in workplace safety, risk management, and human performance in aviation maintenance environments

Career Opportunities

- Aircraft Maintenance Assistant Technician
- Avionics Assistant Technician
- Aircraft Systems Assistant Technician
- Engine/Powerplant Assistant Technician
- Airframe Assistant Technician

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 2 Foundation Certificate

OR 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Applicants must present an official document, showing a positive clearance following a Colour Vision Assessment / Test.

Other notes related to this programme

When submitting online application for this course, a scan of the original and official Colour Vision Test result needs to be uploaded together with all other documentation required. An Applicant aged 19 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route.

Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Diploma in Aircraft Systems Maintenance

AE3-W24-24 . Institute of Engineering and Transport . Aviation, Transportation and Logistics Department incl. Aircraft Maintenance Training Centre

At a glance

MQF / EQF Level:	Level 3
Duration:	2 Semesters . Full-time
ECTS Credits:	Not specified
Work Based Learning:	Apprenticeship

Course Description

This programme is designed together with the MROs (Maintenance, Repair and Overhaul) specifically to equip learners with the necessary theoretical and practical understanding of aircraft maintenance and related systems and it is supported by practical experience in dedicated MRO workshops at mechanic level. The course will cover the EASA Part-66 Category A basic course Knowledge which, will allow the student to sit eventually for the correspondent EASA Modules examinations and thereafter, apply for the licence examinations in accordance with Regulation (EU) No 1321/2014 .

Career Opportunities

Line Maintenance Mechanic, Workshop Mechanic

Entry Requirements

Internal Progression Route...

- MCAST MQF Level 2 Award in Basic Aviation Maintenance

Other notes related to this programme

Students are expected to procure a Uniform, which is to be worn at all times whilst undergoing training on this programme.

Diploma in Animal Care

AG3-O01-25 . Institute of Applied Sciences . Centre for Agriculture, Aquatics, and Animal Sciences

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-Time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This programme of study offers an introduction to working with and handling farm animals and pets, and provides the necessary related hands-on experience. It provides the practical skills and background knowledge required to form a solid foundation in animal care. The learner will have the opportunity to acquire knowledge on various habitat designs that can be used as accommodation for farm and pet animals, and study feeding procedures and how to identify and solve animal health problems. A learner who opts for this programme of study will be expected to attend scheduled husbandry duties which form part of this course. This practical experience, coupled with motivation and responsibility, will back up the theoretical knowledge gained during lectures.

Career Opportunities

- Animal Groomer/Assistant,
- Pet Shop Assistant,
- Animal Care Assistant

Entry Requirements

Internal Progression Route....

- Any MCAST MQF level 2 Foundation Certificate

OR 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Diploma in Art and Design

CA3-O04-25 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This programme gives learners the opportunity to explore two different areas, those of Art and Design. Learners are encouraged to experiment with different media, resistant and non-resistant materials used in the generic disciplines of art, 3D design (product and spatial) and fashion. Learners learn skills using different workshops and related tools and technology, as well as learn the theoretical aspects of various specialist areas, with awareness of health and safety. Another important aspect of the course is the development of the learners' communication skills.

Career Opportunities

- Assistant in an Art Studio,
- Assistant in the Crafts Sectors of Stone Works,
- Woodworking Production,
- Ceramics,
- Jewellery,
- Textiles or Fashion

Entry Requirements

Internal Progression Route...

- MCAST Foundation Certificate in the Creative Arts*

OR 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: Art or Art and Design or Textiles and Design or Fashion and Textiles *Progression is only available for the MCAST Level 2 Foundation Programme specifically mentioned above

Other notes related to this programme

Applicants may be asked to sit for an Interview and/or present a Portfolio. Any possible alternative qualifications (local and European) which may be presented instead of the above clearly set compulsory subjects, must very clearly be evidenced / documented as being equivalent to the set compulsory subjects in terms of Level, volume (in ects credits), and Content coverage. It will not be possible to consider variances, given the expected preparation and foundations in possession of the applicant asking to be considered for this MQF Level 3 programme of studies. An Applicant aged 19 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is

not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Diploma in Automotive Repair (Body and Paint)

MV3-A01-25 . Institute of Engineering and Transport . Land Transport Department

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme is intended for learners with or without knowledge and experience of the automotive industry. Learners will learn how to work on vehicle accident repair tasks on body work under minimal supervision. The course will also provide the learners with the skills required to carry out paint repairs to the manufacturers' specifications. They will thus gain a combination of theoretical knowledge and practical skills in automotive accident repair (panel beating) together with body paint principles. Learners will be expected to carry out effective housekeeping practices to work effectively within the automotive industry. They will also learn how to work safely when carrying out removal and replacement of exterior vehicle panels and paint jobs. Learners will also be expected to improve their knowledge of key skills subjects such as Mathematics, English, Maltese, Information Technology.

Career Opportunities

- Car Paint Sprayer,
- Panel Beater,
- Sprayer in the Aviation Industry

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 2 Foundation Certificate

OR 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Applicants must present an official document, showing a positive clearance following a Colour Vision Assessment / Test.

Other notes related to this programme

When submitting online application for this course, a scan of the original and official Colour Vision Test result needs to be uploaded together with all other documentation required. An Applicant aged 19 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Diploma in Deck Operations

MS3-O01-25 . Institute of Engineering and Transport . Centre for Maritime Studies
Department

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This study programme is intended for learners who in future intend to apply for the course of Advanced Diploma in Deck Operations which also leads to Officer in Charge of a Navigational Watch. This course is also an opportunity for those learners who would like to find a job and actively work in a maritime environment such as a deck crew on board ships and gain valuable sea time, or in an inshore marina job. The Diploma in Deck Operations course will deliver a solid foundation in general ship knowledge, seamanship and navigation, and provides an understanding of the basic legislative environment within which ships operate. This course also provides an opportunity for learners to have a thorough experience in boat handling practical exercises. Learners will also be able to sit for the GMDSS ROC and Commercial Vessel Boatmaster Grade 1 examinations, provided that other requirements stipulated by Transport Malta are met.

Career Opportunities

- Deck Crew,
- Shipping Clerk,
- Water Clerk with a Shipping Agency,
- Mooring Man

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 2 Foundation Certificate

OR 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

An Applicant aged 19 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Diploma in Disciplinary Forces, Safety and Protection

CS3-O16-25 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-Time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This course is a specialised programme designed to equip students with theoretical knowledge, practical skills and ethical foundation required for a career in disciplinary forces by emphasising policies and procedures on security, law enforcement, firefighting and military services. This course combines physical training, studies on the justice system, development and crisis management, fostering a disciplined and service-oriented mindset. Students will gain competencies in issues of national security, responding to challenging situations and the enforcement of law and order. The content of the course also addresses matters of ethical and professional conduct that promote equality and respect. The physical nature of this line of work also entails being physically fit, this is fostered through modules which address how to achieve and maintain a health lifestyle.

Entry Requirements

Internal Progression Route....

- Any MCAST MQF level 2 Foundation Certificate

OR Any 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

An Applicant aged 19 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>. A "Pre-Entry / Eligibility Fitness Medical Clearance Form" will be made available on the course's web page on MCAST website ('MCAST Full Time courses' Section). This will need to be filled in and signed by a Medical Professional Practitioner / GP as well as endorsed by parents in instances of applicants who are under 18 years of age. When submitting an application for this programme of studies, this filled-in and signed document needs to be part of the uploads submitted, in order for the application to be processed. Without that upload, the application will not be processed during the Admissions period (Summer 2026)

Diploma in Early Years

CS3-W06-25 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-Time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Placement

Course Description

The programme of studies prepares learners with a strong foundation to work in child care settings in the capacity of assisting the childcare educator. The course offers class based learning that provides introductory knowledge required to understand the basic practice of the childcare educator and sets a good foundation for learners wishing to embark on a career in Early Years Education and Care. The course also provides hands on practice to support learners throughout their journey to fully immerse in the required skills to work in childcare.

Career Opportunities

- Assistant Childcare Educator (current national standards require applicant to be 23 years of age)

Entry Requirements

Internal Progression Route....

- Any MCAST MQF level 2 Foundation Certificate

OR 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

An Applicant aged 19 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Diploma in Electrical Installations

EE3-A01-25 . Institute of Engineering and Transport . Electrical and Electronics Department

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme serves as an initial step for those who are interested in pursuing a career in electrical systems, such as that of an Electrician within the construction industry. This course is designed to provide basic theory and practice related to electrical installations, that are then enhanced through the work-based learning. The course consists of both key skill units and vocational units, of which mostly are carried out in the workshops and laboratories. This course provides a good foundation for future career opportunities in engineering and may also serve for progression to level 4 engineering courses.

Career Opportunities

- Assistant Electrician,
- Assistant Technician,
- Machine Operator

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 2 Foundation Certificate

OR 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Applicants must present an official document, showing a positive clearance following a Colour Vision Assessment / Test, as approved by REWS as the Regulatory Authority in this area.

Other notes related to this programme

When submitting online application for this course, a scan of the original and official Colour Vision Test result needs to be uploaded together with all other documentation required. An Applicant aged 19 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Diploma in Fish Husbandry

AG3-O02-25 . Institute of Applied Sciences . Centre for Agriculture, Aquatics, and Animal Sciences

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-Time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This programme of study introduces the learner to the basics of fish husbandry and provides the knowledge and skills required by the learner for eventual employment in related industries such as the fish farming and aquatics industries. Being the only course in Malta that is solely dedicated to fish husbandry, this programme offers an excellent opportunity for employment in this industry, which has now become an important economic sector in the Maltese Islands. The learner will develop the knowledge and practical skills needed, provided that one attends all the practical sessions which are vital to enhance the theoretical knowledge gained during lectures.

Career Opportunities

- Fish Farm Assistant,
- Aquarium Shop Assistant

Entry Requirements

Internal Progression Route....

- Any MCAST MQF Level 2 Foundation Certificate

OR 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Diploma in Hairdressing

CS3-A02-25 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-Time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme of studies leads to a career in the hairdressing industry. This course allows learners to acquire skills which are relevant to succeed and be competitive in the hairdressing industry. Alternatively, learners may wish to consider furthering their studies by progressing to the Level 4 Advanced Diploma programme in Hairdressing. Learners cover a variety of study units such as client consultation, hair cutting and styling for different occasions, hair colouring, perming and straightening. This includes experience within the inhouse salon at the Institute of Community Services as well as accredited placements in industry as part of the Apprenticeship scheme. The apprenticeship hours must be concluded to fulfill the obligations of the course. Other modules relate to health and safety practices in the salon and science of hairdressing. Learners will also further their skills and competencies. Learners are required to purchase the necessary hairdressing accessories at the beginning of the academic year.

Career Opportunities

- Assistant Hair Stylist for Women,
- Sales Representative for Hair Products

Entry Requirements

Internal Progression Route....

- Any MCAST MQF level 2 Foundation Certificate

OR Any 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Diploma in Heating, Ventilation and Air-Conditioning

BL3-A03-25 . Institute of Engineering and Transport . Building Services Department

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course provides learners with the essential knowledge related to heating, ventilation and air-conditioning (HVAC). It will enable learners to work as assistant technicians engaged in servicing and carrying out maintenance on refrigeration compressors, condensers, evaporators and other accessories. Practical training is carried out in workshops equipped to industry standards. Learners are expected to participate individually and in teams to operate refrigeration and air conditioning equipment. This course also provides learners with the opportunity to further develop their knowledge of key skills subjects such as Mathematics, Science, English, Maltese, Information Technology.

Career Opportunities

- HVAC Installer

Entry Requirements

Diploma in Joinery and Furniture Making

BL3-A04-25 . Institute of Engineering and Transport . Building Services Department

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course of study includes theoretical knowledge and practical training both in College-based industrial workshops and also on work placements. Technical and practical lessons cover measuring, cutting, preparing and assembling timber and timber board products to make interior fittings such as kitchen cabinets, doors and window frames. The learners will be expected to participate individually and in teams to produce simple products from solid wood and composite materials. Learners will be trained in the practical handling of hand and power tools and simple woodworking machines. This course also provides learners with the opportunity to further develop their knowledge of key skills subjects such as Mathematics, Science, English, Maltese, Information Technology.

Career Opportunities

- Assistant Joiner,
- Assistant Carpenter

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 2 Foundation Certificate

OR 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

An Applicant aged 19 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Diploma in Light Vehicle Servicing

MV3-A02-25 . Institute of Engineering and Transport . Land Transport Department

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme is intended for learners who would like to start developing a strong grounding in the field of motor vehicle engineering and maintenance. Through the various aspects of training that this course provides, learners should be able to gain a good understanding of the basic systems found in light vehicles and how to handle tools safely. Learners will also develop the essential skills of the trade, including the carrying out of basic routine checks, the replacement of parts as required in the periodic servicing of vehicles, and the maintenance of appropriate service records. In this programme, learners will also follow studies in key skills subjects, such as English, Maltese, Mathematics, Information Technology.

Career Opportunities

- Light Vehicle Service Mechanic,
- Light Vehicle Assistant Mechanic,
- Assistant Fitter

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 2 Foundation Certificate

OR 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Diploma in Mechanical Engineering

ME3-A03-25 . Institute of Engineering and Transport . Mechanical Engineering Department

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

If learners intend to embark on an engineering career specialising particularly in the mechanical sector, then this course is recommended. This MCAST programme is designed to provide basic theory and practice that can be further enhanced through work experience. Learning takes place by attending lectures in the classroom, workshops and laboratories, and by completing projects and assignments that are often based on realistic workplace situations. The course covers the basic knowledge and practical skills, providing a good foundation for future career opportunities in engineering. Learners are exposed to a deeper knowledge in related subjects such as Mathematics, Physics, Engineering Drawing and Information Technology.

Career Opportunities

- Machine Operator,
- Technical Operator,
- Assistant Technician

- Any MCAST MQF Level 2 Foundation Certificate
- OR 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

Applicants may be asked to sit for an Interview and/or present a Portfolio. An Applicant aged 19 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Diploma in Performing Arts

CA3-O02-25 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This course provides learners with an opportunity to familiarise themselves with the breadth of the performing arts industry. The course will provide a general introduction to the various aspects of this industry, the stakeholders and structures involved. At the same time, it will introduce learners to the industry's diverse disciplines and respective roles hands-on. The course provides an ideal foundation upon which to base further studies in the process of becoming a performing arts professional.

Career Opportunities

- Stage Hand,
- Front of House Officer,
- Relationship Officer,
- Ticketing Officer

Entry Requirements

Internal Progression Route...

- Any MCAST MQF level 2 Foundation Certificate

OR 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

As part of the eligibility process, applicants in possession of above requirements will be required to sit for an interview and audition, which will determine eligibility for the course. An Applicant aged 19 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Diploma in Social Care

CS3-W03-25 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-Time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Placement

Course Description

Prospective candidates who enrol in this course should have an interest in working with adolescents in supported accommodation, elderly persons and persons with disabilities. Lectures include a number of varied topics such as effective communication, creativity, human development, safe practices, rights and dignity for different service users and delivering personal care. The programme offers an opportunity for learners to carry out work-based learning in two different host organisations in the sector. Here they will be expected to carry out a range of assigned tasks under supervision. In the case of learners who do not wish to further their studies, this one-year programme provides a suitable exit point to seek employment as a care worker.

Career Opportunities

- Care Worker,
- Care Assistant,
- Support Care Worker

Entry Requirements

Internal Progression Route....

- Any MCAST MQF Level 2 Foundation Certificate

OR Any 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

Prior to embarking on a Work Placement (successful completion of which is an integral part of the accredited programme of studies, leading to certification), learners need to: o satisfy the requirements of the Protection of Minors Act (POMA); o satisfy specific immunisation requirements; o present a clean Police Conduct Certificate; and o present a First Aid Certificate which will be valid up to at least successful completion of programme of studies. An Applicant aged 19 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Diploma in Sport

CS3-W04-25 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 3
Duration:	1 Year . Full-Time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Placement

Course Description

This programme of studies builds on the components covered in the Foundation Certificate in Sport and delves further into the topic. This is the course that leads to an MQF 4 Advanced Diploma in Sport (Development, and Fitness). This MQF Level 3, Diploma in Sport has practical sessions included in the course but further emphasis is given to theoretical knowledge. The course covers the basics of Anatomy and Physiology in Sport, Fitness Testing, Fitness Instruction, Fundamental Methodology of Physical Activity and Sport, as well as the theory and practice of the mainstream sports. The syllabus incorporates a work-based learning component thus facilitating the transition into employment for those learners who do not wish to further their studies. By the end of the course, the learner will be able to assist a Fitness Instructor in the preparation and delivery of basic fitness training programmes. The learner will be encouraged to take part in various sports-related events that are organised on campus.

Career Opportunities

- Assistant Fitness Instructor,
- Assistant Coach Sports Fundamentals

Entry Requirements

Advanced Diploma for Dental Surgery Assistants

AS4-W06-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

Dental Surgery Assistants are Allied Health personnel who play an important role in the performance of dental procedures. The aim of this course is to provide both the theoretical and the clinical practical techniques necessary for future dental personnel to be considered competent to assist the dental team. The objectives of this course are to instruct the candidate in basic knowledge of: (i) teeth anatomy, pathology, oral care and instruments, (ii) the health and safety of dental surgeries, (iii) patient care prior, during and post dental treatments, (iv) maintaining good communication with patients and (v) maintaining records and appointments and placing orders for materials in use in the dental surgery.

Career Opportunities

- Dental Surgery Assistant

Entry Requirements

Internal Progression Route....

- MCAST Diploma in Applied Science, or
 - MCAST Diploma in Health and Social Care, or
 - MCAST Diploma in Social Care, or
 - Any MCAST MQF Level 3 Diploma, whilst being in possession of the compulsory subjects as indicated hereunder
- OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: English Language AND Mathematics AND Biology / Health and Social Care

Other notes related to this programme

Applicants will be subject to an Occupational Health Screening to establish their suitability for the Placement which is a mandatory part of this programme. Once course would have started, failure to present a successful health screening (as per an established and set Protocol), will result in not being in a position to start the work placements. This will eventually preclude the student from a successful completion of course. Prior to embarking on Work Placement, student must also provide evidence of a clean police conduct certificate. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such

instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Advanced Diploma in Aerospace Structures and Composite Repairs

AE4-A24-26 . Institute of Engineering and Transport . Aviation, Transportation and Logistics Department incl. Aircraft Maintenance Training Centre

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

The advanced diploma in Aerospace structures and repairs is a specialized training programme designed to equip learners with advanced knowledge and practical skills in the inspection, maintenance, fabrication and repair of aircraft structural components and composite materials. The programme focuses on modern aircraft construction techniques, including both metallic and non-metallic (composite) structures, in accordance with international aviation standards and regulatory requirements. Students will gain hands-on experience using industry-standard tools, materials, and repair techniques in a simulated hangar environment. The curriculum integrates theoretical instruction with extensive practical training to develop technical competence, precision and adherence to safety and quality standards. Upon successful completion, graduates will be prepared to perform structural maintenance and composite repair work in aircraft maintenance organisations (AMOs), manufacturing facilities, and aerospace engineering environments. They will also be equipped to progress toward aircraft maintenance licensure or further specialisation in aeronautical engineering and composite technologies.

Career Opportunities

-

Entry Requirements

Advanced Diploma in Aircraft Maintenance (Aeroplanes - Turbine Engines)

AE4-A03-24 . Institute of Engineering and Transport . Aviation, Transportation and Logistics Department incl. Aircraft Maintenance Training Centre

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme is designed to equip learners with the necessary theoretical knowledge of aircraft maintenance and related mechanical systems at technician level. This is also backed by practical experience in our workshops. Learners attending this course will be prepared to sit for the relative examinations organised by awarding bodies, and which may lead to being awarded the EASA Part-66 Category B1.1 licence. Subject to authorisation by the Part-145 Organization, the licence will permit the holder to issue Certificates of Release to Service following scheduled works that may include line maintenance, defect rectifications, aircraft structure, power plants and mechanical and electrical systems. Throughout the course, Civil Aviation Directorate examination fees will be paid by the learner. This course is a highly innovative programme in the sector and gives the learner the opportunity to obtain an Advanced Diploma apart from sitting for the EASA examinations. Successful learners can then join the aviation maintenance industry.

Career Opportunities

- Base Maintenance Technician,
- Workshop Technician

Entry Requirements

Internal Progression Route...

- Any MCAST MQF level 3 Diploma delivered by the Institute of Engineering and Transport (Applicants must have obtained grades that when averaged will yield an overall Grade B), or
- Diploma in Aircraft Maintenance (incorporating EASA Part-66 Category A Basic Course), or
- EASA Part-66 Aircraft Maintenance Category A Licence Course

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: One subject from Mathematics OR Physics AND Compulsory: One subject from Engineering Technology OR Design and Technology OR Chemistry OR Mathematics OR Physics Applicants must present an official document, showing a positive clearance following a Colour Vision Assessment / Test, as approved by REWS as the Regulatory Authority in this area.

Other notes related to this programme

When submitting online application for this course, a scan of the original and official Colour Vision Test result needs to be uploaded together with all other documentation required. Upon being found eligible and registered as an MCAST student, one is expected to procure a Uniform, which is to be worn at all times whilst undergoing training on this programme. An Applicant aged 21 years and over, and not in possession of the above

Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Applied Science

AS4-A02-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme of study is aimed at learners who wish to embark on a scientific career in a range of industries such as petrochemical, life sciences, health, pharmaceuticals and the environment. The programme of study contains a wide range of science and technology study units that reflect aspects of employment within relevant industries. The learners will appreciate how the fundamental principles of science relate to the technological operations of the workplace. They will develop the necessary skills to work in a laboratory environment within the manufacturing industry, and to apply basic principles within the workplace.

Career Opportunities

- Laboratory Analyst,
- Laboratory Technologist,
- Laboratory Technician,
- Quality Control/Quality Assurance Technician,
- Research Assistant/Research Support Officer

Entry Requirements

Internal Progression Route....

- MCAST Diploma in Applied Science, or
- Any MCAST MQF Level 3 Diploma, whilst being in possession of the compulsory subjects as indicated hereunder

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 from the following subjects: English Language, Mathematics, Physics, Chemistry, Biology, Design and Technology

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Art and Design

CA4-W05-24 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

The programme provides guided vocational learning in art and design as well as relevant key competences. It equips learners with the foundations required to undertake further studies in various specialist areas at undergraduate level. During the course, learners build a portfolio of student work that hones in their skills and gradually orients their focus in the direction they intend to follow in their career. The programme has an element of work-based learning through which students experience some contact with industry. Special attention is also given to visual and written communication in preparation for self-promotion and entrepreneurship after their studies.

Career Opportunities

- Craftsperson,
- Artisan,
- Draughtsperson,
- Sales Design Assistant

Entry Requirements

Internal Progression Route...

- MCAST Diploma in Art and Design, or
- Any MCAST MQF Level 3 Diploma, whilst being in possession of the compulsory subject as indicated (required) hereunder

OR 4 subjects at SEC / SSC&P / SSQP or equivalent, with a Pass Grade / Level 3 Compulsory: Art or Art and Design or Design and Technology or Graphical Communication *Applicants may be asked to sit for an Interview and/or present a Portfolio.

Other notes related to this programme

Full MQF Level 3 Qualifications awarded by the Malta School of Art can be submitted as part of the required documents uploaded at point of application for this programme of studies, and will be reviewed accordingly with a view of considering, or otherwise, eligibility. Any possible alternative qualifications (local and European) which may be presented instead of the above clearly set compulsory subjects, must very clearly be evidenced / documented as being equivalent to the set compulsory subjects in terms of Level, volume (in ects credits), and Content coverage. It will not be possible to consider variances, given the expected preparation and foundations in possession of the applicant asking to be considered for this MQF Level 4 programme of studies. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the

Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Aviation, Flight and Cabin Operations

AE4-A06-24 . Institute of Engineering and Transport . Aviation, Transportation and Logistics Department incl. Aircraft Maintenance Training Centre

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course is designed to equip students with the necessary understanding and an all-round introduction to the aviation industry for those who wish to further their career in one of its occupational areas. It may lead to roles in airports such as passenger liaison, ramp work, cargo operations and ground handling, flight operations and customer service. The course is structured to give learners an overview and preparation to specialized areas that interest career aspirations within aviation. The course covers the appropriate fundamentals for progression onto further aviation specialization in the sector. The theoretical elements are supplemented with practical elements. Successful students can progress to other higher qualification courses, such as, the higher Diploma in Transportation, Logistics and Supply chain Management and the Bachelor of Arts(Honors) in Business Enterprise

Career Opportunities

- Passenger Check-in Officer,
- Passenger Services Officer,
- Flight Operations Officer,
- Aircraft Dispatch Officer,
- Ground Handling Officer

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: English Language

Other notes related to this programme

Upon being found eligible and registered as an MCAST student, one is expected to procure a Uniform, which is to be worn at all times whilst undergoing training on this programme. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Beauty and Complementary Therapies

CS4-W01-23 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

This programme of studies is made up of units intended to equip learners with the knowledge to provide relaxation and stress relief treatments as well as to improve skin conditions. Learners must complete their basic certification in Beauty at Level 3 Diploma to enrol at this level of studies. Learners will have the opportunity to perform practical tasks during hands-on sessions within the inhouse salon at the Institute of Community Services. There will also be work placement experiences within established salons and spas as part of the course programme. Study units during the second year of studies include alternative therapies such as reflexology, hot stone therapy and aromatherapy. Upon completion of the full programme the learners will qualify as beauty therapists. Alternatively, learners who complete successfully this two-year full-time course may wish to consider furthering their studies by progressing to a Bachelor in Vocational Education and Training 4.0. which can lead to becoming a teacher in Vocational Education in secondary schools. Learners are required to purchase the necessary beauty accessories at the beginning of the academic year.

Career Opportunities

- Beauty Therapist

Entry Requirements

Internal Progression Route....

- MCAST Diploma for Beauty Specialists

OR ITEC Diploma for Beauty Specialists

Other notes related to this programme

It is to be noted that the entry requirements as set above, are very specific and do not come with consideration for any comparability or equivalence

Advanced Diploma in Business and Administration

BC4-A01-24 . Institute of Business Management and Commerce

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme will allow learners to study the different areas of business and office administration. It is aimed either at students who aspire to one day open up their own business or follow in their family business, or else to work in the administration of a company at a junior level. This generic course offers a good basis into the main areas of business administration including office administration, accounts, IT application skills, logistics and operations management, project management, marketing, recruitment, and business law among others. The course, which is assessed through a variety of scenario related assessments, also sees learners go out on Apprenticeship where a holistic hands-on and practical approach is adopted.

Career Opportunities

- Clerk,
- Administrative Assistant,
- Human Resource Assistant,
- Marketing Assistant,
- Front Office Coordinator,
- Purchasing Officer,
- Field Research Officer,
- Supply Chain / Logistics Officer

Entry Requirements

Internal Progression Route....

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Advanced Diploma in Cultural Heritage Skills

CA4-A02-23 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course addresses needs in the cultural heritage sector in order to support the management, conservation, preservation and care of such heritage. Successful candidates will be able to ethically collaborate with relevant stakeholders, and would work under the supervision of a heritage professional. The programme of studies provides the necessary applied theoretical material and ethical background in technical aspects of cultural heritage and heritage skills, including: stone, wood, metals, books, paper and textiles heritage skills, with training being carried out in workshops, laboratories and on site. The course also has an apprenticeship, which allows learners the opportunity to work alongside professionals and immerse themselves in the world of cultural heritage while receiving the necessary training in a learning environment. Graduands of this programme can access the Bachelor in Conservation and Restoration Studies (Hons) course at the same Institute.

Career Opportunities

- Heritage Skills Technician,
- Assistant to Archivist/Curator/Conservator-Restorer in Archives/Churches/Palaces/Stately Homes/Museums/Sites

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

Applicants may be asked to sit for an Interview. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Advanced Diploma in Deck Operations (also leading to OIC Navigational Watch)

MS4-O01-23 . Institute of Engineering and Transport . Centre for Maritime Studies
Department

At a glance

MQF / EQF Level:	Level 4
Duration:	2 years full time for the Advanced Diploma. A further 12... . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

Advanced Diploma in Deck Operations (also leading to OIC Navigational Watch) programme is designed to prepare candidates for a career in the maritime sector. The Advanced Diploma is a 2 year full time course and the qualification is issued by MCAST, whilst the programme also prepares candidates as sea cadets with a further 12 month sea placement and Transport Malta written exams including the final oral exam to qualify for the ultimate maritime qualification with the Certificate of Competence as an Officer In Charge of a Navigational Watch (unlimited) on ocean-going merchant vessels. This qualification is issued by Transport Malta (Maritime) Authority. Candidates can opt to take the course leading to Officer In Charge of Navigational Watch alone and sit for Transport Malta examinations OR the course leading to Advanced Diploma in Deck Operations alone and sit for MCAST examinations OR both with full qualifications. It is to be noted that those candidates taking the Advanced Diploma in Deck Operations course will not be entitled to work as navigation ship officers. The course consists of a number of maritime related subjects such as Navigation, Meteorology, Signals, Ship Knowledge and Stability, Cargo Operations, International Regulations, and leadership training in which all candidates are expected to participate. Officer Cadets are expected to wear a merchant marine uniform whilst undergoing training both ashore and on board ships. Officer Cadets attending the course will be expected to find own ship sponsor for the practical training period at sea during the third phase of training of the course. However, assistance will also be offered.

Career Opportunities

- Advanced Diploma holders:
- Port Inspector,
- Terminal Inspector,
- GMDSS Operator,
- Cargo Operator in Yard/Ship Terminal

Officer In Charge of Navigational Watch (unlimited) holders: Second Officer onboard Ocean going ships of any size and operations.

Entry Requirements

Internal Progression Route...

- MCAST Diploma in Deck Operation, or
- Any MCAST MQF Level 3 Diploma offered by the Institute of Engineering and Transport

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: Physics AND Mathematics AND English Language At point of application, all Applicants are expected to present a full Medical Clearance, as per Protocol issued by Transport Malta Students must reach the age of 18 years prior to start of sea experience

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Decontamination Science

AS4-W07-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

Decontamination of medical devices/instruments is of utmost importance in the prevention of infections in the Health Care setting. Decontamination of, for example, endoscopic, respiratory and haemodialysis devices together with surgical instruments is carried out on a daily basis in hospitals and clinics. Students attending this course will learn about the processes and procedures involved in a decontamination unit, such as receipt, disassembly/reassembly of medical devices for cleaning and sterilization, packing, etc. according to the standard operational procedures and quality management systems of the Health Care facility that they will be employed with. The importance of working in a multidisciplinary team and its subsequent enhancement of patient safety and job satisfaction, together with the responsibility of delivering high quality patient care, will be highlighted throughout the course.

Career Opportunities

- Decontamination and Sterilization Technicians

Entry Requirements

Internal Progression Route....

- MCAST Diploma in Applied Science, or
- MCAST Diploma in Health and Social Care, or
- MCAST Diploma in Social Care, or
- Any MCAST MQF Level 3 Diploma, whilst being in possession of the compulsory subjects as indicated hereunder OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: English Language AND Mathematics AND Biology/Health and Social Care

Other notes related to this programme

Applicants will be subject to an Occupational Health Screening to establish their suitability for the Placement which is a mandatory part of this programme. Once course would have started, failure to present a successful health screening (as per an established and set Protocol), will result in not being in a position to start the work placements. This will eventually preclude the student from successful completion of the course. Prior to embarking on Work Placement, the student must also provide evidence of a clean police conduct certificate. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such

instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Digital Design

CA4-W02-23 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

The course introduces common fundamental principles, skills and software related to contemporary fields of design. Minor streams in game art, graphic design and interactive media will allow learners to specialise in their field of interest and master the required skills in preparation for more independent study at undergraduate level. Exploratory exercises, real life work and the possibility of competitions all form part of the process for an effective learning experience. Taught by experienced visual and technical designers from interdependent fields, this course of study prepares learners to communicate ideas and solve problems through creative and interactive solutions.

Career Opportunities

- Junior Graphic Designer,
- Junior Web Designer,
- Junior 2D Artist,
- Junior Game Developer

Entry Requirements

Internal Progression Route...

- MCAST Diploma in Art and Design, or
- MCAST Diploma in Media, or
- Any MCAST MQF Level 3 Diploma, whilst being in possession of the compulsory subject as indicated (required) hereunder

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: Art or Graphical Communications Applicants may be asked to sit for an Interview and/or present a Portfolio.

Other notes related to this programme

Full MQF Level 3 Qualifications awarded by the Malta School of Art can be submitted as part of the required documents uploaded at point of application for this programme of studies, and will be reviewed accordingly with a view of considering, or otherwise, eligibility. Any possible alternative qualifications (local and European) which may be presented instead of the above clearly set compulsory subjects, must very clearly be evidenced / documented as being equivalent to the set compulsory subjects in terms of Level, volume (in ects credits), and Content coverage. It will not be possible to consider variances, given the expected preparation and foundations in possession of the applicant asking to be considered for this MQF Level 4 programme of studies. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the

Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Advanced Diploma in Draughtsmanship

CE4-A20-26 . Institute of Engineering and Transport . Construction Engineering Department

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course comprises both College-based training and work-based learning. It gives an in-depth knowledge and experience of the general requirements and specialist areas related to the field of building and construction. At the end of the first year, learners can choose one of four streams that include: Construction Design, Quantity Surveying, Land Surveying, and Civil and Road Engineering. Learners will be able to carry out duties at a professional and technical level in areas such as building, construction, civil and roads engineering. They will be able to carry out tasks related to Design, Quantity Surveying, Land Surveying, Geospatial Engineering, Geographical Information, and Roads and Project Management. This course includes work-related training and practice.

Career Opportunities

- Draughtsperson

Entry Requirements

Internal Progression Route... Any MCAST MQF Level 3 (minimum 60 credits) Diploma or equivalent in an Engineering Field OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: One subject from Engineering Technology OR Design and Technology OR Graphical Communication OR Chemistry OR Mathematics OR Physics

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Early Years

CS4-W04-26 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

This programme of studies provides learners with practical experience in child care. This also entails pedagogical practices based on theories related to the Early Years. This programme also allows learners to delve into health and safety issues, research related to contemporary issues in the early years. Learners will gain experience from work placement programmes, one placement with a baby and another with a group of toddlers. Learners will observe, plan and implement age appropriate creative activities through the Emergent Curriculum approach. At the end of the first academic year, successful learners will have the option to exit their studies and be awarded the MCAST Award in Children's Care, Learning and Development, to work as Child Care Practitioners. At the end of the Level 4 study programme, students have the option to enroll in the Level 6 Bachelor of Arts in the Early Years, a degree programme which leads students to the role of Kindergarten educators.

Career Opportunities

- Child Care Educator

Entry Requirements

Internal Progression Route....

- Any MCAST MQF Level 3 Diploma

OR 4 SEC / SSC&P or equivalent with a Pass Grade / Level 3 Compulsory: English Language AND Maltese AND Mathematics

Other notes related to this programme

Prior to embarking on a Work Placement (successful completion of which is an integral part of the accredited programme of studies, leading to certification), learners need to: o satisfy the requirements of the Protection of Minors Act (POMA); o satisfy specific immunisation requirements by presenting a formal and valid vaccination card with a complete vaccination programme; o present a clean Police Conduct Certificate; o present a First Aid Certificate which will be valid upto at least successful completion of programme of studies; and Present a complete valid Paediatric First Aid course An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements,

applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Electrical Systems

EE4-A02-23 . Institute of Engineering and Transport . Electrical and Electronics Department

At a glance

MQF / EQF Level:	Level 4
Duration:	3 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course is intended for learners who wish to pursue a career as technicians in electrical power systems in both the domestic and the industrial sectors. The course includes the requirements set by the Regulator for Energy and Water Services (REWS) for the Electrical Wireman's Authorisation A and Authorisation B. This ensures a solid technical competence and understanding of the regulations and health and safety requirements governing the electrical installation industry. This course contains modules related to Photovoltaic Systems, Building Services and Electronic Control Systems that give candidates a solid grounding in the technologies involved in the building services industry. Candidates will also receive exposure to Mechanical Workshop practice.

Career Opportunities

- Electrical Technician (Plant),
- Technician in various Industries,
- Lead Industrial Electrician.

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma,
- OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: One subject from Engineering Technology OR Design and Technology OR Chemistry OR Mathematics or Physics. Applicants must present an official document, showing a positive clearance following a Colour Vision Assessment / Test, as approved by REWS as the Regulatory Authority in this area.

Other notes related to this programme

When submitting online application for this course, a scan of the original and official Colour Vision Test result needs to be uploaded together with all other documentation required. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Environmental Sustainability

AS4-W03-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

Awareness of environmental sustainability and related environmentally-based sectors is growing rapidly in Europe, with the Maltese government recently introducing various laws and standards on reducing global warming, climate change, low carbon emissions and the need for conservation in general. This programme of studies includes topics related to environmental monitoring, even within manufacturing industries, that are fundamental to the development of environmental awareness, and provides the necessary practical skills and techniques. Employment is typically within environmental sustainability sector-based organisations, as well as within medium to large organisations that face many environmental challenges, such as waste management, alternative energy sources, traffic management and pollution, on a daily basis.

Career Opportunities

- Project Technical Assistant,
- Environmental Technologist,
- Environmental Analyst

Entry Requirements

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3, of which three (3) subjects must be from the following list: English Language, Mathematics, Physics, Chemistry, Biology, Design and Technology, Computer Studies, Environmental Studies

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Farriery and Animal Care

AG4-W04-26 . Institute of Applied Sciences . Centre for Agriculture, Aquatics, and Animal Sciences

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

The Advanced Diploma in Farriery and Animal Care provides learners with an integrated programme that combines professional farriery training with a broad and applied foundation in animal care, husbandry and rural studies. The farriery component develops learners' competence in hoof care, trimming, balance, forging and applied shoeing, underpinned by a strong understanding of equine anatomy, biomechanics, gait and hoof health. Learners are introduced to both hot and cold shoeing techniques, shoe design and modification, and the recognition of hoof and limb conditions relevant to farriery practice, with emphasis on welfare, safety and professional standards. To complement farriery, the animal care component provides learners with a solid grounding in veterinary nursing and animal care, animal anatomy and physiology, animal nutrition, and horse husbandry, enabling them to understand animal health, behaviour and daily management across a range of settings. The programme also develops essential employability skills, preparing learners for effective communication, digital competence and workplace readiness. Learning is reinforced through extensive practical sessions and work-based learning, ensuring that graduates gain real-world experience and confidence in professional environments. By the end of the course, learners will have acquired a balanced combination of technical farriery skills, animal care knowledge, and transferable competencies, enabling them to contribute responsibly and effectively to the equine and animal care industries, pursue employment or continue their studies in related vocational or professional pathways.

Career Opportunities

- Farrier,
- Stable Assistant Manager,
- Animal Care Worker,
- Animal Sanctuary Warden

Entry Requirements

Internal Progression Route....

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

Advanced Diploma in Fashion and Retail

CA4-A01-23 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course is designed to address the skills shortages in the fashion design and production sector. Learners will acquire important skills required for the fashion retail sector, together with basic entrepreneurial knowledge to support those learners who would like to set up their own atelier in the future. The first year of the programme offers learners the cultural, theoretical and creative aspects of the subject. Another important area is pattern drafting and sewing techniques, in preparation for the second year. The second year of studies provides learners with the opportunity to develop further their knowledge and skills in the specialisation. They will follow an apprenticeship as well as present their own design concepts in a fashion collection as their final major project.

Career Opportunities

- Junior Designer in the Fashion Industry,
- Junior Producer in an Atelier,
- Assistant in a Fashion Marketing Department,
- Assistant in Fashion Merchandising,
- Assistant in Fashion Retail and Customer Care

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

Applicants may be asked to sit for an Interview and/or present a Portfolio. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Advanced Diploma in Finance and Insurance

BC4-A02-24 . Institute of Business Management and Commerce

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course is aimed at people who would like to venture in one of the many careers related to financial services. The first year of studies introduces learners to generic areas of financial services including the world of insurance. In the second year of studies, learners will then choose an area of specialisation. Specialisation can be either in financial services or else in insurance. This approach ensures that any learner following this course is exposed to different areas of the financial services world, thus giving them better flexibility in career prospects. Learners choosing the main area of expertise will be very strong in the specific area chosen, while having a good understanding of the other area.

Career Opportunities

Within the Insurance Industry:

- Account Handler,
- Claims Handler,
- Insurance Claims Surveyor,
- Insurance Clerk,

Within the Financial Services Industry:

- Bank Cashier,
- Clerical and other Officer roles within Banks and other Financial Services Institutions

Entry Requirements

Internal Progression Route....

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: English Language AND Mathematics

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Advanced Diploma in Fish Management

AG4-W02-23 . Institute of Applied Sciences . Centre for Agriculture, Aquatics, and Animal Sciences

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

This programme of study offers learners a wide perspective of different aspects of fish management and will provide them with a broad knowledge and aptitude related to the fish husbandry sector and industry. Learners will acquire knowledge, skills and competences in both the farmed and ornamental fish husbandry industries. This programme of study also exposes learners to key concepts related to wild stock fisheries management. The programme will give an opportunity to learners to gain experience while learning new skills. They are constantly encouraged to relate theory to practice at all stages through assignments, projects, practical work and work placements. Scheduled fish husbandry duties form an integral part of the curriculum.

Career Opportunities

- Fish Farm Attendant,
- Aquaculture/Aquatic Technician,
- Hatchery Assistant,
- Aquarium Maintenance Technician

Entry Requirements

Internal Progression Route....

Advanced Diploma in Food Technology

AS4-A01-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

The food and beverage industry is a dynamic sector which requires a number of highly skilled technical people to cope with constantly changing customers' demands and new innovative production technologies. Food technologists monitor day-to-day manufacturing activities; ensure that safety and quality standards are met; improve existing products and design innovative foods and drinks. This is a multidisciplinary programme offered across four Institutes and includes topics on food analysis, product manufacturing, food safety, cost accounting and product design. The programme provides learners with the opportunity to gain knowledge of the industry and insights into the relevant tools and skills through work-based elements. This programme prepares learners for employment within SMEs as well as medium to large organizations which produce a range of food and drink products.

Career Opportunities

- Food Analyst,
- Food Technologist,
- Food Product Development Technologist,
- Food Production Supervisor,
- Food Processing Technician,
- Food Quality Control/Quality Assurance Technician

Entry Requirements

Internal Progression route....

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

Advanced Diploma in Hairdressing

CS4-A05-23 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme of studies provides greater insight on advanced hairdressing techniques and better understanding of the requirements when working as a salon owner/manager. This course is aimed at learners who have obtained certification in the basic skills of hairdressing by completing the Level 3 Diploma in Hairdressing and want to proceed to more advanced techniques ranging from consulting to colouring, advanced cutting and styling. This course equips learners with the knowledge and skills to provide a holistic hair service to clients. Learners are given ample opportunity to practice through hands-on practical sessions and professional salon experience. As part of the course, the learners are expected to practice hairdressing services within the inhouse salon at the Institute of Community Services. The course also equips learners with competences required to manage a professional hairdressing salon including knowledge in areas such as human resources management, legislative measures, basic accounting and marketing concepts. The MCAST Advanced Diploma in Hairdressing also covers men's haircutting and barbering. Alternatively, learners who complete successfully this two-year full-time course may wish to consider furthering their studies by progressing to a Bachelor in Vocational Education and Training 4.0. Which can lead to becoming a teacher in Vocational Education in secondary schools. Learners are required to purchase the necessary hairdressing accessories at the beginning of the academic year.

Career Opportunities

- Hair Salon Manager,
- Hair Stylist

Entry Requirements

Internal Progression Route....

- MCAST Diploma in Hairdressing (Women)

OR City and Guilds (UK) Hairdressing - Level 2 (UK)

Other notes related to this programme

It is to be noted that the entry requirements as set above, are very specific and do not come with consideration for any comparability or equivalence.

Advanced Diploma in Health Sciences

AS4-W04-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

This programme of study has been developed to prepare individuals for health-related careers. The study units deal with the anatomy and physiology of the human body and the physical and psychological changes due to aging, and will help learners to build competences that will help when dealing with people with health issues and challenging behaviour. Through work placements, learners will get the opportunity to develop the skills and competences required to work within the health sector.

Career Opportunities

- Allied Health Assistant,
- Paramedic Aide

Entry Requirements

Internal Progression Route....

- MCAST Diploma in Applied Science, or
- MCAST Diploma in Health and Social Care, or
- MCAST Diploma in Social Care, or
- Any MCAST MQF Level 3 Diploma, whilst being in possession of the compulsory subjects as indicated hereunder OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: English Language AND Mathematics AND Biology / Health and Social Care

Other notes related to this programme

Applicants will be subject to an occupational health screening to establish their suitability for the Placement which is a mandatory part of this programme. Once course would have started, failure to present a successful health screening (as per an established and set Protocol) , will result in not being in a position to start the work placements. This will eventually preclude the student from a successful completion of course. Prior to embarking on Work Placement, student must also provide evidence of a clean police conduct certificate. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Advanced Diploma in Heating, Ventilation and Air Conditioning

BL4-A01-23 . Institute of Engineering and Transport . Building Services Department

At a glance

MQF / EQF Level:	Level 4
Duration:	3 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme of study gives participants the knowledge and skills that are required by the Heating, Ventilation and Air Conditioning (HVAC) industry. Learners will be expected to carry out system modifications and customization. The course is based on College-based training as well as work-based learning. Learners will gain an in-depth knowledge and experience which may lead them to supervisory roles in the HVAC sector. During the course learners are given the opportunity to develop personal skills and attributes essential for a successful performance in related careers. Applicants need to be able to work within the industries concerned.

Career Opportunities

- Heating, Ventilation and Air Conditioning Technician,
- Refrigeration Technician,
- FGAS Licensed Technician (subject to respective authority approval)

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: One subject from Engineering Technology OR Design and Technology OR Chemistry OR Mathematics OR Physics

Other notes related to this programme

When submitting online application for this course, a scan of the original and official Colour Vision Clearance result duly filled in and endorsed by a Medical Practitioner, needs to be uploaded together with all other documentation required. Without Color Vision clearance, the application cannot be processed towards successful Student Registration on course - it is part and parcel of the Course's entry condition. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Advanced Diploma in Industrial Electronics with specialisation options in: - Computer Technology - Biomedical Technology - Telecommunications Technology - Control Technology - Electrical Power Technology or - Electronic Circuit Manufacturing

EE4-A20-23 . Institute of Engineering and Transport . Electrical and Electronics Department

At a glance

MQF / EQF Level:	Level 4
Duration:	3 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course provides a comprehensive understanding of electronics including different aspects through classroom and hands-on workshops and projects. Learners are introduced to the design and development of electronic systems in various fields, such as industrial electronics, transportation, manufacturing, computer technology, communications and embedded systems. In the first and second year of the course, core aspects of various electronic technologies are covered, while in the final year, learners must choose elective modules from the following areas: Computer Technology, Biomedical Technology, Telecommunications Technology, Control Technology, Electrical Power Technology, or Electronic Circuit Manufacturing. The availability of certain elective modules depends on a minimum number of applications.

Career Opportunities

- Electronics Technician,
- Technician in various industries

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: One subject from Engineering Technology OR Design and Technology OR Chemistry OR Computing OR Mathematics OR Physics.

Other notes related to this programme

The first two years of this Programme are the same for all option streams. Specialisation will be formally chosen at end of year 2 of Programme. Only specialisation streams with enough students registering for them at end of year 2, will be running in year 3 of Programme. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their

past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in IT (Computer Systems and Networks)

IT4-A01-23 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

The Advanced Diploma in Computer Systems and Networks offers a diversity of units with innovative learning material and labs. The course provides ample hands-on experience to engage learners in acquiring practical skills and knowledge to assist them with establishing a career within the IT field. The duration of this programme is spread over two years the first entailing units are common to all IT streams. The intent is to ensure that learners broaden their knowledge beyond the central area of study. Lastly, the second focuses on the core aspects of routing, switching, infrastructure design principles and virtualisation techniques to implement and manage a small to a medium-sized enterprise network environment. Finally, work-based learning is also delivered utilising apprenticeship schemes to ensure that learners are adequately prepared and competent for the industry. This essentially empowers them and allows them to apply their skills in real-life environments and obtain knowledge to aid them in their studies.

Career Opportunities

- Junior/Assistant Systems Administrator,
- Junior/Assistant Network Administrator,
- Junior/Assistant Database Administrator,
- End User Support

Entry Requirements

Internal Progression Route....

- MCAST Diploma in IT, or
 - MCAST Diploma in iGaming, or
 - Any MCAST MQF Level 3 Diploma, whilst being in possession of the compulsory subjects as indicated hereunder
- OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: Mathematics AND Compulsory: One subject from Computer Studies OR Physics OR Information Technology OR IT -VET OR ICT C3 pass grade at level 3

Other notes related to this programme

In view of Entry Requirements for course, ECDL or ICDL Certification, are not considered as replacing any part of the pool of Compulsory Subjects An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School

Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced diploma in IT (IGaming)

IT4-A05-23 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

The Advanced Diploma in iGaming is the next level up from the diploma route, and provides hands-on experience to learners targeting junior roles in this innovative sector. It can also serve as a precursor to Software Development, iGaming, Digital Games or Business Analytics degrees. This two-year programme provides a balance of core software, web and mobile app/game development skills alongside advanced digital marketing, SEO, database design and implementation, advanced Mathematics, Data Analytics and Visualisation. The first year of this programme focuses on providing learners with core development skills whereas the second year provides further specialisation and puts the core skills to good use through work-based learning (subject to eligibility), real-world implementations and projects. Upon completion of this programme, skilled individuals targeting this sector will be in a position to build a comprehensive portfolio. *Apprenticeship is subject to iGaming legal requirements. Please note that applicants who are not yet 18 years of age can still apply for the course and will be doing a replacement unit.

Career Opportunities

- Junior Front End Developer,
- Junior Applications Developer,
- Junior Mobile Applications Developer,
- Junior Analyst,
- Junior Affiliate Specialist/Marketer,
- Junior Content Creator

Entry Requirements

Internal Progression Route...

- MCAST Diploma in IT, or
- MCAST Diploma in iGaming, or
- Any MCAST Level 3 Diploma, whilst being in possession of the compulsory subjects as indicated hereunder

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: Mathematics And Compulsory: Computer Studies or Physics or Information Technology* * Information Technology refers to SEC at Grade 5 or higher, or SSCP IT-VET at MQF 3 or equivalent. (where applicable) MCAST also gives due recognition to ICT C3 as will be shown on the applicant's SSCP Applicants with a good working knowledge of English Language will benefit from a more positive learning experience throughout the course.

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in IT (Multimedia Software Development)

IT4-O03-23 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The world wide web is one area that is growing fast in terms of the skills needs of companies. Multimedia is the incorporation of text, sound, graphics, animation, still images and video in conjunction with computer technology. This course will provide the learners with the core software development skills along with the necessary knowledge for multimedia artefact development, manipulation and integration. The first year of this course will be common for all learners following Advanced Diploma studies. During the second year, learners will focus on Multimedia and Software Development oriented subjects such as game development and mobile application development. This is a technical course for learners with an artistic inclination.

Career Opportunities

- Junior Front End Developer,
- Junior Game Developer,
- Junior Application Developer,
- Junior Mobile Application Developer

Entry Requirements

Internal Progression Route....

- MCAST Diploma in IT, or
- MCAST Diploma in iGaming, or
- Any MCAST Level 3 Diploma, whilst being in possession of the compulsory subjects as indicated hereunder

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: Mathematics AND Compulsory: One subject from Computer Studies OR Physics OR Information Technology OR IT -VET OR ICT C3 pass grade at level 3

Other notes related to this programme

In view of Entry Requirements for course, ECDL or ICDL Certification, are not considered as a replacement to any part of the pool of Compulsory Subjects An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants

must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in IT (Multimedia Software Development)

IT4-O03-23G . Gozo Campus

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time

Advanced Diploma in IT (Software Development)

IT4-O04-23 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The Advanced Diploma in Software Development is a practical, hands-on qualification ensuring that learners utilise the most up-to-date practices and current programming languages. This course is the first step towards becoming a software developer. It will provide the learners with the core software development skills along with the necessary knowledge for the design and development of software applications. The first year of this course will be common for all learners following the Advanced Diploma. During the second year of studies learners will focus on Software Development subjects, such as: server side and client side scripting; database design and development; and mobile application development.

Career Opportunities

- End User Support,
- Junior Software Tester,
- Junior Software Developer,
- Junior Database Developer,
- Junior Web Developer

Entry Requirements

Internal Progression Route....

- MCAST Diploma in IT, or

Advanced Diploma in Land Surveying

CE4-A22-26 . Institute of Engineering and Transport . Construction Engineering Department

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course is based on both off-the-job and on-the-job training and gives an in-depth knowledge and experience of the general requirements and specialist areas related to the field of building and construction namely, Land Surveying. Knowledge gathered throughout the course program will enable the learner to carry out duties, at a professional and technical level, that are continuously required in an architect's office or firms dealing in the building construction and civil engineering projects related to Land Surveying, Infrastructural Projects and Project Management. The demand for qualified land surveyors is increasing and this course will allow students start a career in this field. Land surveying is a critical process that plays a vital role in various aspects of construction, real estate, and land development. It involves measuring and mapping land boundaries, topography, and features to provide accurate data for responsible decision-making. The course will give learners the required technical abilities in this specialisation.

Career Opportunities

- Assistant project manager
- Tendering & estimating technician
- Construction site supervisor
- Land surveyor

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 (minimum 60 credits) Diploma or equivalent in an Engineering Field

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory one subject from Engineering Technology or Design and Technology or Graphical Communication or Chemistry or Mathematics or Physics

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Light Vehicle Maintenance

MV4-A07-23 . Institute of Engineering and Transport . Land Transport Department

At a glance

MQF / EQF Level:	Level 4
Duration:	3 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This qualification is for candidates wanting to develop some of the essential skills and understanding in motor vehicle systems. Learners will be able to identify hazards and risks in the automotive environment and work safely with equipment, materials and products. Learners should also gain a good knowledge of tools and measuring devices as well as of routine light vehicle maintenance. Learners will be expected to develop an understanding of the construction and operation of common steering, suspension, engines and many important systems (including mechanical and electrical) as well as procedures involved in the inspection, serviceability, adjustments, removal and replacement of components and the evaluation of their performance.

Career Opportunities

- Motor Vehicle Technician

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: One subject from Engineering Technology OR Design and Technology OR Chemistry OR Mathematics OR Physics.

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Manufacturing

ME4-A08-23 . Institute of Engineering and Transport . Mechanical Engineering Department

At a glance

MQF / EQF Level:	Level 4
Duration:	3 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme provides the necessary knowledge, understanding and skills to those learners who wish to start an interesting career as a technician in today's highly technological area of manufacturing engineering. This qualification provides access to more specialist units and therefore broadens and deepens the experience in preparation for actual work situations. The learner will learn how to perform basic engineering operations in a safe and efficient manner, whilst safeguarding the environment. The learner will understand basic scientific and mathematical theories and how to apply these to manufacturing engineering processes such as draughting, design, problem solving, and machining. This course includes work-related training and practice. Applicants have to be able to work within the industries concerned.

Career Opportunities

- Machine Setter,
- Mechanical Engineering Technician,
- Production Planning Officer,
- Mechanical Engineering Draughtsperson,
- Manufacturing Line Technician

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma delivered by the Institute of Engineering and Transport, or
- Any MCAST Level 3 Diploma, whilst being in possession of the compulsory subjects as indicated hereunder

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: One subject from Engineering Technology OR Design and Technology OR Chemistry OR Mathematics OR Physics.

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Marine Engineering

MS4-A04-23 . Institute of Engineering and Transport . Centre for Maritime Studies
Department

At a glance

MQF / EQF Level:	Level 4
Duration:	3 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme is the first step for those who wish to embark on a career in the maritime sector, with opportunities being available both locally and internationally. The course introduces the basics of engineering related to marine vessels and is ideal for those who wish to be introduced into this sector and obtain a formal vocational qualification. After successful completion of the course, the learner will have formed sound theoretical and practical competences. This course includes work-related training and practice.

Career Opportunities

- Marine Engineering Technician,
- Ship Repair Technician,
- Ship Repair Fitter

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: One subject from Engineering Technology OR Design and Technology OR Chemistry OR Mathematics OR Physics.

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Marketing

BC4-A05-23 . Institute of Business Management and Commerce

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme is aimed at giving learners the knowledge and knowhow of the main areas related to marketing. Learners will address areas of Digital Marketing, Sales, Advertising, Public Relations and Customer Care, amongst others in some detail. The insight in these different areas provides the student with the ability to work in different areas of marketing. The learner will also have the opportunity to apply the theory learned in class in practice through the Apprenticeship placement.

Career Opportunities

- Brand/Sales Executive,
- Customer Care Coordinator,
- Digital Marketing Assistant/Executive,
- Media Officer,
- Social Media Coordinator,
- Public Relations Officer,
- Sales Representative,
- Selling and Sales Coordinator,
- Project Manager Assistant

Entry Requirements

Internal Progression Route....

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP or equivalent, with a Pass Grade / Level 3 Compulsory: English Language

Other notes related to this programme

Applicants with basic IT skills and working knowledge of basic office applications will better benefit from a positive learning experience throughout the course. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past

achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Masonry Heritage Skills (Mastru)

CE4-A03-25 . Institute of Engineering and Transport . Construction Engineering Department

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course of study gives learners the necessary knowledge and skills in the area of stone restoration and conservation. It offers learners the competences they will need in order to be able to analyse and generate solutions concerning typical restoration interventions. The practical training is carried out in College-based workshops and laboratories as well as on heritage sites. Throughout the programme learners will have the unique opportunity to work on historical heritage sites and structures to master maintenance, protection and preservation skills, and apply cleaning and testing techniques. Applicants have to be able to work within the industries concerned.

Career Opportunities

- 'Mastru' in the field of stone masonry heritage skills,
- Stone masonry heritage sites Supervisor,
- Operator in the Restoration of masonry cultural heritage

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 (minimum 60 credits) Diploma or equivalent
- OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Operations and Maintenance

ME4-A05-23 . Institute of Engineering and Transport . Mechanical Engineering Department

At a glance

MQF / EQF Level:	Level 4
Duration:	3 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This programme provides the necessary knowledge, understanding and skills for the future to those learners who wish to start a fulfilling career as a technician in the area of operations and maintenance engineering. Learners will have the opportunity to learn basic scientific and mathematical methods to apply in subjects such as thermodynamics and heat engines. Learners will be exposed to the different materials used in common engineering situations and their properties. This qualification not only provides access to more specialist units but it also broadens and deepens the learners' experience in preparation for the real world of work. This course includes work-related training and practice.

Career Opportunities

- Maintenance Fitter/Technician,
- Plant Technician

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma delivered by the Institute of Engineering and Transport, or
- Any MCAST Level 3 Diploma, whilst being in possession of the compulsory subjects as indicated hereunder OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: One subject from Engineering Technology OR Design and Technology OR Chemistry OR Mathematics OR Physics.

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Performing Arts

CA4-W03-23 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

This programme is an opportunity to develop an advanced understanding of the performing arts industry, its structures and practices. In the first year, learners will develop a fundamental understanding of the performance, design, technical, and management aspects of the industry. Training in these areas will enable learners to contextualise past and present practices in the performing arts. They will also engage with well-being practices for a holistic preparation to more advanced learning and work in a complex industry. Following the successful progression from their first year, students have the opportunity to advance their training in four specific areas within the performance, design, technical and management domains. Learners will also develop entrepreneurial skills, and be given a work-based learning opportunity within a related private or public entity. They will also learn basic skills for performing in front of a camera. Ultimately, learners will be able to apply all their skills in the production and presentation of a performance. At the end of this course, learners will be geared to pursue a variety of work opportunities in the industry, or to further their studies in undergraduate performing arts programmes.

Career Opportunities

- Assistant Performing Arts/Events/Stage/Logistics Manager,
- Assistant Designer (Props, Costumes),
- Technical Assistant (Light/Sound Design),
- Performer (Acting, Dance, Music)

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

As part of the eligibility process, applicants in possession of above requirements will be required to sit for an interview and audition, which will determine eligibility for the course. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances.

Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Phlebotomy

AS4-W08-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

This course is designed to provide the learner with the theoretical and practical skills required for phlebotomy, which is probably the most common invasive procedure in health care settings. The process of collection of blood samples directly affects the quality of these specimens and hence is of utmost importance for the quality of the laboratory results and, ultimately, the quality of treatment that is delivered to the patient. The health and safety of patients and phlebotomists is also a topic of great importance, which is also addressed since the latter carry out dangerous practices, which render them prone to incidents such as needle-stick injuries, and both groups are also susceptible to transmission of disease.

Career Opportunities

-

Entry Requirements

Internal Progression Route....

- MCAST Diploma in Applied Science, or
- MCAST Diploma in Health and Social Care, or
- MCAST Diploma in Social Care, or
- Any MCAST Level 3 Diploma, whilst being in possession of the compulsory subjects as indicated hereunder

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: English Language AND Mathematics AND Biology / Health and Social Care

Other notes related to this programme

Applicants will be subject to an occupational health screening to establish their suitability for the Placement which is a mandatory part of this programme. Once course would have started, failure to present a successful health screening (as per an established and set Protocol), will result in not being in a position to start the work placements. This will eventually preclude the student from a successful completion of course. Prior to embarking on Work Placement, student must also provide evidence of a clean police conduct certificate. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such

instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Photography

CA4-W04-24 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

The photographic industry requires young creatives who want to take the plunge into the world of professional image making. The industry requires competitive young professionals who can meet the on-going clients' demands for fresh and unique ideas for images in a variety of contexts. This course focuses on giving prospective photographers a very near real-life educational experience of what can be experienced in the photographic industries. Learners are exposed to the specialist areas of location photography, editorial photography and studio photography. Towards the end of each academic year the learners develop their own thematic photographic concepts and produce two major photographic projects. The course also includes DSLR and mirrorless photography, studio photography, studio lighting, monochrome darkroom photographic printing, and relevant post-production techniques using Adobe Photoshop.

Career Opportunities

- Assistant Photographer,
- Junior Photo Journalist,
- Junior Studio Photographer,
- Junior Photo-Editor,
- Photographer Retail Attendant,
- Junior Photographer (corporate)

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

Applicants may be asked to sit for an Interview and/or present a Portfolio. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route.

Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances.

Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Quantity Surveying

CE4-A23-26 . Institute of Engineering and Transport . Construction Engineering Department

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course is based on both off-the-job and on-the-job training and gives an in-depth knowledge and experience of the general requirements and specialist areas related to the field of building and construction namely, Quantity Surveying. Knowledge gathered throughout the course program will enable the learner to carry out duties, at a professional and technical level, that are continuously required in an architect's office or firms dealing in the building construction and civil engineering projects related to Quantity Surveying, Infrastructural Projects and Project Management. The course equips learners with an understanding of construction processes, measurement of works, basic cost estimation, their role in supporting cost control and the use of standard documentation related to construction projects.

Career Opportunities

- Assistant project manager
- Assistant quantity surveyor
- Tendering & estimating technician

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 (minimum 60 credits) Diploma or equivalent in an Engineering Field

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory one subject from Engineering Technology or Design and Technology or Graphical Communication or Chemistry or Mathematics or Physics

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Robotics, Drone Technology, Automation and Artificial Intelligence

EE4-A09-23 . Institute of Engineering and Transport . Electrical and Electronics Department

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course presents learners with introductory knowledge about artificial intelligence and machine-learning techniques, followed by automation systems, robots and drone functionality. Learners will have the opportunity to use various AI hardware and software tools to control a range of input and output devices, apply various forms of signal conditioning, use embedded systems and apply communication standards. This course is designed in a way that supports learners in understanding the operating characteristics and concepts of drones, automation and robotic systems through hands-on experiments. Additionally, students are guided to develop the skills required to design, install, troubleshoot, maintain and programme such systems.

Career Opportunities

- Automation Technician,
- Artificial Intelligence Technician,
- Autonomous Vehicle Technician,
- Technician in the Manufacturing Industry

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Compulsory: One subject from Engineering Technology OR Design and Technology OR Chemistry OR Computing OR Mathematics OR Physics.

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Social Care

CS4-W02-23 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Year . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

This is a two-year full-time programme of studies during which the learner becomes better acquainted with the specialised services offered by different agencies and organisations in the care sector. Lectures deal with delivering personal care, sociological and psychological perspectives in care, legislation, communication skills and health practices. Lecturers will present scenarios which are dynamic and thought-provoking allowing the learners to be prepared to work in challenging environments dealing with vulnerable individuals. A work-based learning component is included in the framework of this programme.

Career Opportunities

- Social Support Worker

Entry Requirements

Internal Progression Route....

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

Prior to embarking on a Work Placement (successful completion of which is an integral part of the accredited programme of studies, leading to certification), learners need to: o satisfy the requirements of the Protection of Minors Act (POMA); o satisfy specific immunisation requirements; o present a clean Police Conduct Certificate; and o present a First Aid Certificate which will be valid upto at least successful completion of programme of studies. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Advanced Diploma in Sport (Development, Coaching and Fitness)

CS4-W03-23 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

This is a full-time programme with a strong emphasis on the theoretical and practical components of sports and fitness. The course looks into coaching, fitness and sports development, basic sports science fundamentals and includes modules related to sports injuries and sports as a business venture. Placement experience provided throughout the course further strengthens these abilities. During the two years of this programme of studies, the learner will be exposed to an array of activities that will enrich their experience in the world of sports and fitness.

Career Opportunities

- Fitness Instructor,
- Foundations Coach,
- Sport Activity Organiser

Entry Requirements

Internal Progression Route....

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3 Medical Clearance is required before being found eligible for course

Other notes related to this programme

Closer to the opening of the Applications' Time-Window, a "Pre-Entry / Eligibility Fitness Medical Clearance Form" will be made available on the course's web page on MCAST website ('Full Time courses' Section). This will need to be filled in and signed by a Family Doctor / GP as well as endorsed by parents in instances of applicants who are under 18 years of age. When submitting an application for this programme of studies, this filled-in and signed document, needs to be part of the uploads submitted, in order for the application to be processed. Without that upload, the application will not be processed during the Admissions period (Summer 2025) An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Advanced Diploma in Transportation, Logistics and Supply Chain Management

AE4-A22-24 . Institute of Engineering and Transport . Aviation, Transportation and Logistics Department incl. Aircraft Maintenance Training Centre

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

One of the core requirements of industry is the procurement, storage and dispatching of goods. In today's business world it has become imperative to effectively handle transportation and logistics. This course is intended for candidates who wish to embark on a career in this important sector. The course aims to develop professionals who are knowledgeable, technically competent and able to adapt in the transportation and logistics discipline as they embrace new technological advancements and challenges. It also prepares learners in social, entrepreneurial and leadership qualities towards tackling logistical challenges innovatively, creatively and ethically. Successful learners can progress to the Bachelor of Arts (Honours) in Business Enterprise.

Career Opportunities

- Logistics Management Officer,
- Warehouse Management Supervisor,
- Shipping Supervisor

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Advanced Diploma in Video Production

CA4-W06-23 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 4
Duration:	2 Years . Full-Time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Placement

Course Description

This programme is designed for prospective learners who wish to gain theoretical knowledge as well as practical skills and competences in the video production industry. The course, which focuses on hands-on learning, provides the learner with a solid foundation in audiovisual production, including the underlying concepts through practice. The student will also undertake a placement in industry to strengthen their competences in a working environment. Upon successful completion of the course, one can continue studies at degree level or enter the industry with a range of abilities to function in a modern and competitive industry.

Career Opportunities

- Camera Person,
- Video Editor,
- Audio Assistant,
- Production Assistant,
- Production Runner

Entry Requirements

Internal Progression Route...

- MCAST Diploma in Art and Design, or
- MCAST Diploma in Media

OR 4 subjects at SEC / SSC&P / SSQP or equivalent, with a Pass Grade / Level 3 or (for holders of Media Literacy at Level 2) 4 subjects at SEC / SSC&P / SSQP or equivalent, with a Pass Grade / Level 3 presenting Media Literacy at Level 2 in addition to the 4 SEC / SSC&P subjects - Media Literacy Portfolio needs to be submitted for review and evaluation in view of eligibility Applicants may be asked to sit for an Interview and/or present a Portfolio.

Other notes related to this programme

Any possible alternative qualifications (local and European) which may be presented instead of the above clearly set compulsory subjects, must very clearly be evidenced / documented as being equivalent to the set compulsory subjects in terms of Level, volume (in ects credits), and Content coverage. It will not be possible to consider variances, given the expected preparation and foundations in possession of the applicant asking to be considered for this MQF Level 4 programme of studies. An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their

School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Advanced Diploma in Welding and Fabrication

BL4-A05-23 . Institute of Engineering and Transport . Building Services Department

At a glance

MQF / EQF Level:	Level 4
Duration:	3 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This course combines theoretical knowledge and practical training carried out in College-based industrial workshops. Learners will be expected to participate individually and in teams to fabricate welded products. They will learn how to analyse and generate solutions related to typical fabrication using thin plates and pipes. Learners will also be given the opportunity to follow an Apprenticeship to improve their hands-on experience. In order to be able to appreciate the importance of good production management, supervised visits to complex production set-ups are organised during the course. Applicants need to be able to work within the industries concerned.

Career Opportunities

- Welding and Fabrication Technician (Welder and Fabricator),
- Welding and Fabrication Supervisor,
- Welding and Fabrication Designer,
- Pipe Welding Specialist (Pipe Welder and Fabricator)

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 3 Diploma

OR 4 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

An Applicant aged 21 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Certificate in Disciplinary Forces, Safety and Protection

CS4-O22-25 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 4
Duration:	1 Year . Full-Time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This course is intended for learners who have a good foundation of the daily practices of working within disciplinary forces and wish to augment that knowledge with enhanced skills. The learning outcomes of the course delve into niche areas of the roles within disciplinary forces for a deeper understanding of ways to work within the community and serve the purposes of the profession. The skills ensure better service to those seeking assistance and are attuned to the role of the forces within the local community and society in general.

Career Opportunities

- -

Entry Requirements

Internal Progression Route....

- Any MCAST MQF level 2 Foundation Certificate

OR Any 2 subjects at SEC / SSC&P / SSQP, or equivalent, with a Pass Grade / Level 3

Other notes related to this programme

A "Pre-Entry / Eligibility Fitness Medical Clearance Form" will be made available on the course's web page on MCAST website ('MCAST Full Time courses' Section). This will need to be filled in and signed by a Medical Professional Practitioner / GP as well as endorsed by parents in instances of applicants who are under 18 years of age. When submitting an application for this programme of studies, this filled-in and signed document, needs to be part of the uploads submitted, in order for the application to be processed. Without that upload, the application will not be processed during the Admissions period (Summer 2026)

Higher Diploma in Masonry Heritage Skills (Kapumastru)

CE5-001-26 . Institute of Engineering and Transport . Construction Engineering Department

At a glance

MQF / EQF Level:	Level 5
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The demand for the conservation and restoration of stone monuments and of historic buildings and artefacts is increasing. Likewise, those who manage projects involving various building materials are in great demand. This course is intended for those who would like to acquire knowledge and skills related to the conservation and restoration of buildings and monuments where the main construction material is the local limestone. They will be able to apply restoration and conservation techniques following best practices, both in College-based workshops and laboratories as well as on heritage sites. This course also provides quantity surveying skills as applied to restoration projects, as well as an introduction to project management, enabling learners to manage technicians working on restoration projects.

Career Opportunities

- 'Kapumastru' in the field of stone masonry heritage skills,
- Stone Masonry Heritage Sites Manager

Entry Requirements

Internal Progression Route...

- MCAST Advanced Diploma in Masonry Heritage Skills (Mastru), or
- MCAST Advanced Diploma in Cultural Heritage Skills, or
- MCAST Advanced Diploma in Construction Engineering

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

During the first year of this course students will be attending lessons in Institute of Engineering and Transport in the Poala campus and in the Institute of Creative Arts at the Mosta campus. During the second year of studies, students will be given the option to choose to continue studying the course Higher Diploma in

Masonry Heritage Skills (Kapumastru) or study the course Bachelor in Conservation (Honours) from year 2 of studies. Those students who achieve Higher Diploma in Masonry Heritage Skills (Kapumastru) can continue studying Bachelor in Conservation (Honours) from year 3 of studies to complete a degree.

Higher Diploma in Transportation, Logistics and Supply Chain Management

AE5-O14-25 . Institute of Engineering and Transport . Aviation, Transportation and Logistics Department incl. Aircraft Maintenance Training Centre

At a glance

MQF / EQF Level:	Level 5
Duration:	2 Years . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The course is intended for candidates who wish to embark or progress on a career in the transportation and logistics management. The Students after this course will acquire the relevant advanced academic and vocational logistics operations principles and skills. This would be enhanced by an understanding of how transportation modes support the smooth flow of goods between entities operating within global supply chains. Finally, the learners will also be properly equipped to succeed in the numerous dynamic challenges in local and global industries.

Career Opportunities

- Purchasing Agent,
- Logistics Analyst,
- Supply Chain Manager,
- Logistics Manager

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 4 Advanced Diploma

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Undergraduate Diploma in Auto Electronics and Electrical Technology

MV5-O01-25 . Institute of Engineering and Transport . Land Transport Department

At a glance

MQF / EQF Level:	Level 5
Duration:	1 Year . Full-time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The course is intended for qualified automotive technicians seeking to broaden their knowledge on Electric Vehicles and Hybrids. Students start from the fundamentals and concepts of electrical and electronic systems. Subsequently they are then gradually introduced to the advanced theory of Auto electrical and electronic control systems and microprocessor control systems. The course delves into the theory of Electrical Vehicles and Hybrids, including electrical machines, power electronics, and the different energy sources available on the market. The course also provides hands-on experience using diagnostic approaches that help students troubleshoot potential integration problems. Learners are also instructed to work with various electronics equipment and become familiar with various computer-controlled systems, diagnostic software test equipment and tooling.

Career Opportunities

- Hybrid and Electrical Vehicle Service Technician

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 4 (120 credits) Advanced Diploma in an Engineering or Science Area or IICT and Scientific Field

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Applicants must present an official document, showing a positive clearance following a Colour Vision Assessment / Test.

Other notes related to this programme

When submitting online application for this course, a scan of the original and official Colour Vision Test result needs to be uploaded together with all other documentation required. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Undergraduate Diploma in Foundations of Engineering

EE5-O01-21 . Institute of Engineering and Transport . Electrical and Electronics Department

At a glance

MQF / EQF Level:	Level 5
Duration:	1 Year . Full-time
ECTS Credits:	60 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The aim of this course is to provide learners with the competence required to be able to join the Bachelor of Engineering programmes and the Bachelor of Civil & Structural Engineering programme through the enhancement of knowledge, skills and competences in mathematics and physics. The programme also includes elective study units in electrical engineering, mechanical engineering, materials science, design studio and programming through sound theoretical and extensive hands-on approaches. Specialised construction related units will be offered to students taking the construction stream. This programme can also act as an exit point at MQF Level 5 for Advanced Diploma graduates, thus enabling successful candidates to achieve middle management engineering positions.

Career Opportunities

- Middle Management Positions,
- Technical Positions

Entry Requirements

Internal Progression Route...

- Any MQF Level 4 (at least 120 credits) recognised Qualification in an Engineering, Science or ICT field, OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Levels: Physics OR Mathematics (Pure or Applied)

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Bachelor in Conservation (Honours)

CA6-A12-23 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

This full-time undergraduate course in conservation-restoration studies provides the learner with the opportunity to obtain the fundamental knowledge, skills and competences in conservation-restoration in a particular area of studies on offer. After an initial common year, learners then have the possibility to focus on a specific area. During the three years, which include practice-led formation and internships, the learner appreciates the complex nature of conservation-restoration as an interdisciplinary endeavour in which the conservation-restoration graduate collaborates with other members of a multidisciplinary team under the supervision of a warranted conservator restorer, for the benefit of the heritage. Through the final-year dissertation project of choice the learner has the opportunity to delve into further detail within the area of focus. Learners who successfully complete this programme may enrol in the MCAST Master in Conservation, in partial fulfilment of the requirements to qualify for a warrant to practice according to the Cultural Heritage Act (CAP. 445) of the Laws of Malta

Career Opportunities

- Assistant Conservator,
- Restorer in the Heritage Sector

Entry Requirements

Internal Progression Route...

- MCAST Advanced Diploma in Cultural Heritage Skills*, or
- MCAST Advanced Diploma in Masonry Heritage Skills (Mastru)*, or
- any MCAST MQF Level 4 Advanced Diploma

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes. *Students progressing from the MCAST Advanced Diploma in Cultural Heritage Skills and from the MCAST Advanced Diploma in Masonry Heritage Skills, will be given preference in cases where the number of applicants exceeds the number of available places. Students who have achieved the Higher Diploma in Masonry Heritage Skills (Kapumastru) can continue their studies for the Bachelor in Conservation (Honours) from year 3 of studies to complete a degree.

Other notes related to this programme

Applicants may be asked to sit for an Interview and/or present their Portfolio. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their

successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Arts (Honours) in Animation

CA6-O13-24 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

Animation is a powerful storytelling medium that is becoming more accessible to the average person. It is a form of expression through which artists can create communicative and imaginative art for others to enjoy and appreciate. This degree introduces learners to the tools and techniques required to produce animated work using traditional and digital tools. Learners will start by exploring basic animation theory and mechanics, develop observational and drawing skills and study the fundamental principles of visual design, layout, and storyboarding. They will gain experience in producing traditional artwork for stop-motion and frame-by-frame animation and gain a working knowledge of 2D and 3D animation practices including cinematography, motion graphics, rigging, visual effects and sound design.

Career Opportunities

- Animator,
- Background Artist,
- Concept Artist,
- Game Artist,
- Graphic Designer,
- Illustrator,
- Motion Graphics Artist,
- VFX artist,
- Web Designer

Entry Requirements

Internal Progression Route...

- MCAST Advanced Diploma in Digital Design, or
- MCAST Advanced Diploma in Art and Design, or
- MCAST Advanced Diploma in Video Production, or
- MCAST Advanced Diploma in IT (Multimedia Software Development stream or Software Development stream only)

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Art or Graphical Communication or Computing Applicants may be asked to sit for an interview and/or present their portfolio.

Other notes related to this programme

Full MQF Level 4 Qualifications awarded by the Malta School of Art can be submitted as part of the required documents uploaded at point of application for this programme of studies, and will be reviewed accordingly with a view of considering, or otherwise, eligibility. Any possible alternative qualifications (local and European) which may be presented instead of the above clearly set compulsory subjects, must very clearly be evidenced / documented as being equivalent to the set compulsory subjects in terms of Level, volume (in ects credits), and Content coverage. It will not be possible to consider variances, given the expected preparation and foundations in possession of the applicant asking to be considered for this MQF Level 6 Degree programme of studies. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History.

Bachelor of Arts (Honours) in Aviation and Airport Management

AE6-O01-26 . Institute of Engineering and Transport . Aviation, Transportation and Logistics Department incl. Aircraft Maintenance Training Centre

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

Our BA (Hons) in Aviation and Airport Management has been developed in collaboration with senior industry representatives to address the growing demand for graduates who possess strong business skills and a comprehensive understanding of the global aviation industry. Aviation is a dynamic sector, encompassing everything from cutting-edge aviation engineering to the strategic management of international airlines and airports. This multidisciplinary program provides a solid academic foundation in key areas of aviation management, with a particular emphasis on the international business context. The learner will gain a deep understanding of the global business environment in which airlines and airports operate, through the study of economics, human resources, marketing, and finance. Students enrolled in the BA (Hons) in Aviation and Airport Management will have the opportunity to exit with a recognised qualification during the progress of the programme as follows:

- o Undergraduate Certificate - during the first year of the programme
- o Undergraduate Diploma - upon successful completion of the first year of the programme
- o Higher Diploma - upon successful completion of the second year of the programme
- o Bachelor of Arts (Honours) Degree - upon successful completion of third year of the programme

A core focus of the course is equipping the learner with the skills and knowledge needed to excel in a variety of aviation-related career paths, including airline operations management and strategy. Our lecturers, with their extensive industry connections, are well-positioned to offer valuable career advice tailored to the aviation sector. The program is designed to enhance the learner decision-making abilities at operational, international, and strategic levels. While the graduate will specialize in airline, airport, and aviation management, the course also ensures the development of transferable skills essential for a career in international business management. Our location in Malta places us close to the main offices of several leading aviation companies, just a short distance from Malta International Airport. Thanks to our strong industry links, we regularly host guest lecturers from airlines, airports, maintenance organizations, consultancy firms, and aircraft manufacturers. This offers students the opportunity to gain practical, career-relevant experience during their studies. However, it should be noted that MCAST does not guarantee the availability of work placements.

Career Opportunities

- Commercial Manager (Airlines/Airports)
- Cargo Operations Manager
- Terminal Manager
- Airport Duty Manager

- Airline Customer Service Manager
- Cabin Crew Manager*
- Compliance & Auditing Specialist (Aviation)
- Quality Assurance Manager (Aviation)
- Aviation Business Analyst
- Logistics Manager
- Supply Chain Manager

* Cabin crew attestation not included.

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 4 Advanced Diploma

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Bachelor of Arts (Honours) in Creative Media Production

CA6-O01-25 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This degree programme is intended to give learners the opportunity to work hands-on in creative environments and produce audio-visual content for both artistic and commercial practices. The course emphasizes content generation for the creative media and cultural industries. Learners will be initially exposed to key technical, conceptual, and critical aspects of media production. They will learn about the overarching principles and practices that underpin professional productions. This degree programme gives young professionals all the necessary tools and techniques to develop ideas for screen-based content. Learners are then be introduced to four main disciplines: Film; Documentary; TV and Digital Video, and then choose one discipline to specialise in it. This programme will give learners the opportunity to produce a fully fledged creative media production in one of the chosen disciplines as a final major production.

Career Opportunities

- TV Editorial Assistant,
- Film Content Producer,
- TV Content Producer,
- Film Production Runner,
- Film and TV Technical Operator

Entry Requirements

Internal Progression Route...

- MCAST Advanced Diploma in Video Production, or
- MCAST Advanced Diploma in Photography, or

Bachelor of Arts (Honours) in Early Years

CS6-W05-23 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Placement

Course Description

The Bachelor of Arts (Honours) in Early Years degree prepares learners to work in an Early Years setting with children aged three to five. Throughout the first two years of the course, learners cover different components of the required learning that leads students to become practitioners with further specialisation in more specific areas. Throughout the course learners experience placement within an early years setting to progressively become adept at working with a group of children using the emergent curriculum approach.

Career Opportunities

- Kinder Garten Educator,
- Child Care Centre Manager

Entry Requirements

Internal Progression Route....

- MCAST Advanced Diploma in Children's Care, Learning and Development, or
- MCAST Advanced Diploma in Health and Social Care, or
- MCAST Advanced Diploma in Social Care

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level or I-Level: Two subjects from Mathematics, English, OR Maltese and Compulsory: A pass at SEC/SSCP-Level in the subject that is not presented at A-level or I-level

Other notes related to this programme

Prior to embarking on a Work Placement (successful completion of which is an integral part of the accredited programme of studies, leading to certification), learners need to: o satisfy the requirements of the Protection of Minors Act (POMA); o satisfy specific immunisation requirements, by presenting a formal and valid Vaccination Card endorsing a complete vaccination programme; o present a clean Police Conduct Certificate o present a First Aid Certificate which will be valid upto at least successful completion of programme of studies; and o Present a complete valid Paediatric First Aid course Of particular interest to MCAST ICS Level 4 graduates forming part of the progression route to this Degree Programme: To progress to the third year of this Degree Programme, students must have obtained a pass in Maltese and English SEC level (Grade 5 or better). Alternatively, students can attend the preparatory lectures in Maltese and English proficiency delivered by the Institute throughout the second year of this Degree Programme, obtaining a mark of 50% or higher in the assessments. Only the proficiency tests successfully obtained throughout the second year of this Degree Programme (as explained above) are accepted, in lieu of the SEC levels. Entry requirements presented in this Prospectus, are intended for academic

purposes. Employers will eventually set their own job vacancy requirements which obviously need to be respected by all those applying for that particular vacancy. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Bachelor of Arts (Honours) in Fashion

CA6-A01-23 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

The Fashion industry is continuously evolving, and this degree programme aims to address the requirements in the various specialisations within the industry. The programme focuses on various spectrums such as fashion/costume design and production, as well as retail and marketing. Learners are supported by contextual studies to understand how fashion designers inspire their creativity. The degree programme provides learners with the specialist skills to create patterns using traditional techniques, as well as modern software (CAD/CAM) within fashion production processes, on small and mass production scales. Moreover, the programme offers specialist units addressing retail and marketing content. The programme targets new, evolving digital technologies for individuals who wish to set up their own firm with the required entrepreneurial skills, as well as those who wish to progress in the fashion business.

Career Opportunities

- Fashion Production Manager,
- Outlet Layout Designer,
- Fashion Merchandiser, Fashion Designer,
- Fashion Events Coordinator,
- Retail Manager,
- Fashion Marketing Manager,
- Customer Service Manager,
- Brand Manager,
- Fashion Entrepreneur

Bachelor of Arts (Honours) in Graphic Design

CA6-O04-23 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

Communicating messages successfully via graphic design requires a high level of understanding of the visual art of representation. This highly contextualised programme draws on contemporary design practice, together with theoretical and historical cultural material. The degree will equip learners with the knowledge to explore and challenge creative boundaries, through real-life design scenarios. They will hone their skills in fundamental design principles such as layout, form, typography, iconography and colour. Learners will analyse a wide range of professional design problems, and find creative and innovative solutions using various media. The main aim of this degree programme is to focus on design as a means for communicating meaningful messages, gathering content, organising information, creating and presenting narratives and experiences, while always looking ahead to affect change.

Bachelor of Arts (Honours) in Inclusive Education

CS6-W03-23 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Placement

Course Description

This programme of studies focuses on how educational institutions in general, and the classroom settings specifically, can become more inclusive to cater for different individual needs. The learners tackle a variety of study units aimed at identifying what barriers exist which may be preventing learners from accessing quality education. The study units also explore innovative techniques of how these barriers can be overcome so that all learners feel valued during compulsory schooling years. This course includes work placement opportunities held once every year aimed at observing good practices in different educational settings and developing a mindset of promoting inclusive communities that celebrate diversity and cater for the diverse needs of different groups of learners. The course subjects include child development, disability theories as well as different aspects of learning to allow learners to integrate learning for a cross curricular pedagogy.

Career Opportunities

- Learning Support Educator (LSE)

Entry Requirements

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory: One A-Level and one I-Level from Mathematics, English, Maltese, Philosophy, Sociology, Psychology

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Arts (Honours) in Interactive Digital Media

CA6-O05-23 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This degree programme prepares learners to work in various sectors within an ever-evolving digital industry by giving them exposure to creative design and software development techniques for interactive media content. Learners will receive a strong grounding in graphic design principles and programming techniques for games, website technologies and interactive installations. They will concurrently acquire applied knowledge in the fundamental practices of the industry by exploring user experience design, game design, and generative digital imaging techniques. In their final year of study, learners will be able to team up with students from other disciplines to create rich interactive experiences.

Career Opportunities

- Web Developer or Designer,
- Application Developer or Designer,
- Game Developer,
- 3D Artist,
- Technical Artist,
- UI and UX Designer

Entry Requirements

Internal Progression Route...

- MCAST Advanced Diploma in Digital Design, or
- MCAST Advanced Diploma in Art and Design, or
- MCAST Advanced Diploma in Photography, or
- MCAST Advanced Diploma in Video Production, or
- MCAST Advanced Diploma in IT (Multimedia Software Development stream or Software Development stream)

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Art or Computing Applicants may be asked to sit for an Interview and/or present their Portfolio.

Other notes related to this programme

Full MQF Level 4 Qualifications awarded by the Malta School of Art can be submitted as part of the required documents uploaded at point of application for this programme of studies, and will be reviewed accordingly with a view of considering, or otherwise, eligibility. Any possible alternative qualifications (local and European) which may be presented instead of the above clearly set compulsory subjects, must very clearly be evidenced /

documented as being equivalent to the set compulsory subjects in terms of Level, volume (in ECTS credits), and Content coverage. It will not be possible to consider variances, given the expected preparation and foundations in possession of the applicant asking to be considered for this MQF Level 6 Degree programme of studies. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History.

Further important information can be found under the respective Admissions FAQ
<https://mcast.edu.mt/maturity-clause/>.

Bachelor of Arts (Honours) in Journalism

CA6-W09-23 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Placement / Internship

Course Description

The journalism sphere offers exciting new career opportunities for individuals who are keen to learn and to offer a much needed service to society. Journalism is a vocation that can take learners to unimaginable places and lead them to meet extraordinary and diverse people. Learners will be expected to effectively analyse and report the events that shape our lives and the world around us. They will be guided to design, develop and produce news content using the latest audio-visual technologies and recording devices. Moreover, learners will explore how to present their journalistic works to the public in a variety of formats such as print, radio, television and online. Throughout this programme, learners will work on real-life case scenarios, applying theoretical knowledge to practical journalism and related projects, working both in teams as well as autonomously.

Career Opportunities

- News Journalist,
- Sports Journalist,
- Fashion Journalist,
- Business Journalist

Entry Requirements

Internal Progression Route...

- MCAST Advanced Diploma in Video Production, or
- MCAST Advanced Diploma in Photography

OR 2 subjects as A-Level passes and 2 subjects as I-Level Passes Compulsory I-Level: Maltese or English Language

Other notes related to this programme

Applicants may be asked to sit for an Interview and/or present their Portfolio. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Arts (Honours) in Performing Arts

CA6-W10-23 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Internship

Course Description

The professionalisation of the performing arts has been a national priority for the sector for the last few years. This multi and interdisciplinary undergraduate programme responds to this priority and gives learners the opportunity to work hands-on in creative environments through joint collaboration with industry stakeholders to manage and produce performing arts projects for both artistic and commercial practices. According to their chosen study-area/s (management, acting, dance, music, light, sound, costumes, set, props) learners acquire a broad range of skills and techniques focusing on performing arts productions, through critical analysis, research and practical assignments. In their final year, learners are given the opportunity to research and develop their own individual practice.

Career Opportunities

- Performance creation (direction, devising, dramaturgy, performing),
- Performance design (lights, sound, set/props, costume),
- Performance production management (including stage and front-of-house management),
- Events management,
- Performance marketing

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 4 Advanced Diploma

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes

Other notes related to this programme

As part of the eligibility process, applicants in possession of above requirements will be required to sit for an interview and audition, which will determine eligibility for the course. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Arts (Honours) in Photography

CA6-O06-23 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The photography industry offers very exciting career pathways. The world of photography is an open invitation to all individuals who are keen to frame the world through a critical lens, to be prepared to commit for the ever changing demands of the industry. The degree programme introduces learners to a variety of learning experiences, ranging from professional commercial photography to experimental image making. Learners will familiarise themselves with the basic foundations of image making in still photography, in both analogue and digital formats. They will explore still image recording and finishing for commercial and artistic endeavours using industry-standard equipment. In their final year, learners will be given the opportunity to research and develop their own individual visual language.

Career Opportunities

- Commercial Photographer,
- Fashion Photographer,
- Wedding Photographer,
- Photo Journalist or Editor,
- Fine Art Photographer,
- Professional Photo Editor

Entry Requirements

Internal Progression Route...

- Any MCAST MQF level 4 Advanced Diploma

OR 2 subjects as A-Level passes and 2 subjects as I-Level Passes Applicants may be asked to sit for an Interview and/or present their Portfolio.

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Bachelor of Arts (honours) in Procurement and Finance

BC6-W03-23 . Institute of Business Management and Commerce

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Placement / Internship

Course Description

This three-year bachelor degree intends to provide learners with a strong basis of procurement processes and supporting aspects. By applying theory to both public procurement procedures as well as those adopted within the private sector, this degree will expose learners to the various aspects of procurement management. This is coupled with a detailed understanding of the finance function, which in itself provides the students with the capability to carry out work more effectively. Management studies are also incorporated in the programme of studies, in a way as to provide the students with a launch pad into the heart of effective operations coordination in this dynamic area.

Career Opportunities

- Procurement Manager,
- Supply Chain Manager,
- Logistics Manager,
- Purchasing and Inventory Coordinator

Entry Requirements

Internal Progression Route....

- MCAST Advanced Diploma in Business Administration, or
- MCAST Advanced Diploma in Accounting, or
- MCAST Advanced Diploma in Finance and Insurance

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Accounts OR Marketing OR Economics

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Arts (Honours) in Product Design

CA6-O07-24 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This degree programme prepares learners to work in the creative design of design crafts and industrial products. Learners learn how to respond to complex design briefs by investigating different cultural, socio-economic contexts and the development of design products. They will take individual responsibility to research and effectively communicate their creative ideas using visual communication and CAD software to present technical and creative renders of effective product designs. Guided lectures will provide learners with knowledge on fundamental topics such as sustainability, environmental studies, functional design, traditional 3D production and innovative technologies, also supported with the necessary skills to transform their designs into physical prototypes within industry-based scenarios.

Career Opportunities

- Industrial Product Designer,
- Furniture Designer,
- Prop Designer for Stage or Set

Entry Requirements

Internal Progression Route...

- MCAST Advanced Diploma in Art and Design, or
- MCAST Advanced Diploma in Joinery, Furniture Design and Manufacturing, or
- MCAST Advanced Diploma in Manufacturing, or
- MCAST Advanced Diploma in Welding and Fabrication

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Art or Graphical Communication or Engineering Drawing or Physics Applicants may be asked to sit for an Interview and/or present their Portfolio.

Other notes related to this programme

Full MQF Level 4 Qualifications awarded by the Malta School of Art can be submitted as part of the required documents uploaded at point of application for this programme of studies, and will be reviewed accordingly with a view of considering, or otherwise, eligibility. Any possible alternative qualifications (local and European) which may be presented instead of the above clearly set compulsory subjects, must very clearly be evidenced / documented as being equivalent to the set compulsory subjects in terms of Level, volume (in ects credits), and Content coverage. It will not be possible to consider variances, given the expected preparation and foundations in possession of the applicant asking to be considered for this MQF Level 6 Degree programme of studies. An

Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History.

Bachelor of Arts (Honours) in Social Care Management

CS6-W01-25 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Placement

Course Description

The Social Care sector provides a number of professional career opportunities for successful learners to find engaging and rewarding employment at the end of this programme of studies. Throughout the duration of the three-year course, undergraduates are given the opportunity to participate in work placement experiences in related settings, once every year, to observe and learn different care practices and management styles. This programme of studies includes varied modules aimed at enhancing the undergraduates' knowledge in different social fields as well as skills and competencies in administration and management. Study units include Family Studies, Gender and Sexual diversity, European and Social Policy, Financial aspects and Quality assurance, and different units related to Management

Career Opportunities

- Administrative and/or Managerial positions within the Social Care Sector,
- Social Welfare Professional

Entry Requirements

Internal Progression Route....

- MCAST Advanced Diploma in Children's Care, Learning and Development, or
- MCAST Advanced Diploma in Health and Social Care, or
- MCAST Advanced Diploma in Social Care, or
- MCAST Advanced Diploma in Applied Science, or
- MCAST Advanced Diploma for Pharmacy Technicians, or
- MCAST Advanced Diploma in Health Sciences

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes and Compulsory: SEC/SSCP-Level Pass in English Language

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such

instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Arts (Honours) in Social Work

CS6-A06-24 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 6
Duration:	4 Years . Full-time
ECTS Credits:	240 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

The MCAST BA (Hons) in Social Work aims at nurturing social workers with the right knowledge, attitude and skills to fulfil this professional role to the highest standards. The degree will take four years to complete and is hands-on work based learning. During the working experience, educators and employers will support students in linking the world of employment with theory related to the role of social workers. The degree will lead to a social work profession, a career that supports individuals and families in addressing various social issues such as accessing services, providing services in schools, hospital settings or correctional facilities. Social work also targets larger scale interventions through research, working with non-governmental organisations and policymaking. The degree welcomes applicants from MCAST Advanced Diploma in Social Care as well as other learners coming from post-secondary education having obtained the MATSEC level, and those who have been working in social care and wish to further their skills. To progress to the second year of the course students must successfully complete specific units.

Career Opportunities

- Social Worker

Entry Requirements

Internal Progression Route....

- MCAST Advanced Diploma in Health and Social Care, or
- MCAST Advanced Diploma in Social Care

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes and Compulsory: SEC/SSCP-Level Pass in English Language

Other notes related to this programme

Once found eligible for this Degree Programme, and consequently become an MCAST registered student, the following needs to be noted. Before being eligible to continue to the second year of studies, students must successfully complete all year 1 units forming part of the programme structure, and in particular the following core units; CSSCW-506-2407 Introduction to Intra-Personal Skills and Reflective Practice CSSCW-506-2410 Interpersonal Skills and Working within Teamwork Similarly, prior to being able to start off the accredited Apprenticeship placement, the above two units forming part of the Degree programme structure must be successfully completed. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School

Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Arts (Honours) in Spatial Design

CA6-O08-24 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This degree aims to provide learners with the essential communication skills to visually interpret industry-related spatial design projects of both internal and external spaces. Learners will develop critical analysis and independent thinking to project management competences to transform three-dimensional volumes into innovative spatial experiences. They will explore constructional materials and technology to develop their projects, with attention to sustainability and the environment, considering also light effects in the design brief. Learners will also learn how to generate technical drawings and artistic visuals using CAD software to communicate concepts and details in a realistic manner, as well as develop model-making skills.

Career Opportunities

- Interior Designer,
- Stand Designer,
- Landscape Designer,
- Storage or Set Designer

Entry Requirements

Internal Progression Route...

- MCAST Advanced Diploma in Art and Design, or
- MCAST Advanced Diploma in Environmental Sustainability

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Art or Graphical Communication or Engineering Drawing or Physics Applicants may be asked to sit for an Interview and/or present their Portfolio.

Other notes related to this programme

Full MQF Level 4 Qualifications awarded by the Malta School of Art can be submitted as part of the required documents uploaded at point of application for this programme of studies, and will be reviewed accordingly with a view of considering, or otherwise, eligibility. Any possible alternative qualifications (local and European) which may be presented instead of the above clearly set compulsory subjects, must very clearly be evidenced / documented as being equivalent to the set compulsory subjects in terms of Level, volume (in ects credits), and Content coverage. It will not be possible to consider variances, given the expected preparation and foundations in possession of the applicant asking to be considered for this MQF Level 6 Degree programme of studies. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that

they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History.

<https://mcast.edu.mt/maturity-clause/>.

Bachelor of Engineering (Honours) in Electronics Engineering

EE6-O07-23 . Institute of Engineering and Transport . Electrical and Electronics Department

At a glance

MQF / EQF Level:	Level 6
Duration:	4 Years . Full-time
ECTS Credits:	240 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The aim of this degree programme is to develop learners into qualified engineers who are both academically prepared and practically trained to satisfy the requirements of the local electronics industry. Electronics is still a highly relevant and attractive technological field that has evolved at a rapid rate. This interdisciplinary field is practically used in every aspect of modern life as exemplified by the advances in computers and communications. The course will bring learners in contact with the modern technologies and gives an in-depth mix of knowledge and skills. A career in engineering is a career that is in high demand, interesting and versatile. Lectures include both a theoretic and hands-on approach. This course is recognised by the Board tal-Inginiera as a prerequisite for the application of the Engineering Warrant (Ing.) as established by ACT No. XLVIII of 2021.

Career Opportunities

- Design Engineer,
- Electronics Engineer,
- Electrical Engineer

Entry Requirements

Internal Progression Route...

- MCAST Advanced Diploma in Industrial Electronics (with an overall mark of 60% or higher), or
- MCAST Advanced Diploma in Electrical Systems (with an overall mark of 60% or higher), or
- MCAST Undergraduate Diploma in Foundations of Engineering

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Levels: Physics AND Mathematics (Pure or Applied) Applicants need to obtain an average Grade C across their A-Levels in Mathematics and Physics (such as Grades C, C; Grades B, D; Grades A, E)

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History.

Further important information can be found under the respective Admissions FAQ

<https://mcast.edu.mt/maturity-clause/>. Applicants submitting their application under the Maturity Clause, **MUST** be in possession of the MCAST MQF level 5 Undergraduate Diploma in Foundations of Engineering, in order for their application to be considered

Bachelor of Engineering (Honours) in Mechanical Engineering (Manufacturing)

ME6-W02-25 . Institute of Engineering and Transport . Mechanical Engineering Department

At a glance

MQF / EQF Level:	Level 6
Duration:	4 Years . Full-time
ECTS Credits:	240 ECTS Credits
Work Based Learning:	Placement / Internship

Course Description

This Mechanical Engineering degree programme provides the learners with a solid understanding of relevant engineering fundamentals and prepares them for a broad range of career options in the manufacturing field. This field is becoming increasingly more and more high tech. The programme is structured around studies which will develop in learners a firm understanding of principles and disciplines which are needed in the modelling, measuring, analysis and design of mechanical components and systems. On completing the course, graduates will be expected to demonstrate that they have assimilated the professional skills necessary for formulating and executing engineering projects. The course also provides training in teamwork and effective communication skills. This course is recognised by the Board tal-Inginiera as a prerequisite for the application of the Engineering Warrant (Ing.) as established by ACT No. XLVIII of 2021.

Career Opportunities

- Manufacturing Process Engineer,
- Engineering Designer,
- Quality Control Engineer,
- Engineering Manager,
- Production Engineer/Manager/Superintendent,
- Engineering Laboratory Manager,
- Mechanical Engineer

Entry Requirements

Internal Progression Route...

- MCAST Advanced Diploma in Manufacturing (with an overall mark of 60% or higher), or
- MCAST Advanced Diploma in Polymer Process Technicians (with an overall mark of 60% or higher), or
- MCAST Undergraduate Diploma in Foundations of Engineering

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Levels: Physics and Mathematics (Pure or Applied) Applicants need to obtain an average Grade C across their A-Levels in Mathematics and Physics (such as Grades C, C; Grades B, D; Grades A, E)

Other notes related to this programme

Applicants submitting their application under the Maturity Clause, MUST be in possession of the MCAST MQF level

5 Undergraduate Diploma in Foundations of Engineering, in order for their application to be considered. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Engineering (Honours) in Mechanical Engineering (Plant)

ME6-W03-25 . Institute of Engineering and Transport . Mechanical Engineering Department

At a glance

MQF / EQF Level:	Level 6
Duration:	4 Years . Full-time
ECTS Credits:	240 ECTS Credits
Work Based Learning:	Placement / Internship

Course Description

This degree programme in Mechanical Engineering is relevant to a range of industries, since it covers the key mechanical engineering principles and subject areas for the plant engineer. The course is therefore wide-ranging and it will develop the candidates' ability to apply these principles to solve engineering problems in a variety of work environments and business concerns. The course contains study-units in various areas such as Fluid Mechanics, Plant Technology, Control Principles, Control Engineering, Electrical Technology, HVAC, Vibration Analysis and Heat Engines. Additional managerial modules and modules in environmental engineering further enhance this programme so that graduates may add real value to the organisation that employs them. This course is recognised by the Board tal-Inginiera as a prerequisite for the application of the Engineering Warrant (Ing.) as established by ACT No. XLVIII of 2021.

Career Opportunities

- Mechanical Engineer,
- Engineering Plant Systems Designer,
- Mechanical Engineering Analyst,
- Hotel Engineer,
- Plant Engineer

Entry Requirements

Internal Progression Route...

- MCAST Advanced Diploma in Operations and Maintenance (with an overall mark of 60% or higher), or
- MCAST Undergraduate Diploma in Foundations of Engineering

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Levels: Physics AND Mathematics (Pure or Applied) Applicants need to obtain an average Grade C across their A-Levels in Mathematics and Physics (such as Grades C, C; Grades B, D; Grades A, E)

Other notes related to this programme

Applicants submitting their application under the Maturity Clause, MUST be in possession of the MCAST MQF level 5 Undergraduate Diploma in Foundations of Engineering, in order for their application to be considered An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to

confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) Civil & Structural Engineering

CE6-O03-25 . Institute of Engineering and Transport . Construction Engineering Department

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The programme is aimed at those students who would ultimately like to work in Civil and Structural Engineering. The aim of this three-year Bachelor's course is to provide learners with the knowledge, skills and competencies required in the various fields of this profession to the rigorous level necessary. Specific study units include design principles, mathematics, physics, material science and structural analysis, and the programmes have been designed to fulfil the MEng admission Schedule of the University of Malta as per regulations applicable at the time of writing of this prospectus. The Periti Warranting Board has confirmed that students who successfully achieve their Masters in Engineering from the University of Malta after having obtained their BSc from MCAST shall be recognised by the Periti Warranting Board. Notes: Both the University of Malta and the Periti Warranting Board are autonomous institutions and may decide to change requirements according to their internal regulatory mechanisms. Prospective students who are interested in continuing their studies at the University of Malta or any other institution are therefore responsible for checking the respective entry requirements (including required classification) with the University of Malta or their selected postgraduate institution before starting this MCAST BSc programme.

Career Opportunities

Civil & Structural Engineer (May be eligible for warrant after further studies at other tertiary institutions subject to the requirements of the Periti Warranting Board which need to be checked a priori by the prospective students)

Entry Requirements

Internal Progression Route...

- MCAST Undergraduate Diploma in Foundations of Engineering (Construction) with no compensatory pass allowed AND MCAST Advanced Diploma in Construction Engineering (with an overall mark of 60% or higher) OR
- MCAST Undergraduate Diploma in Foundations of Engineering (Construction) with no compensatory pass allowed AND 2 A-Level passes Compulsory: Mathematics (Pure or Applied) AND Physics OR 2 subjects as A-Level passes and 2 subjects as I-Level passes* Compulsory A-Levels: Physics AND Mathematics (Pure or Applied) Applicants need to obtain an average Grade C across their A-Levels in Mathematics and Physics (such as Grades C, C; Grades B, D; Grades A, E) *As from Admission 2028/2029, students will not have the possibility for entry into this course with 2 subjects as A-Level passes and 2 subjects as I-Level passes. Entry for the course will be possible through internal progression.

Other notes related to this programme

Applicants submitting their application under the Maturity Clause, MUST be in possession of the MCAST MQF level 5 Undergraduate Diploma in Foundations of Engineering, in order for their application to be considered. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Animal management and Veterinary Nursing

AG6-W01-25 . Institute of Applied Sciences . Centre for Agriculture, Aquatics, and Animal Sciences

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Internship

Course Description

This Bachelor's degree aims at providing learners with the opportunity to specialise in the veterinary nursing profession whilst also learning subjects related to other aspects of livestock management and animal care. The students will have the opportunity to study various aspects of veterinary nursing of various animals whilst practising clinical skills throughout the duration of the course. The course will also tackle subjects related to wildlife sciences and the business components of animal enterprises. Furthermore, learners will undertake a research project whereby they will be expected to select a topic for investigation following an established methodology.

Career Opportunities

- Registered Veterinary Nurse,
- Veterinary Technician,
- Farm Manager,
- Nutritional Adviser

Entry Requirements

Internal Progression route....

- MCAST Advanced Diploma in Animal Management and Veterinary Nursing, or
- MCAST Advanced Diploma in Fish Management, or
- MCAST Advanced Diploma in Horticulture

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Applied Data Sciences

IT6-A08-23 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

The degree in Applied Data Sciences is designed for individuals who are interested in utilizing data to solve complex challenges in various fields. With a focus on applied methodology, analytical skills, and hands-on experience, students will learn how to use advanced analytical tools and techniques to uncover hidden trends and patterns that can lead to business success. The programme covers a range of topics related to software engineering, data organization, and data analysis using the latest technologies in business intelligence, reporting, machine learning, and big data. In addition, the degree includes a strong emphasis on text mining and natural language processing (NLP), which are key tools for extracting insights from unstructured data. The program also covers critical thinking skills, building strategies for promoting businesses, understanding consumer behaviour, computational linguistics and the laws governing business processes. A work-based component provides an opportunity for students to gain valuable industry experience and learn from real-world professionals. At the end of the programme, students will undertake a research component in the form of a dissertation. The degree is ideal for individuals who are passionate about leveraging technology to drive business performance and make data-driven decisions.

Career Opportunities

- Data Analyst, Business Analyst
- Data Scientist, Data Engineer*,
- Machine Learning Engineer*,
- Big Data Engineer*,
- Data Architect
- Data Mining Engineer*,
- Data Visualization Specialist

*The term Engineer shall not carry or imply the meaning attributed to the term "Engineer" in Article 2 of the Engineering Profession Act (Chapter 321 of the Laws of Malta)

Entry Requirements

Internal Progression Route....

- MCAST MQF level 4 Advanced Diploma in IT

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Computing AND Compulsory A-Level or I-Level: Mathematics (Pure or Applied) OR Accounting OR Economics

Other notes related to this programme

Experience in a programming language (Python or similar) is considered essential. Applicants with a good working knowledge of Computing, Mathematics and Statistics will better benefit from a more fruitful learning experience throughout the course. Information Technology at A or I Level (or similar) is not a substitute for the Compulsory Subject/s as shown in the Entry Requirements for this degree programme. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Chemical Technology

AS6-W01-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Internship

Course Description

This undergraduate course offers an opportunity to learners to gain a foundation in the core chemistry concepts and the manufacture of chemical products, such as pharmaceuticals, polymers, foods, beverages and petrochemicals. The knowledge, skills and competences attained give individuals an opportunity to succeed in employment in a wide range of manufacturing and processing industries, consulting firms, government, research and educational institutions. The course exposes learners to the development and design of chemical processes at different scales and creates a bridge between science and manufacturing, by applying the principles of chemistry and engineering to solve problems involving the production or use of chemicals. The programme also provides opportunities for learners to focus on the development of higher level skills in a scientific and technological context.

Career Opportunities

- Senior laboratory analyst,
- Quality Control/Quality Assurance Analyst,
- Laboratory Administrator,
- Validation Specialist,
- Chemical Plant Administrator,
- Research and Development Scientist,
- Research Support Officer

Entry Requirements

Internal Progression Route....

- MCAST Advanced Diploma in Applied Science

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Chemistry

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such

instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Computer Systems and Networks

IT6-A01-23 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

Computer systems and networks are a growth area in today's business environment due to the fact that there is a strong demand for highly skilled technical persons who can devise original solutions for complex problems in the context of IT and network implementation using modern techniques. This hands-on degree programme is intended for learners who wish to pursue a career in the world of computer systems and networks. In this course learners will be exposed to enterprise network technologies, data centre operations, service provider networks, information security, virtualisation, DevOps and cloud computing technologies. Due importance will also be given to emerging technologies which learners will find being implemented when they start working within the industry. A hands-on practical approach is adopted throughout the course. This course does not entitle the successful candidates to apply for an engineering warrant with the Engineering Profession Board of Malta on successful completion of the course.

Career Opportunities

- Systems Administrator,
- NOC Engineer*,
- Technical Support Specialist,
- Network Analyst,
- DevOps,
- Cloud Infrastructure Engineer*

*The term Engineer shall not carry or imply the meaning attributed to the term "Engineer" in Article 2 of the Engineering Profession Act (Chapter 321 of the Laws of Malta)

Entry Requirements

Internal Progression Route....

- MCAST MQF Level 4 Advanced Diploma in IT, or
- MCAST Advanced Diploma in Electronics (Computer Engineering)

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Computing AND Compulsory A-Level or I-Level: Mathematics (Pure or Applied) OR Physics

Other notes related to this programme

Information Technology at A or I Level (or similar) is not a substitute for the Compulsory Subject/s as shown in the Entry Requirements for this degree programme. Applicants holding an MCAST MQF level 4 Adv Diploma in IT

which is not specialised in the Computer Systems and Network stream, will find that they have a weaker foundation to successfully manage this Degree Programme. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Creative Computing

IT6-A03-23 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

The degree in Creative Computing is tailored for learners who are passionate about developing cutting-edge, interactive software applications across a wide range of platforms. The comprehensive taught component covers a diverse array of skills, including front-end, UX/UI design principles, full-stack, cross-platform, and mobile app development. Learners will gain expertise in client-side and server-side technologies, as well as other areas like software development, audio/visual content creation, data organisation and persistence, machine learning, computer vision, web optimisation, utilisation of third-party tooling/libraries, and research methodologies. The work-based component of the programme provides invaluable, hands-on experience on realworld projects within an organisation. Finally, the research component in the form of a dissertation will give prospective graduates the opportunity to identify, investigate, and devise solutions for complex problems in their chosen field. The Creative Computing Degree programme is designed to help individuals excel in various fields and stay ahead of the curve and in line with front-end, full-stack , cross-platform and mobile apps development.

Career Opportunities

- Full-Stack Developer,
- Front-End Developer.
- UX/UI Designer,
- Mobile App DeveloperUser Experience Researcher,
- Interaction Designer,
- User Interface Developer,
- Web Designer,
- Product Designer,
- Information Architect
- Usability Tester

Entry Requirements

Internal Progression Route....

- MCAST Advanced Diploma in IT (iGaming or Software Development or Multimedia Software Development)

OR 2 subjects as A-Level passes and 2 subjects I-Level passes Compulsory A-Level: Computing AND Compulsory A-Level or I-Level: Mathematics (Pure or Applied) OR Physics

Other notes related to this programme

Information Technology at A or I Level (or similar) is not a substitute for the Compulsory Subject/s as shown in the Entry Requirements for this degree programme. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Cybersecurity

IT6-A07-23 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 6
Duration:	Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

The Cybersecurity degree is a 3-year programme that provides students with a comprehensive understanding of concepts, techniques, and tools required to secure software applications, computer systems and networks. Students will increase their proficiency in the usage of open source operating systems, network security, database programming, digital forensics, and offensive security. They will also develop practical skills in mitigating cyber threats. The programme includes work-based component, whereby one's own skills are put to good use by working alongside experienced cybersecurity professionals. Additionally, the programme has a research component, where the student would undertake a dissertation. This applied research will draw on the skills and knowledge gained throughout the course to explore a specific area of cybersecurity in depth. Graduates of this programme will gain sufficient hands-on experience to thrive in the dynamic field of cybersecurity. The expertise acquired will enable them to pursue careers in the cybersecurity sector, including roles such as cybersecurity specialists, information security analysts, network security engineers, penetration testers, and digital forensic experts alongside others.

Career Opportunities

- Security Engineer *,
- Security Consultant,
- Penetration Tester, Network Security Analyst,
- Cybersecurity Analyst,
- Security Researcher,
- Threat Analyst,
- Malware Analyst,
- Security Architect,

*The term Engineer shall not carry or imply the meaning attributed to the term "Engineer" in Article 2 of the Engineering Profession Act (Chapter 321 of the Laws of Malta)

Entry Requirements

Internal Progression Route....

- MCAST MQF Level 4 Advanced Diploma in IT

OR 2 subjects as A-Level passes and 2 subject as I-Level passes
Compulsory A-Level: Computing AND Compulsory A-Level or I-Level: Mathematics (Pure or Applied) OR Physics

Other notes related to this programme

Applicants holding an MCAST MQF Level 4 Advanced Diploma in IT, with Multimedia Software Development and iGaming specialist streams, are not really encouraged to take up this Degree Programme. Information Technology at A or I Level (or similar) is not a substitute for the Compulsory Subject/s as shown in the Entry Requirements for this degree programme. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Digital Games Development

IT6-A04-23 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

The degree in Digital Games Development offers learners the extra edge when it comes to the creation of entertainment software. The taught component provides insight on the various stages involved in game design and development. Students will learn to utilize state of the art tools and technologies for implementing digital games. Such artefacts require a variety of skills alongside 3D game engines. These skills include ux/ui design, game level design, software development, software testing, content creation (through audio/visual tools), 3d modelling, networking, game logic, ai, mathematics, physics etc. Additionally, work placements will not only allow learners to understand the roles and responsibilities in an organization. They will work on real-world problems and will understand the importance of decision making, problem-solving, whilst being effective team players. Finally, through the research component, students will explore how to investigate, resolve, and present findings related to a research problem in a given domain. There is also a "double degree route" for those aspiring game developers who would like to extend their studies and work experience abroad and take their existing qualification in Digital Games Development, Multimedia Software Development or Software Development to the next level.

Career Opportunities

- Game Designer,
- Game Programmer,
- Game Artist,
- Game Writer,
- Level Designer/UI/UX Designer,
- Sound Designer,
- Quality Assurance Tester,
- Game Producer,
- Technical Artist,
- Game Server Developer,
- Online Service Developer,
- Game Network Programmer

Entry Requirements

Internal Progression Route...

- MCAST Advanced Diploma in IT (iGaming or Software Development or Multimedia Software Development)

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Computing And Compulsory A-Level or I-Level: Mathematics (Pure or Applied) or Physics

Other notes related to this programme

Information Technology at A or I Level (or similar) is not a substitute for the Compulsory Subject/s as shown in the Entry Requirements for this degree programme. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Environmental Health

AS6-W05-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Internship

Course Description

Prospective learners following this programme will be dealing with the various, often inter-related, facets of environmental health that include: public health; environmental health and safety; food and water safety; health aspects relating to domestic, leisure and workplace environments, and the impact of these various factors on the individual and on society at large. Learners will gain the knowledge, skills and competences on how to assess, analyse, devise and implement efficient solutions to environmental health issues, with a view that successful candidates may be employed in advisory, enforcement or educational positions. They will also learn about current local policies and legal frameworks that oversee the governance of these environmental health factors. Successful candidates will be eligible to apply for Registration with the Council for the Professions Complementary to Medicine of Malta.

Career Opportunities

- Environmental Health Officer

Entry Requirements

Internal Progression Route....

- MCAST Advanced Diploma in Health Sciences, or
- MCAST Advanced Diploma for Dental Surgery Assistants, or
- MCAST Advanced Diploma in Environmental Sustainability, or
- MCAST Advanced Diploma in Food Technology, or
- MCAST Advanced Diploma in Applied Science

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Biology

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Environmental Science and Sustainable Technologies

AS6-W02-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Internship

Course Description

The protection of natural resources, CO2 emissions, climate change and its effects, and demographic changes, are increasingly important topics in the local and international context. The programme merges classical engineering with natural sciences. Environmental Engineering Sciences and Sustainable Technologies deal with engineering solutions for environmentally relevant challenges of our future. This course provides learners with the ability to use problem-solving approaches for dealing with ecological and technical challenges, in order to creatively arrive at a situation of resource sustainability. The course is a technically-oriented programme that offers learners a broad range of fields of application. Graduates can be active in the planning, construction and operation of environmental technological facilities, in research and teaching, environmental organisations, administration, and consultancy businesses of their own.

Career Opportunities

- Water Resource/Project Manager,
- Alternative Energy Manager,
- Environmental Sales Personnel,
- Environmental Regulator,
- Environmental Officer,
- Environmental Site Manager,
- Environmental Consultant,
- Environmental/Conservation Scientist,
- Renewable Energy Technician,
- Environmental Policy Analyst,
- Sustainability Program Manager

Entry Requirements

Internal Progression Route....

- MCAST Advanced Diploma in Environmental Sustainability, or
- MCAST Advanced Diploma in Applied Science

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory: one from the following list of subjects at either I- or A-Level - Physics OR Mathematics (Pure or Applied) OR Biology OR Chemistry OR Geography

OR Environmental Studies

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Financial Services

BC6-W02-24 . Institute of Business Management and Commerce

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Placement / Internship

Course Description

Targeting one of Malta's strongest economic sectors, this degree in Financial Services offers learners the opportunity to get a detailed insight into the various aspects of financial services, an industry which offers a range of career opportunities ranging from Risk Management to Fund Administration and Wealth Management. Apart from the more technical aspects related to financial services, learners will also gain the required analytical, critical and research skills that are required to work in such a high profile and demanding industry. Learners graduating from this degree find themselves in a very strong position in terms of employment as they are well geared to work in different sectors within this industry.

Career Opportunities

- Banking Adviser,
- Compliance Executive,
- Financial Adviser,
- Financial Analyst,
- Credit Analyst,
- Risk Management,
- Fund Administrator,
- Fund Accountant

Entry Requirements

Internal Progression Route....

- MCAST Advanced Diploma in Finance and Insurance, or
- MCAST Advanced Diploma in Financial Services, or
- MCAST Advanced Diploma in Marketing, or
- MCAST Advanced Diploma in Administrative and Secretarial Studies, or
- MCAST Advanced Diploma in Insurance, or
- MCAST Advanced Diploma in Business Administration, or
- MCAST Advanced Diploma in Accounting, or
- MCAST Advanced Diploma in Aviation Operations, or
- MCAST Advanced Diploma in Transportation and Logistics Management

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Accounts OR Marketing OR Economics

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Fisheries and Aquaculture

AG6-W03-23 . Institute of Applied Sciences . Centre for Agriculture, Aquatics, and Animal Sciences

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Internship

Course Description

This programme of study provides learners with a very thorough understanding of aquaculture and fisheries sciences and includes a wide range of aspects that will provide a better understanding of these sectors. The study units revolve around the aquaculture and fisheries sciences to provide an in-depth understanding of the production and management of aquaculture facilities, and the highly complex field of fisheries. This programme of study is intended for those who want to delve deeper into the fish management sciences and who want to start a career in this sector.

Career Opportunities

- Fisheries Inspector,
- Fish Farm Manager,
- Aquarist,
- Fish Enterprise Manager,
- EU/National Regulatory Control Manager

Entry Requirements

Internal Progression route....

- MCAST Advanced Diploma in Animal Management and Veterinary Nursing, or
- MCAST Advanced Diploma in Fish Management, or
- MCAST Advanced Diploma in Horticulture

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Health Sciences (Physiological Measurements)

AS6-W03-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Internship

Course Description

This degree programme is intended for learners who wish to pursue studies which will provide them with the appropriate competences for the measurement and imaging of the human body's physiological activity. Scientists qualified in this field team up with various other health professionals and provide the diagnostic information which is vital to the medical profession in the treatment of several medical conditions. This three-year programme will provide the learner with the knowledge, clinical training and skills necessary to gain the professional qualifications required to work as a healthcare science practitioner in the area of clinical physiology.

Career Opportunities

- Health Practitioner (Physiological Measurements)

Entry Requirements

Internal Progression Route....

- MCAST Advanced Diploma for Pharmacy Technician, or
- MCAST Advanced Diploma in Health Sciences, or
- MCAST Advanced Diploma for Dental Surgery Assistants

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Biology

Other notes related to this programme

Applicants will be subject to an Occupational Health Screening to establish their suitability for the Placement which is a mandatory part of this programme. Once course would have started, failure to present a successful health screening (as per an established and set Protocol), will result in not being in a position to start the work placements. This will eventually preclude the student from a successful completion of course. Prior to embarking on Work Placement, student must also provide evidence of a clean police conduct certificate. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Horticulture

AG6-W02-23 . Institute of Applied Sciences . Centre for Agriculture, Aquatics, and Animal Sciences

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Internship

Course Description

This programme gives learners skills in the latest horticultural practices with the use of modern technology. Learners will have the opportunity to study and practise different aspects related to their main area of study, with the aim of seeking employment at management level in private enterprise, in research and development and/or in regulatory services both locally and internationally. This programme offers the required knowledge and competences related to crop production, pest management, landscaping, viticulture and many others. Furthermore, learners will undertake a research project whereby they will be expected to select a topic for investigation following an established methodology.

Career Opportunities

- Farm Advisory Services Provider,
- Farm Inspector,
- Farm Manager,
- Professional Landscaper,
- Garden Designer,
- EU/National Regulatory Control Manager

Entry Requirements

Internal Progression route....

- MCAST Advanced Diploma in Fish Management, or
- MCAST Advanced Diploma in Animal Management and Veterinary Nursing, or
- MCAST Advanced Diploma in Horticulture

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Marine Engineering

MS6-W01-23 . Institute of Engineering and Transport . Centre for Maritime Studies
Department

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Placement / Internship

Course Description

This degree programme deals with construction, operation and maintenance of engines and machinery in ships and marine installations. The learner will gain an understanding of developed and emerging technologies whilst applying theoretical and practical methods in the analysis and solution of marine engineering related problems. At this level of study, one will be expected to develop the qualities needed for employment in situations requiring the exercise of personal responsibility, technical leadership and commercial management in complex and unpredictable circumstances as expected in the Maritime industry.

Career Opportunities

Marine Technologist, Marine Surveyor

Entry Requirements

Internal Progression Route...

- Any MCAST MQF Level 4 Advanced Diploma offered by the Institute of Engineering and Transport, or
- MCAST Undergraduate Diploma in Foundations of Engineering

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Levels: Physics AND Mathematics (Pure or Applied)

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Nursing

AS6-W04-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Internship / Clinical

Course Description

The Bachelor of Science (Hons) Nursing programme prepares learners with the necessary competences and qualifications required to register as a first level nurse both in Malta and in all EU member states. This entails the provision of safe and effective care delivered in an evidence-based, holistic manner to patients and their significant others. The learners will pursue a minimum of 4600 hours over a three-year period, as stipulated by EU Directive 2005/36/EC. These are divided into 2300 theoretical hours and 2300 practice hours, most of which are carried out on clinical placements, and are supervised by qualified nurse mentors. The learners will be equipped with an evidence-based skill set and soft skills that will enable them to be fully capable of practicing independently. Learners must cover all the necessary hours and obtain a pass in all theoretical and practical units to be able to apply for registration with the Nursing and Midwifery Council of Malta. This course is recognised across all the EU member states. Applicants will be subject to a values based interview, followed by the presentation of an occupational health-screening certificate and a clean police conduct certificate. These documents will serve to establish the suitability of applicants for Nursing and ultimately act towards the final selection of course participants.

Career Opportunities

- State Registered Nurse

Entry Requirements

Internal Progression Route....

- MCAST Advanced Diploma in Health Sciences, or
- MCAST Advanced Diploma for Dental Surgery Assistants, or
- MCAST Advanced Diploma for Pharmacy Technicians, or
- MCAST Advanced Diploma in Health and Social Care, or
- MCAST Advanced Diploma in Social Care

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Applicants (including those from Internal Progression) are expected to sit for and successfully achieve competence during a Value Based Interview, as an integral part of the Admissions eligibility process. International applicants will also need to make it successfully through a Preliminary Interview, before being referred to the Value Based Interview. Applicants with an A- or an I- Level background in Biology, Chemistry, English, Mathematics, Psychology, and Sociology will better benefit with fruition, from this programme of studies.

Other notes related to this programme

Applicants will be subject to an Occupational Health Screening to establish their suitability for the Placement which is a mandatory part of this programme. Once course would have started, failure to present a successful health screening (as per an established and set Protocol) , will result in not being in a position to start the work placements. This will eventually preclude the student from a successful completion of course. Prior to embarking on Work Placement, student must also provide evidence of a clean police conduct certificate. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Quantity Surveying

CE6-O04-23 . Institute of Engineering and Transport . Construction Engineering Department

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The structure of this programme provides an opportunity to explore a range of construction related disciplines. During the programme, the learners will develop a comprehensive understanding of the disciplines which underpin construction management and the surveying professions. This knowledge will include subjects such as: economics, law, industry practice and building technology. Throughout the programme there will be a strong focus on project work and interdisciplinary collaboration is highly encouraged. The programme leads to the development of specialist knowledge related to construction economics and contract law, with a particular focus on managing costs throughout the project life-cycle from early design through to building completion and beyond. As part of this programme the learners will also complete a dissertation on a research topic of their choice and a quantity surveying project.

Career Opportunities

- Quantity Surveyor,
- Risk, Value and Cost Control Manager,
- Contractual Claims Advisor,
- Construction Commercial Risks Adviser

Entry Requirements

Internal Progression Route...

- Any MCAST IET MQF Level 4 Advanced Diploma*, or
- Undergraduate Diploma in Foundations of Engineering

Or 2 subjects as A-Level passes and 2 subjects as I-Level passes *Applicants progressing from an IET MQF level 4 programme which does not have a basis in Construction Engineering, will be expected to attend additional sessions provided by the Institute, accordingly

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Software Development

IT6-A02-23 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 6
Duration:	3 years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Apprenticeship

Course Description

The degree in Software Development is intended to prepare learners to work in the industry of application development and engineering and explores the skills required for designing IT enterprise solutions, building robust backend systems, and solving complex problems using the latest paradigms and modern technologies. The programme covers aspects related to software engineering, frontend and backend software technologies, data organisation, persistence and data analysis, software development of portable devices and software quality aspects such as security and testing. Modern trends such as Cloud, Devops, Blockchain, Machine Learning and Computer Vision are also explored. The degree includes work-placements that will allow students to gain experience within the industry and work in a professional environment. At the end of the degree, the students culminate their studies with a research dissertation in an area of their interest. The course is intended for individuals who are keen in solving problems through technology and would like to pursue an exciting career in one of the fundamental pillars of the economy.

Career Opportunities

- Web/Back-End/Full-Stack Developer,
- Software Tester,
- Mobile Applications Developer

Entry Requirements

Internal Progression Route....

- MCAST Advanced Diploma in IT (iGaming or Software Development or Multimedia Software Development), or
- MCAST Advanced Diploma in Electronics (Computer Engineering)

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level: Computing AND Compulsory A-Level or I-Level: Mathematics (Pure or Applied) OR Physics

Other notes related to this programme

Information Technology at A or I Level (or similar) is not a substitute for the Compulsory Subject/s as shown in the Entry Requirements for this degree programme. An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document (to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past

achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Bachelor of Science (Honours) in Sport, Exercise and Health

CS6-W02-23 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 6
Duration:	3 Years . Full-Time
ECTS Credits:	180 ECTS Credits
Work Based Learning:	Placement

Course Description

This programme of studies covers modules that prepare the learners to work alongside medical and healthcare professionals in promoting physical activity and exercise, and are mapped to the rigorous standards upheld by various accrediting bodies in the field. The ultimate aim will be to improve the general health of the individual and of society as a whole. Throughout the three years, this course provides opportunities for learners to experience hands-on engagement in exercise, health and fitness programmes, conferences and events on and off campus. The learners will develop the knowledge and skills required to assist clients and patients in their various health challenges, noncommunicable diseases, health conditions, injuries or disabilities. The course has a strong research component, and provides an excellent platform for further progression in sports science and academia Furthermore the degree programme also aims to facilitate the pursuit of a number of distinctive sport or Master's (Level 7) programmes.

Career Opportunities

- Personal Trainer,
- Professional in Exercise for Health,
- Specialist Trainer,
- Sports Activity Manager,
- Functional Sports Trainer,
- Sports Coach,
- Sports Activity Organiser,
- Sports Activity Leader

Entry Requirements

Internal Progression Route....

- Any MCAST MQF Level 4 Advanced Diploma

OR 2 subjects as A-Level passes and 2 subjects as I-Level passes Compulsory A-Level or I-Level: Physics or Chemistry or Biology or Physical Education and Compulsory: SEC/SSCP-Level pass in English Language

Other notes related to this programme

An Applicant aged 23 years and over, and not in possession of the above Entry Requirements, may wish to apply via the Maturity Clause route. Applicants under Maturity Clause must still present clear documentation showing that they have a number of achievements in hand together with their School Leaving formal Certificate / document

(to confirm their successful completion of compulsory schooling). Age is not the only eligibility factor in such instances. Besides documents showing their past achievements, applicants must present a detailed CV using the Europass format, as well as the most recent official JobsPlus Employment History. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Master by Research

RI7-O02-25 . Applied Research and Innovation Centre

At a glance

MQF / EQF Level:	Level 7
Duration:	3 Semesters . Full-Time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The Master by Research (MRes) programme provides the student with sound practical knowledge and experience in preparation for a research career, as well as with preparation and training for doctoral research. Students will have demonstrated originality in the application of knowledge, and they will understand how the boundaries of knowledge are advanced through research. They will be able to deal with complex issues both systematically and creatively, and they will show originality in tackling and solving applied research related challenges. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Career Opportunities

The Master by Research is aimed at students interested in focusing on a particular research area, or interested in receiving sound practical knowledge and experience in preparation for a research career, as well as preparation and training for doctoral research.

Entry Requirements

An applicant for registration for a Master by Research degree under these regulations shall hold:

- A recognised MQF/EQF level 6 qualification in any area or field of study, with at least 180 credits and a second class or higher, final degree classification

OR

- A recognised MQF/EQF level 6 qualification in any area or field of study, with at least 180 credits, together with clear evidence of a minimum of three years (full-time) direct and relevant professional experience in the specific area of research

OR

- A complete Professional Qualification comparable to an MQF/EQF level 6, in addition to presenting clear evidence of a minimum of three years (full-time) direct and relevant professional experience in the specific area of research

Other notes related to this programme

Applicants will need to draw up and submit a formal Proposal for their Research.... which will be vetted by a Board establishing when or whether applicant can be enrolled and registered on the Level 7 Research programme. In the absence of above entry requirements, applicants aged 27 years and over, can submit an application under the Maturity Clause.... but must present a recognised MQF/EQF Level 5 qualification (minimum of 120 credits), or its equivalent, in any area of study, together with clear evidence of a minimum of three (3) years (full time) of

direct and relevant professional experience. Applicants under Maturity Clause, will be asked to sit for a combined Maturity and Master's Suitability Interview Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Master in Applied Inclusive Practices

CS7-W12-23 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 7
Duration:	3 semesters . Full-time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The Master in Applied Inclusive Practices aims to offer an applied approach towards inclusion. This programme is intended for professionals working in schools, the community and the industry who wish to specialise in inclusion and diversity studies to further their education and career. Throughout the course, students will critically evaluate inclusion policies and practices and learn to lead inclusively and emotionally in educational and social care settings. Interdisciplinary perspectives from psychology, education, sociology, and related fields will be integrated for the students to better understand themselves and envisage roles within educational and care contexts. Design and implementation of intervention strategies to promote inclusivity in educational and social settings as part of an applied intervention project will also be explored. Participants will undertake a practice placement utilising a reflective approach, as part of their studies. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Master in Research Methods

RI7-O05-21p . Applied Research and Innovation Centre

At a glance

MQF / EQF Level:	Level 7
Duration:	2.5 years . Part-Time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The MCAST Master in Research Methods (MResMethods) programme is carried out via a taught methodology component that is then developed into a detailed research endeavour that has to be implemented, presented and defended at Master's level. Students will have demonstrated originality in the application of knowledge by designing and developing advanced research skills using specific tools and a robust methodological approach. The programme guides the student towards compiling peer-reviewed research articles at publishable level. It provides the student with sound practical knowledge and experience in preparation for a career that includes a significant research element, as well as in the preparation and training for a research endeavour at doctoral level. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Career Opportunities

The Master in Research Methods is aimed at academics or industry personnel interested in furthering their research acumen.

Entry Requirements

Applicants must hold a recognised MQF/EQF Level 6 qualification in any area or field of study, with at least 180 ECTS credits and a documented final degree classification.

Other notes related to this programme

In the absence of holding the above entry requirements, applicants aged 27 years and over, can submit an application under the Maturity Clause.... but must present a recognised MQF/EQF Level 5 qualification (minimum 120 ects credits) together with clear evidence of at least three (3) years (full time) direct and relevant professional experience specifically in the research area being undertaken. Applicants under Maturity Clause, will be asked to sit for a combined Maturity and Master's Suitability Interview Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Master in Social Care Practice

CS7-O11-22 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 7
Duration:	3 semesters . Full-time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The programme of studies targets professionals who have experience working in social care settings, or who wish to move into the field of social care practice. The programme of studies builds on an already acquired professional understanding to further broaden and deepen this with specialised units that provide leading and high quality care across the social care sector. The main aim of the programme is to enhance the professional and transferable skills of those working in the social sector so as to improve the care provided to service users and their communities. The objective here is to improve the experience of the service user to offer the vulnerable sector of our community better life chances. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Career Opportunities

-

Master of Arts in Creative Expression

CA7-O14-25 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 7
Duration:	3 semesters . Full-time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The M.A. in Creative Expression course provides an opportunity for recently graduated students from BA Hons courses in the arts as well as professional already working in the industry to advance and further develop their approach to their practice as well as their outlook on their chosen art form. BA hons courses already prepare students well in the understanding and application of their artistic discipline as well as its scope in the industry. Students leave the BA hons with the skills and knowledge needed to enter the industry. This Master's course aims to provide students with the opportunity to explore the creative process in a more holistic way, by broadening their conceptual framework and extending their operational field within an interdisciplinary dimension. The Master's aims to help students build themselves as individual artists, while giving them the tools to make an impact within the ever-changing commercial and academic landscape by becoming more versatile thinkers. The Master's focuses on five main areas: the creative process, social community, commercial and culture. Self Development: Most students graduating with a B.A.(Hons) are still in the process of discovering who they are as individuals, artists, citizens, and members of a community and therefore unable to really communicate this. They might have acquired the skills, tools, and techniques to create visual work, but not the self-awareness to know what they want to communicate, or the ability to communicate that through their chosen art form. The Master's course aims to provide students with the avenue and opportunity to discover this. With the input of individuals from outside the artistic sphere (Lecturers in Philosophy, Cultural Theory, Semiotics, Sociology etc), students are guided through projects within which they will be encouraged to discover who they are, the multiple identities they inhabit, their values, their stories, what they want to say, and to communicate this through design. The Creative Process: The creative process is different for every artist although there are methods and research tools which open avenues of thinking and developing ideas which benefit everyone. Unfortunately, the terms 'Research', and 'Practice' are often seen as separate activities. This Master's will instil a research and practice attitude in students that will benefit whatever project they will face. This process, while often individualistic, should also be one of communication, sharing, and teamwork. The course was designed in a way to enhance a Community of Practitioners. Social/Community: MCAST aims to be a "College for the Community", keeping in contact with the world outside the college walls. Students are required to seek out and communicate with entities from outside the college, specifically NGOs, charities, local communities, or other non-profit organisations; particularly organisations that work with traditionally underserved or marginalised communities within Malta and Gozo. Students need to determine a need with these partners and develop a project in collaboration with them. Working for entities that might not conform to traditional corporate structures and whose values and mission might orient them towards social justice and community development, with different visions and methods of operating, requires students to be adaptable in the way they communicate, build their ideas, and complete their projects. Commercial: It is always MCAST's goal to

prepare students for the workplace. Within the Creative field, this might mean employment within an existing company, but could also mean starting one's own company, or working as a freelancer. While students graduating with a B.A.(Hons) from MCAST are provided with the skillsets required to work under pressure while following a brief, training in the tools and skills required to administer a business are often not acquired within the B.A.(Hons) degree. The Master's degree offers to bridge the gap between the current knowledge that students have, or may have acquired in their professional practice, to empower them to explore other working arrangements that will provide the best value for the student's life. Sessions on the business side of the creative arts will include topics covering intellectual property and copyright laws, accounting, taxation, and VAT obligations as well as marketing, advertising, multimedia opportunities and other topics aimed at aiding the development (both start and growth) of a creative art related business. A focus is made on the Maltese and EU realities. Culture: The Master's encourages each student to explore themes and topics from the point of view of various areas of study. Students receive input by individuals from different areas ranging from physics, to cultural theorists. Students should no longer only be able to create according to a brief, but be able to conceptualise a theme and develop their product to communicate it, borrowing and adapting from other art forms and areas as necessary. Students will appreciate how culture affects their work, and how their work affects and fits within culture by acquiring a better understanding of how culture is created. Students will move from coming up with a concept to the execution of that concept through their chosen art form into a project. The adaptation of different art forms and an understanding of what limits each level of the creation of culture is what elevates the work of the students to new levels. Students graduating with the Master's in Creative Expression will re/enter the working world with a wider understanding of themselves as creators, the creative process, how different art forms and academic fields communicate and can contribute to each other in an interdisciplinary way, and how all this feeds into their personal artistic work. Graduates of the Master's will understand the social impact their art has, and have a new set of skills which will make their voice within society louder and more effective.

Career Opportunities

-

Entry Requirements

Bachelor of Arts (Honours) Mqf level 6 at 180 ECTS credits or more with second class low division or higher in a creative arts subject with 30 or more practical ECTS. Applicants will be required to show evidence of knowledge, skills and competences in the area of artistic practice that they want to focus on through a portfolio or showreel. Applicants will be called for an interview. A letter of intent including initial Master's Dissertation proposal ideas. Applicants found eligible as per above, will also be asked to successfully complete a Master's Programme Suitability Interview. In the absence of above entry requirements, applicants aged 27 years and over, can submit an application under the Maturity Clause.... but must present a recognised full qualification in the area of Creative Media Production, together with clear evidence of a minimum of five (5) years (full time) direct and relevant professional experience. A well-structured and properly documented Portfolio to evidence this professional experience, skills and abilities in the area, is required...duly endorsed by Professional References. Applicants under Maturity Clause, will be asked to sit for a combined Maturity and Master's Suitability Interview. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Other notes related to this programme

This Master's Programme MAY be available as Full-Time delivery, if this same programme will be taking off for an International Cohort. Master of Arts in Product Design

CA7-O11-24 . Institute for the Creative Arts

At a glance

MQF / EQF Level:	Level 7
Duration:	3 Semesters . Full-time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This postgraduate degree programme develops the artistic and humanistic skills belonging to the design culture together with the technical know-how that relates to production technology, materials and manufacturing costs. It strives to meet the need of operating in a worldwide landscape of heightened competition where the designer can increase the value of a consumer product by creating innovation - in both aesthetics and usability - that takes advantage of available technologies and ever-changing consumer lifestyles. Candidates will build an improved critical capability to explore contemporary design languages, focus on experimentation with innovative interdisciplinary technologies and materials from preliminary concept to finish, and focus on understanding and developing sustainable production and consumption processes. Work Based Learning: Not Applicable, does not include WBL

Course Description

The MCAST MSc in Aerospace Engineering aims to form graduates that will be able to design and implement aerospace projects focusing on more productive but environmentally friendly technologies so as to respond to today's challenges of a cleaner sky and less noisy and non-polluted environment, as well as to develop safer, faster and cheaper transportation for a growing society. The objective of this Master course is to provide the graduates with the skills required by national and international aerospace companies and with the right profile to match recruitment criteria for agencies as well as public and private bodies in the aerospace sector and also other engineering sectors, for example Automotive. In detail, MCAST's highly targeted learning aerospace pathway aims at developing career-enhancing skills for aerospace professionals in the aviation sector and in the expanding civilian space business in fields such as the management, maintenance and conversion of aircrafts, R&D of technologies for new generations of aircrafts, and civilian applications for smart satellites and sub-orbital spacecrafts. The course offers the students the possibility to specialize in one of three most highly-demanded fields, namely: o Structures and Measurements for Aerospace o Aerodynamics o Space Technologies. This course has a strong online component. This course is not related to the Engineering Warrant. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Career Opportunities

-

Entry Requirements

Applicants must hold a recognised MQF/EQF Level 6 qualification, with at least 180 credits, in any from a Mechanical, Aerospace Engineering or in a related Engineering or Scientific area. Applicants found eligible as per above, will also be asked to successfully complete a Master's Programme Suitability Interview. In the absence of above entry requirements, applicants aged 27 years and over, can submit an application under the Maturity Clause.... but must present a recognised MQF/EQF Level 5 qualification (at least 120 credits), or its equivalent, in Mechanical, Aerospace Engineering or in a related Engineering or Scientific area, together with clear evidence of a minimum of three (3) years (full time) direct and relevant experience. Applicants under Maturity Clause, will be asked to sit for a combined Maturity and Master's Suitability Interview. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Other notes related to this programme

This Master's Programme MAY be available as Full-Time delivery, if this same programme will be taking off for an

International Cohort. Fees apply as will be guided by MG2i (MCAST Gateway to Industry). Information about this Master's Programme being offered on a Part-Time delivery mode, can be found on the MG2i Website promoting such programmes - <https://mg2imalta.com/>.

Master of Science in Applied Environmental Science (General)

AS7-O11-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 7
Duration:	Full-time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The Master of Science in Applied Environmental Science takes an interdisciplinary approach into the investigation of processes that control the earth and its environment. The programme will deliver all necessary knowledge and skills to seize opportunities presented by new developments in areas such as global cycles, biogeochemistry, sustainable technologies, waste and water treatment, environmental pollution assessment and remediation, and natural hazard. Students will be exposed to a wide variety of environmental issues, with topics related to the analysis, understanding and management of human-environmental systems by exploring the basics of system analysis and ecosystem theory. By understanding human-environmental interactions through land-use conflicts between agriculture, environmental protection, urban expansion, water management, tourism etc., students will be able to link advanced methods of system analysis and ecological modelling with modern methods of natural resource management. Issues associated with the relationship between material/energy resources, the environment and sustainable development will be a recurring theme in this programme. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Career Opportunities

-

Entry Requirements

Applicants must hold a recognised MQF/EQF Level 6 qualification, with at least 180 ECTS credits, in any from the fields of Engineering, Environment, Physics, Geography, Biology, or Chemistry. Applicants found eligible as per above, will also be asked to successfully complete a Master's Programme Suitability Interview. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Other notes related to this programme

In the absence of above entry requirements, applicants aged 27 years and over, can submit an application under the Maturity Clause.... but must present a recognised MQF/EQF Level 5 (minimum 120 ECTS credits) qualification, or its equivalent, in the fields mentioned above in the Entry Requirement section, together with clear evidence of a minimum of five (5) years (full time) of direct and relevant professional experience. Applicants under Maturity Clause, will be asked to sit for a combined Maturity and Master's Suitability Interview.

Master of Science in Artificial Intelligence Technologies and Applications

IT7-O06-24 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 7
Duration:	3 Semesters (18 months) . Full-Time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The implementation of Artificial Intelligence (AI) within industry influences all industries including manufacturing, public sector, education and many more. The MCAST Master of Science in AI Technologies and Applications programme focuses on the key knowledge required for solving business challenges and yielding competitive advantage through the application of Artificial Intelligence technologies. It provides the theoretical and practical knowledge to work across industries and implement AI where needed. Graduates will be well versed in the Fundamentals of AI, Machine Learning, Neural Networks, Social Implications, Ethics, Regulation and Business Analysis proficiencies. The MCAST Master of Science in AI Technologies and Applications is taught by industry experts and leading academics who are actively engaged in successful careers in their respective fields. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Career Opportunities

This is conducive to the more senior business management technologist and other senior personnel who will act as change agents in their organizations through the application of Artificial Intelligence (AI).

Entry Requirements

Applicants must hold a recognised MQF/EQF Level 6 qualification with at least 180 credits and a documented final degree classification, in sciences or in the technological or social sciences domains. Applicants found eligible as per above, will also be asked to successfully complete a Master's Programme Suitability Interview. In the absence of holding the above entry requirements, applicants beyond the age of 27 years can present themselves under the Maturity Clause, and present a recognised MQF/EQF Level 5 qualification (with a minimum of 120 credits) in the areas specified above, together with clear evidence of a minimum of three (3) years (full time) direct and relevant professional experience specifically in the mentioned areas. Applicants under Maturity Clause, will be asked to sit for a combined Maturity and Master's Suitability Interview. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Other notes related to this programme

This Master's Programme MAY be available as Full-Time delivery, if this same programme will be taking off for an International Cohort. Fees apply as will be guided by MG2i (MCAST Gateway to Industry). Information about this Master's Programme being offered on a Part-Time delivery mode, can be found on the MG2i Website promoting such programmes - <https://mg2imalta.com/>.

Master of Science in Computing and Emerging Technologies

IT7-O14-24 . Institute of Information and Communication Technology

At a glance

MQF / EQF Level:	Level 7
Duration:	3 Semesters (18 months) . Full-Time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The Master of Science in Computing & Emerging Technologies imparts essential skills in various advanced ICT domains including Information Systems, Cloud Computing, Data Science, Business Intelligence and other emerging technologies such as Artificial Intelligence. The postgraduate degree aims to equip students with the required expertise in contemporary technologies whilst training them to use this knowledge to solve business challenges, yield competitive advantage and develop new ideas in these areas. A key component of the programme involves the research element, exposing the students to the theoretical and practical aspects of utilising these technologies for research purposes. It also equips them with the skills required to pursue an independent research endeavor at the end of the programme. The MCAST Master of Science in Computing & Emerging Technologies offers professionals from diverse industries the opportunity to transition into the ICT sector or leverage these technologies to enhance their existing careers. This postgraduate degree is equally suitable for ICT professionals seeking to augment their proficiency in these emerging technologies. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Career Opportunities

- Data Scientist,
- Cloud Solutions Architect,
- AI Engineer,
- Business Intelligence Analyst,
- Information Systems Manager,
- IT Consultant,
- Software Developer,
- Research scientist

Entry Requirements

Applicants must hold a recognised MQF/EQF Level 6 qualification, with at least 180 credits, in any from the fields of Computing, Information Systems / Technology, Science and/or Technology. Applicants whose qualifications are in disciplines not directly related to Computing, should evidence their sound experience in computing and programming. Applicants found eligible as per above, will also be asked to successfully complete a Master's Programme Suitability Interview. In the absence of above entry requirements, applicants aged 27 years and over, can submit an application under the Maturity Clause.... but must present a recognised MQF/EQF Level 5 qualification, or its equivalent, in the fields of Computing, Science, or Technology, together with clear

evidence of a minimum of three (3) years (full time) of direct and relevant professional experience. Applicants whose qualifications are in disciplines not directly related to Computing, should evidence their sound experience in computing and programming. Applicants under Maturity Clause, will be asked to sit for a combined Maturity and Master's Suitability Interview Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Master of Science in Environmental Resource Management

AS7-O13-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 7
Duration:	Full-time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

Given that human activities significantly influence the natural environment, the MSc in Environmental Resource Management will provide students with an in-depth understanding of what the implications of such activities on the environment are and what mitigation measures are needed in order to reduce such influences. Like any long-term strategy, understanding and safeguarding the environment requires a holistic perspective; since safeguarding one aspect today might have ripple effects on other factors eventually. The programme is characterised by several modules that will allow students to develop technical solutions needed to solve, attenuate or control environmental issues. Specialised modules include Renewable Energy and Green Technologies, which aims to examine the technical, economic, and political aspects of renewable energy, as well as evaluate the successes and failures of implementing alternative energies at the local, national, and regional levels. The Food-Energy-Water Nexus unit will provide students with a thorough understanding of the complex and dynamic interrelationships between water, energy and food. Essentially, this will enable the use and management of such resources sustainably. Ecotoxicology aims to assess the effects of different classes of pollutants on individual organisms and on species in food webs, enabling students to predict the negative implications on entire populations, ecosystems and on human food resources. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Master of Science in Exercise and Sports Science

CS7-O10-25 . Institute of Community Services

At a glance

MQF / EQF Level:	Level 7
Duration:	3 semesters . Full-time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The Master of Science in Exercise and Sports Science presents a multidisciplinary focus on helping learners understand the relationship between health and human performance. As an academic programme, this Master of Science will introduce translational research and provide essential foundations from the bases of physiology, biomechanics, motor behaviour and psychology. Using the social ecological approach to addressing the needs for health and human performance for the workforce in Malta, the programme recognizes societal needs, introduces evidence-based strategies for intervention, and evaluates the impact of these services on health outcomes and productivity. Master of Science in High Performance Buildings

CE7-O13-21 . Institute of Engineering and Transport . Construction Engineering Department

At a glance

MQF / EQF Level:	Level 7
Duration:	4 years . Full-time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The Master of Science in High Performance Buildings (HPB) gives candidates the opportunity to develop optimized building concepts, integrating various components of holistic design methodology, building physics, building climatology and comfort, energy-efficiency, environmental sources, building services systems, building aerodynamics, thermal and fluid dynamic CFD simulations, lighting design, building operations, as well as green urban modelling. The programme provides for advanced skills in specialization and scientific research of building physics coupled with architectural design, preparing students for professional as well as research and development settings at national and international levels. This course is not related to the Engineering Warrant. Fees: Fees apply - Further information through MG2I (MCAST Gateway to Industry)

Career Opportunities

-

Entry Requirements

Applicants must hold a recognised MQF/EQF Level 6 qualification, with at least 180 credits, in an Engineering or Scientific area. Applicants found eligible as per above, will also be asked to successfully complete a Master's Programme Suitability Interview. In the absence of above entry requirements, applicants aged 27 years and over, can submit an application under the Maturity Clause.... but must present a recognised MQF/EQF Level 5 qualification (at least 120 credits), or its equivalent, in an Engineering or Scientific area, together with clear evidence of a minimum of five (5) years (full time) direct and relevant experience. Applicants under Maturity Clause, will be asked to sit for a combined Maturity and Master's Suitability Interview. Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Other notes related to this programme

This Master's Programme MAY be available as Full-Time delivery, if this same programme will be taking off for an International Cohort. Master of Science in Mechanical Engineering and Sustainable Technology

ME7-O01-21 . Institute of Engineering and Transport . Mechanical Engineering Department

At a glance

MQF / EQF Level:	Level 7
Duration:	4 Semesters . Full-time
ECTS Credits:	120 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The Master of Science in Mechanical Engineering and Sustainable Technology is of high technical content and is designed to promote higher level thinking skills in various areas of engineering with a special focus on modern low carbon and renewable energy systems. Learners will acquire a broad range of skills in the major engineering disciplines allowing them to work in a senior technical or project management role within industry. The course will also provide graduates a foundation for further study or for a career in an engineering related field. The learners will receive advanced study in both the theoretical and the practical aspects of engineering that builds on previous knowledge and experience. This course is not related to the Engineering Warrant. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Career Opportunities

-

Entry Requirements

Applicants must hold a recognised MQF/EQF Level 6 qualification, with at least 180 credits, in an Engineering or Scientific area. Master of Science in Mechatronics

EE7-O01-21 . Institute of Engineering and Transport . Electrical and Electronics Department

At a glance

MQF / EQF Level:	Level 7
Duration:	4 years . Full-time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

The Master of Science in Mechatronics programme provides students with a broad range of knowledge and skills in the field of automation and control of production processes and equipment, as well as in the field of mechatronic devices and systems control. It focuses on the study of network technologies (e.g. Ethernet, Industrial Protocol, Profinet, Modbus, Profibus, Devicenet, Control Net), and the development of SCADA (Supervisory Control and Data Acquisition) system construction. The practical use of real-time systems is also an important part of the programme. Students will learn how to apply the theoretical principles of industrial robotics and mechatronics, mechatronic and robotic actuators, and modern technologies of microcontroller applications to practical situations. This course is not related to the Engineering Warrant. FEES: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Career Opportunities

Master of Science in Urban Environmental Science Management

AS7-O14-23 . Institute of Applied Sciences . Department of Applied Sciences [Paola Campus]

At a glance

MQF / EQF Level:	Level 7
Duration:	Full-time
ECTS Credits:	90 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

Master in urban environmental science management offers an interdisciplinary approach into the investigation of processes that control the earth and its environment. The course introduces students to the necessary knowledge and skills to seize opportunities presented by new developments in areas such as global cycles, biogeochemistry, sustainable technologies, environmental pollution assessment and remediation, and natural hazard. This is achieved through a balance between policy, mathematical modelling, ecosystem management and research methods all related to the environmental field. The course focusses on resource management and allocation through three specialised units. Urban planning provides a holistic approach to the analysis and design of basic infrastructural requirements within regions. Resource management is aimed at understanding the potential of the resources available in order to make the best use of them through specialised scientific calculations. Solid waste management technologies aims to give an overview on various hazardous and non- hazardous waste management processes. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Master of Science in Veterinary Medicine

AG7-W01-26 . Institute of Applied Sciences . Centre for Agriculture, Aquatics, and Animal Sciences

At a glance

MQF / EQF Level:	Level 7
Duration:	5 years' Full Time . Full-time
ECTS Credits:	300 ECTS Credits
Work Based Learning:	Placement / Internship

Course Description

This veterinary degree is a five-year course that integrates theoretical and practical learning and consists of a foundation phase (first and second year) followed by a clinical phase (third-fifth year). During the foundation phase, students learn the normal functions of the animal body from cellular level to whole body function. Through various practical sessions and extra-mural placements, animal handling skills and professional skills will also be taught. During the clinical phase, students will learn about the diagnosis and treatment of medical and surgical conditions in companion, equine and farm animal species, as well as about other relevant topics, including veterinary public health and pharmacology.

Career Opportunities

- Veterinary Surgeon

Entry Requirements

There are various routes as entry into the Programme, including Entry Examinations as may be required.

- Matriculation Certificate (Two (2) A' and Two (2) I' Level subjects)

Compulsory Subjects: Advanced levels at Grade B or better in Biology and Chemistry and an Intermediate Level at Grade B or better in Physics or Pure Mathematics (the latter - PM - is only considered as entry possibility up to current Prospectus 2026/27 ... will no longer be considered for entry as from Prospectus 2027/28). Where an applicant presents the above A' and I' level subjects but with a grade which is not achieved at B or better (showing instead grades C, D and E), the applicant will be given the opportunity to sit for Entry Examinations in the subject/s. Only if a Grade B or better is achieved following the result of the Entry Examinations, eligibility for the course will be considered and the required process of classification (given the set maximum number of possible students in this course) will take off. OR

- Internal Progression through MCAST Advance Diploma in Animal Management and Veterinary Nursing or MCAST Bachelor of Science

(Honours) in Animal Management and Veterinary Nursing, will be considered in conjunction with a Grade B or better resulting from Entry Examinations in the set subject/s depending on the programme the applicant will be internally progressing from. OR

- Applications submitted under the Maturity Clause (aged 27 years and over) and which will include a recognized MQF /EQF Level 4 (minimum of 120 credits) qualification in an area related to this programme's area of study (as will be reviewed and decided upon by the Admissions Board) will be considered to be included in the eligibility vetting process. In addition, these applicants will need to sit for the

Programme's Entry Examinations in Chemistry, Physics and Biology/Animal Sciences, and achieve the required Grade B or better. Shortlisting for processing the Maturity Clause is taken via a set Admissions process which goes through a number of checklists. An Interview may also be required.

Further important information can be found under the respective Admissions FAQ

<https://mcast.edu.mt/maturity-clause/>. OR

- Applicants in possession of an MQF/EQF Level 6 (minimum 180 credits) and / or an MQF / EQF Level 7 (minimum of 90 credits) qualification, proving a proper and good quality academic performance, and in an area which is closely related to the subject matter of the MSc in Veterinary Medicine - as well as providing the

foundations needed for this Level 7 programme - will also be considered for any possible short listing leading to possibly considering the application under the Maturity Clause. Based on the content covered (as will be evidenced by the applicant) the Admissions Board will be reviewing and deciding on any waiver in as far as any one of the three Entry Examinations which applicants are expected to sit for aimed at achieving the required Grade B or better. Further information can be obtained by visiting <https://mcast.edu.mt/important-information/>

Other notes related to this programme

Given the nature of the Programme, the number of seats available on this course, are limited. To this effect, the final classification following eligibility achievement will be published as based on chronological order of full and complete application received (submitted by applicant by the deadline as set in the Admissions' Timeline <https://mcast.edu.mt/application-online-ft-mcast-courses/>) AS WELL AS a related classification of scores (highest first) based on points achieved for all qualifications submitted and considered as entry to this programme (including the set Entry Examinations, as will be applicable). Through an Award in Biology, an Award in Chemistry, and an Award in Physics, MCAST organised Preparatory Programmes leading to the Entry Examinations required for entry into this programme Applicants who would be doing a similar Veterinary Medicine course in a recognised EU Institution, can apply for this course and will have their entry eligibility vetted accordingly. Should applicants consider requesting exemptions from certain units of study based on identical units they would have already achieved (from the recognised EU Institution they would be coming from) an RPCL process (as per MCAST RPL procedure) will take off. Applicants would first need to be found eligible for the MCAST Level 7 programme (prior to start of RPCL process). Any other administrative matters related to any previous Scholarships (or similar) which the applicant would have previously availed of, are to be discussed and clarified directly with the respective Scheme Administration, prior to submitting any application for this programme at MCAST.

Postgraduate Certificate in Research Methods

RI7-O08-21p . Applied Research and Innovation Centre

At a glance

MQF / EQF Level:	Level 7
Duration:	1 year . Part-Time
ECTS Credits:	30 ECTS Credits
Work Based Learning:	Not Applicable, does not include WBL

Course Description

This Post Graduate Certificate in Research Methods is the first year of the Master in Research Methods. The MCAST Master in Research Methods (MResMethods) programme is carried out via a taught methodology component that is then developed into a detailed research endeavour that has to be implemented, presented and defended at Master's level. Students will have demonstrated originality in the application of knowledge by designing and developing advanced research skills using specific tools and a robust methodological approach. The programme guides the student towards compiling peer-reviewed research articles at publishable level. It provides the student with sound practical knowledge and experience in preparation for a career that includes a significant research element, as well as in the preparation and training for a research endeavour at doctoral level. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)

Career Opportunities

-

Entry Requirements

A relevant first degree at 180 ECTS or more. OR An MQF Level 5 qualification and adequate professional experience may also be considered for mature students.

Other notes related to this programme

Applicants will need to draw up and submit a formal Proposal for their Research.... which will be vetted by a Board establishing when or whether applicant can be enrolled and registered on the Level 7 Research programme In the absence of above entry requirements, applicants aged 27 years and over, can submit an application under the Maturity Clause.... but must present a recognised MQF/EQF Level 5 qualification (minimum of 120 credits), or its equivalent, in any area of study, together with clear evidence of a minimum of three (3) years (full time) of direct and relevant professional experience. Applicants under Maturity Clause, will be asked to sit for a combined Maturity and Master's Suitability Interview Further important information can be found under the respective Admissions FAQ <https://mcast.edu.mt/maturity-clause/>.

Work Based Learning:	Not Applicable, does not include WBL

Course Description

The MCAST Postgraduate Certificate in Research Methods (PgCert Research Methods) is delivered through a taught programme that enables students to acquire a sound understanding of research methodologies, ethical research practice and research design. Students develop the knowledge and skills required to identify a research focus, critically review the literature, evaluate appropriate methodological approaches, and formulate an ethically sound research proposal. The programme culminates in the design and piloting of a research project, allowing students to apply research methods using appropriate tools and techniques. It provides students with the practical knowledge and experience required to undertake research within their professional field and establishes a strong foundation for progression to the MCAST Master in Research Methods. Fees: Fees apply - Further information through MG2i (MCAST Gateway to Industry)
